SISD enrolls 1,656 before first day of school on Aug. 24

Salado I.S.D. staff are readying themselves for the 1,656 students who have enrolled for the 2015-16 school year, which begins on Aug. 24.

With about 500 bus riders, the school will have more than 1,100 students who walk, bicycle, drive or are driven to school by parents, siblings or friends.

Add to that the construction project at Thomas Arnold (which is expected to be completed before the first day of school) and the southbound access road closure south of Thomas Arnold and the closure of the underpass at Salado Plaza and Cowboys and you have a formula for delays and perhaps even dangerous situations.

Salado police will direct traffic at Thomas Arnold Road at West Village Road, Thomas Arnold at Robertson Road (west side access road) and Thomas

Arnold at Stagecoach Road (east side access road) during the mornings and after school.

School buses will drop off students at the school at approximately 7:15 a.m. each morning.

Superintendent Michael Novotny suggests parents drop off their kids earlier in the morning before the first bell and pick them up a little later in the afternoon (3:30 or 3:35 p.m.). "Traffic gets heavier in the morning as we get closer to the start of school and it is busier in the afternoon right before the end of the school day," he stated.

Enrollment for the schools is currently at 1,656 with 389 students at Thomas Arnold, 481 students at Salado Intermediate, 287 students at Salado Junior High and 499 students at Salado High School.

Salado High football teams scrimmaged Whitney on Aug. 14 at Eagle Stadium. Next up for the Varsity and JV Eagles is an Aug. 20 scrimmage at 6 p.m. in Marlin. The Freshman team will scrimmage Holland 4:30 p.m. on Aug. 20 in Holland. Regular season games begin 7:30 p.m. on Aug. 28 against Troy at the University of Mary Hardin Baylor Stadium in Belton. Sales tax rebate to Village drops 5% for August

Sales tax rebates to the Village of Salado and the Salado Public Library District were both down about five percent from last year's August payments. Meanwhile the state had an increase of 7.6 percent in sales tax allocations compared to August 2014 and the county saw an increase of about 8 percent compared to last year's payment.

The Village of Salado received \$35,517.04 last week, compared to the \$37,403.67 paid last August. For the year, the Village has received \$247,730.97, which is one percent lower than the \$250,701.59 paid through August 2014.

Salado was not the only Bell County city to see a drop in sales tax revenues. Harker Heights was down 8 percent for the 1.5 cent tax it levies, receiving \$569,420.21, but is running 5 percent ahead year-to-date with \$4.38 million

paid so far. Belton saw a sizeable increase in its sales tax payment for August, \$518,044.43, up more than 15 percent over last August's \$449,634.12. Belton levies a 1.5 cent sales tax. Killeen's payment was 11 percent ahead of last August's: \$2.01 million compared to \$1.81 million last August. For the year, Killeen is 6 percent ahead. Temple was also double digits ahead with a 10 percent increase in August: \$1.88 million compared to \$1.71 million last August. For the year, Temple is 3 percent ahead of 2014 with \$13.18 million paid.

A total of \$5.11 million was sent to Bell County taxing municipalities, an increase of 8 percent over last August. For the year, Bell County cities are about 5 percent ahead, having received \$36.03 million.

Bell County, which

Village approves land donation, wastewater service agreements

By TIM FLEISCHER
EDITOR-IN-CHIEF

Salado aldermen approved a Donation Agreement and Wastewater Service Agreement with Sanctuary Development Company on Aug. 17 on a motion by alderman Michael McDougal subject to village attorney and village staff "refining the language" to reflect terms and changes authorized by both parties earlier in the day. The motion also authorized the mayor to execute the agreements no later than Aug. 20.

The motion was approved with no discussion by aldermen, although Fred Brown did offer comment on the timeline and process of arriving at the agreements.

Aldermen did retire into executive session twice during the two-hour meeting.

The first, Mayor Skip Blancett told the full room of about 80 residents, was to learn about the negotiations that were made earlier in the day between The Sanctuary and Village. "I have not been involved in the negotiations this after-

noon," Blancett said, "nor have three of the aldermen. That is why we need to have a time to get our heads together on this."

These final negotiations concerning the Donation Agreement and Wastewater Service Agreement were done on behalf of the Village by aldermen Fred Brown and Frank Coachman.

The Donation Agreement is 12 pages and outlines the donation of land to the Village of Salado by Billie Hanks, Jr.

It defines the property as 6 acres or more of certain real property described in a survey that has not yet been submitted to the Village. Nor has the third-party appraisal of the property been conducted, though it is included as an Exhibit in the Donation Agreement for "Tax-Deductible Contributions" by the donor. The amount is left blank on the agreement document.

Also left blank was the monetary value of the Wastewater Permit. The permit is a Texas Pollutant Discharge Elimination Permit issued by the Texas Environmental Qual-

ity Commission to Salado Utility Company, Inc. for the discharge of treated wastewater into Smith Branch Creek.

Salado city manager Kim Foutz told Salado Village Voice that the property and transfer of the permit were valued at \$400,000, but that figure is nowhere in the agreements.

Salado Utility Company, Inc., at the execution of the agreement "shall execute an application, in a form required by TCEQ to transfer the Permit to the Village."

However, the Donation Agreement stipulates that "The Village shall be responsible for preparation, filing and prosecution of the Permit transfer application at TCEQ, including all costs and expenses associated therewith. Salado Utility Company agrees to reasonably cooperate with the Village with respect to securing TCEQ approval of the transfer of the Permit, but shall be under no obligation to incur any costs or expenses associated therewith."

The Donation Agreement also defines the

terms under which the Village can use the property it accepts: solely as a municipal wastewater treatment plant. If the Village should permanently cease use of the property for a WWTP, then the land may only be used for "public greenbelt, open space, parkland and similar public park, recreational or open space uses."

The Donation Agreement hinges upon the execution of all of the Related Agreements on or prior to Sept. 3, after which time the Donation Agreement shall "terminate for all purposes and the parties shall be without further obligation to each other."

The Related Agreements defined in the Donation Agreement are these: a Development Agreement setting "forth the terms and conditions for development of the Property; a Wastewater Service Agreement providing for wastewater service to be provided by the Village to the Property and "one or more agreements for reimbursement of certain economic incentives by

Landscape regs on Aug. 20 aldermen agenda

By TIM FLEISCHER
EDITOR-IN-CHIEF

Salado aldermen will consider amending the Landscape section of its Zoning Ordinance during their regular meeting 6:30 p.m. Aug. 20, following a public hearing on the proposed changes.

The Planning and Zoning Commission, on a 2-1 vote with two members absent, approved recommending the proposed regulations.

On Aug. 18, P&Z members Larry Wolfe and Ron Coleman voted in favor and Gerry Reihsen voted against. Merle Stalcup and Josh Bratton were absent.

The proposed regulations will require a landscape plan to accompany all site and/or construction plans submitted to the Village for all Multi-Family

and Non-Residential Use projects.

The regulations reference a "Landscape Standards Design Manual," which will include the list of permitted species of trees, shrubs, vines, ground cover and turf.

General requirements include one that states that no more than 50 percent of the required trees and shrubs shall be of the same species without approval of the administrator.

Soils and mulch must also meet the criteria specified in the Landscape Standards Design Manual.

Landscape shall be separated from vehicular use areas by barriers of raised concrete curbing. Landscape beds shall be separated from sod areas by barriers that include steel edging, masonry or another equivalent durable

material. "No plastic materials shall be allowed," according to the proposed ordinance.

Landscape placed in utility easements or public rights of way do not count toward the minimum landscaping requirements.

Requirements for planting of trees are these: Must be 7 feet minimum in overall height and a minimum of three inches in caliper at the time of the planting; must be planted in a pervious area no less than four feet wide measured from the center of the tree and 60 percent of required trees must be evergreen with year round foliage.

Shrubs must be a minimum size of three gallons and planted in a pervious area of no less than three feet from the center of the shrub and no less than 80 percent of shrubs must be

evergreen.

Vines must be a minimum of 30 inches in height at the time of planting and must be used in conjunction with fences to meet screening and buffering.

The landscape ordinance has requirements for turf, groundcovers, and vines. It requires a minimum of 30 percent coverage for non-residential areas as well as the creation of a Sight Visibility Triangle for street, alley or driveway intersection.

The ordinance requires the planting of two large replacement trees for every protected tree that is removed. Protected trees are defined in the Landscape Standards Design Manual.

Plants from the approved plant list must cover 85 percent of the required landscape area and

at least 75 percent of the landscape area must be located in the front and side yard.

A Landscape Buffer is required adjacent to any public street right of way. The buffer requires one large tree to be planted every 30 feet along the frontage of public street rights of way. In the Historic District, trees may not be clustered.

The buffer allows four ornamental trees or two medium canopy trees for each large tree under power lines.

The Landscape Buffer requires berms "not less than 24 inches nor more than 48 inches in height at no more than a four to one slope."

"Meandering sidewalks are required within the Landscape Buffer the entire length of any street

frontage," it states.

Landscape screening of a continuous hedge or shrubs, earthen berms or retaining walls up to four feet in height are required in these instances: parking lot or vehicular use area; fuel pumps visible from the direction of traffic flow; vehicle drive-through windows facing the street or traffic flow.

The Landscape Ordinance also has Residential Front Yard Landscaping Requirements to apply to single family residences, duplexes and townhouse. Those requirements include a minimum of two large trees of at least two inches in caliper or one tree of at least four inches in caliper seven feet high. A minimum of one tree for each 50 feet of lot width measured along the front lot line.

Village to Developer and/or public financing of Developer's costs."

Of these Related Agreements, only the Wastewater Agreement has been approved by the Village and the developer.

Among the provisions of the Wastewater Agreement are these:

A completion date of Sept. 1, 2017 to provide wastewater service within the Property. If the Village fails to meet this completion date, then the Village must provide "pump and haul" service to customers at no cost beyond standard monthly rates for sewer service.

The Village has no obligation to provide wastewater service to any portion of the property that does not meet all of these conditions: the lands to be serviced must be annexed into the corporate limits of the Village; the lands have to be final platted by the Village; Internal Facilities required to provide service to that phase of the development must be operational and have been accepted by the Village; easements and other real property interests have been dedicated to the Village; fees and charges have been paid to Village by applicants.

Under the wastewater agreement, the Village may "extend, expand, maintain, repair, improve, upgrade or otherwise modify all or any portion of the Village System to provide wastewater service to customers located outside the Property, so long as such use does not impair, delay or adversely affect Village's ability to timely provide wastewater services to customers within the Property in accordance with this Agreement.

The Wastewater Agreement establishes that a 300,000 gallon per day treatment plant will be built, expandable to 600,000 gallon per day. The initial plant will serve approximately 1,428 living unit equivalents (LUE). The expanded plant would

service 2,856 LUEs. An LUE is the average use of a residential home of three residents.

Formulas using LUE can determine the usage of hotels, retail uses, restaurants and multi-family housing, all of which are to be developed in The Sanctuary. For example, a single hotel room is considered as a half of an LUE. Restaurants use 25 gallons per seat, so 10 seats in a restaurant would count one LUE.

According to Foutz, the current downtown usage is estimated at 80,000 gallons per day.

There is no estimate of the usage for The Sanctuary. However, Robert Sulaski, CEO of Sanctuary Development Company, told aldermen Aug. 17 of these ultimate plans for the development's 300 acres: 515,000 sq. ft. of commercial retail and office usage; a 40,000 sq.

ft. entertainment venue to seat 1,800 people; three distinct hotel sites for up to 355 rooms of lodging; 575 units of multi-family usage that could include duplexes, apartments and senior living units and 364 single family units.

At complete buildout, The Sanctuary could consume all 300,000 gallons per day of the initial wastewater treatment plant.

The Special Warrantee Deed conveying the land to the Village establishes within the six acres or more of property donated to the Village a "Buffer Zone" of 150 feet in width within the exterior perimeter of the Property. No improvements may be constructed by the Village within the buffer zone except for roads to access the treatment plant, subsurface wastewater lines to the plant and effluent lines from the plant to transport treated wastewater; sub-

surface utility lines to service the plant and a "fence or wall of a design materials reasonably approved by Grantor."

The Grantor (Billie Hanks, Jr.) reserves easement upon, across, over and under the Buffer Zone. The Easement may be used for construction and maintenance of improvements such as landscaping, hardscape, walking trails, gardens and composting areas "to mitigate the impact of Grantor's use and enjoyment of adjacent properties." Further, all improvements within the Buffer Zone by Grantor "shall remain the property of Grantor," except for subsurface wastewater lines and effluent lines.

The Buffer Zone may be as much as five of the six acres of property being donated by Hanks, Jr. to the Village. Here's why:

The linear side of a square six-acre piece of

property is 511 feet, based upon the formula that six acres is 261,359 sq. ft. and an acre being 43,560 square feet. The square root of 261,359 could determine the length of the side of the property at 511 feet if it is a square piece of property. Subtracting 150 feet on all four sides (assuming it is six acres and square) would leave 211 linear feet per side, or 44,521 sq. ft., or just over one acre on which to build the wastewater treatment plant.

With a quickly approaching deadline of Sept. 3 for the approval of other agreements, including the development agreement, economic incentives and public financing through a Public Improvement District (PID), pressure is on The Sanctuary to provide much more information to the Village than has been forthcoming so far.

Tax

FROM PAGE 1A

levies a half-cent sales tax, is also about 5 percent ahead for the year. The County has been paid \$11.54 million so far in 2015, compared to \$11.01 paid through August 2014. The August payment was 8 percent more than last year's: \$1.62 million compared to \$1.49 million in August 2014.

Salado Public Library District, which levies a half-cent sales tax within its 100 square mile boundaries, is trailing last year's payments much like the Village. For August, the Library District received \$26,348.23 compared to \$27,749.38 paid in August 2014, a 5 percent decline. For the year, the Library District has received \$188,251.35, a decline of just over 1 percent compared to the \$191,145.64 paid through August 2014.

Community Life

Body of Christ Community Clinic is Building Smiles for the underserved in Belton and Salado area

The Body of Christ Community Clinic (BOCCC) will hold its second annual Building Smiles fundraising dinner at 6 p.m. on Sept. 1 at Tenroc Ranch in Salado. The event will feature special guest speaker, Dr. Jimmy Dorrell. The "Building Smiles" fundraising campaign is an effort by the BOCCC to raise money for the construction of a new dental clinic to serve those underserved residents in the Belton and Salado ISDs who do not have dental insurance.

Tickets for the event are now on sale and can be purchased from the BOCCC. Individual tickets are \$35. Sponsorships are available which include a table for eight and special recognition, sponsorship levels begin at \$300.

Earlier this year, the former church building at 1508 Oleta Street in Belton was donated. The BOCCC plans to convert the building into a dental clinic. It is estimated that it will cost approximately \$250,000 to convert the building into a dental clinic and purchase additional dental equipment. The Building Smiles campaign was launched in November to begin the effort to raise the needed funds. Thus far about \$75,000 has been raised for the campaign.

The speaker, Dr. Jimmy Dorrell, is the co-founder and the Executive Director of Mission Waco. He grew up in Conroe, Texas and came to Waco in 1968 to attend Baylor University where he majored in religion and received a BA in 1972. He graduated from Southwestern Baptist Theological Seminary with an MDiv in 1978 and received his MA in Environmental Studies from Baylor in 1993. In 2001 he received his Doctor of Ministry degree from Eastern Baptist Theological Seminary in Philadelphia.

Dr. Dorrell is the pastor of the Church Under the Bridge and teaches classes at Baylor University and Truett Seminary in Waco. He has served on many boards includ-

Volunteer work has begun on the former church building that will become the Body of Christ Community Clinic Building Smiles dental clinic. The donation of the building will allow BOCCC to expand from two treatment rooms to six. The clinic will provide services for the uninsured who live in the Belton and Salado ISDs.

ing Teen Pregnancy Prevention Council, Parents as Teachers, Compassion Ministries of Waco, Waco Tribune Herald Board of Contributors, Census 2000 Special Housing Subcommittee Chair and currently the Christian Community Development Association.

He has been honored through awards such as Family of the Year Award-Waco Conference of Christians & Jews, Home-town Hero Award, Citizen of the Year-National Association of Social Workers Waco Unit and Baylor University Alumni's Abner V. McCall Humanitarian Award.

After receiving his degree from seminary in 1978, Dr. Dorrell and his wife Janet moved into the North Waco neighborhood

where they began their call to incarnational ministry, to live among the poor and help bring "good news" through relationships and empowerment opportunities. His passion for the poor and mobilizing the middle-class to become involved in the lives of the poor became the strategy for Mission Waco that continues today.

Music for the event will be provided by Joey Agee & Friends.

The BOCCC is a medical and dental ministry which opened its doors in 2010 to provide care to the underserved populations who live in the Belton or Salado ISD. It is a 501(c)(3) not for profit organization and is sponsored by 14 area churches of various Christian denominations.

Since opening the clinic has had over 6,700 patient visits and has grown from three hours a week to fifteen hours a week. It is staffed primarily by volunteers.

Interior work on the dental clinic is currently underway. When completed, the clinic will have six dental treatment rooms, a reception area, and offices. Currently the BOCCC has only two dental treatment rooms.

Volunteers, who are handy with a hammer, are welcome. For more information about volunteering or to reserve tickets to the event contact Donna Dunn at (254) 939-9500 or donna.dunn@bodyofchrist-clinic.org

Central Texas Beekeeping Club meets Aug. 30

The local Central Texas Beekeeping Club invites all who may be interested, to attend our monthly meetings held the third Thursday of each month in Copperas Cove.

Learn about bee-keeping, how to keep bees or/and share your knowledge with the club.

The group will meet at 7 p.m. Aug. 30 at the Trinity Worship Center, 1802 Marthn Luther King Jr. Blvd., Copperas Cove.

Meetings are open to the public.

For more information, contact Jack Isbell at 254-526-9173.

Iona Van Os Floyd of Austin is happy to announce the engagement of their daughter, Mikela Floyd to Baines Kinnison, also of Austin.

Mikela, the daughter of the late Michael Ray Floyd, is an Austin resident and a writer and editor at Whole Foods Headquarters.

The prospective groom is the son of longtime Salado residents Bill and Karen Kinnison. He is the Owner/Operator of Austin based sound and light production company Kinnison Audioworks Sound. He is a light technician for Kinnison Audioworks and event technology specialist for PSAV Austin.

The prospective bride graduated from Bowie High School in 2003 and St Edwards University in 2008 with a degree in Communications and in addition to her work at

Whole Foods International HQ, she is a contributing writer to two Austin magazines: Tribeza and Austin

Monthly. The couple will be married on May 14, 2016 in the historic chapel of the

Salado United Methodist Church in a double-ring ceremony.

Deubner offers group healing at The Yoga Room Aug. 22

The Yoga Room will host Renée Deubner for a group healing and channeling session 10 - 11:30 a.m. on Aug. 22. Individual 20 minute sessions are available by reservation from 12:30 - 3 p.m.

Deubner is president of Mother Mary's Journeys, where she creates sacred connections to Mary through art, healing and

spiritual travel. More information on group healing and channeling can be found at MotherMarysJourneys.com

To reserve a space at the group session, email saladoyoga@gmail.com or call or send a text to (254) 791-9440.

Temple Belton Community Bible Study registration 1 and 2 Corinthians

The Temple - Belton Community Bible Study adult evening class is currently registering members for next year's 30 week in-depth interdenominational Bible Study of 1 and 2 Corinthians.

Beginning Sept. 14, the class will meet on Mondays from 7:30 - 9 p.m. in the small sanctuary of First Baptist Church of Belton, at Sixth and Main Streets, Belton. Individuals may choose to participate in core groups for young adults, men, women, or married couples.

Each week participants receive a reading commen-

tary on the previous week's topic and a set of questions to work on each day covering the next week's reading. These questions are discussed in small groups of about fifteen. Following the small groups there is a short teaching over the same section of Scripture.

The class will break for Christmas and spring vacations and finish at the first of May.

For additional information, contact the class coordinator at (254) 773-1842 in Temple or the class associate teaching director at (254) 526-9128 in Killeen.

What a privilege to be a Christian in the USA! We live in a remarkable time and place. We have tremendous freedom and resources with which to exercise and to enjoy our faith. Not so in other parts of the planet! We have millions of brothers and sisters who live under oppressive regimes which persecute them because of their faith in Jesus. Shouldn't we do something about that? Join us at Grace this Sunday morning, and let's talk about it.

FORUM

An Open Exchange of Ideas

Donald the Whiner

Donald Trump is given to superlatives, so let's do him the honor of pronouncing him the most fabulous whiner in all of American politics.

By Trump's own account, he's the baddest, smartest thing going, except if you ask him a challenging question, in which case he kicks and screams and demands to know how anyone could treat him so unfairly.

Trump followed up his shaky-at-best performance at the first Republican candidate debate, hosted by Fox News, with days complaining that he hadn't been afforded the respect he deserves.

According to Trump, he'll bring Vladimir Putin to heel. He'll make Mexico pay for a border fence. He'll take the Middle East's oil. Assuming, that is, no one says a discouraging word to him. Then he'll lose it.

The mogul did indeed get a series of tough questions from the Fox debate moderators (disclosure: I'm a Fox News contributor). But Trump, as Trump always reminds us, is leading in all the polls. It is not unusual -- indeed, it is to be expected -- that a front-runner gets more

Rich Lowry

scrutiny than the also-rans. Fox anchor Megyn Kelly asked him about how he would respond to inevitable attacks from Hillary Clinton in a general election over his crass insults of women through the years. This set Trump off, but does anyone think if, say, Jeb Bush had ever called woman a pig or a dog, he wouldn't get asked about it, too?

Trump handled the ensuing flap with his typical aplomb and class, which is to say he flailed about wildly and hurled witless insults. He denied that he said the things Kelly alleged he had, even though he did. He called Kelly an overrated lightweight. Finally, he bizarrely said that "there was blood coming out of her eyes, blood coming out of her wherever."

When this was interpreted as a reference to her menstrual cycle, Trump objected that there was no way he possibly could say something so crude -- all evidence to the contrary notwithstanding. He also

insisted that when he said "wherever," he had been about to say Kelly's nose or ears, but stopped himself to get on with more important points -- which happened to be more insults of Kelly.

For someone who prides himself on being the bold truth-teller, Trump has a penchant for trying to litigate his way out of his controversial statements. When he said a few weeks ago that John McCain wasn't a war hero, he backtracked and tried to prove that he hadn't said what he obviously had.

If "never complain, never explain" is a good rule of life, Trump is 0 for 2.

If he didn't want to be wrong-footed on the biggest stage of the campaign so far, he could have thought about what questions he might have been asked and about possible answers. This is what candidates have done before debates since time immemorial. Trump was satisfied with Plan B: to wing it and, when it didn't go to his liking, whine like a spoiled child who didn't get a pony for his birthday.

Rich Lowry is editor of the National Review. (c) 2015 by King Features Synd., Inc.

We get mail about generosity, Legends & overpopulation of deer

To the Editor:

Salado shines again! Thanks to the generosity of people in Salado, 117 eligible Salado I.S.D. students were provided new school supplies and backpacks.

The Salado Family Relief Fund's Back To School project began in 2002. This program has helped more than 1,400 students, Pre-K to 12th grade, be better prepared for learning.

You have shown the students a shining example of kindness. Your interest in them encourages them to be all that they can be.

The Salado Family Relief Fund Directors are grateful to you for helping children be ready for the important first day of the

Your Voice

Letters to the Editor

2015-2016 school year.

Mary Catherine Ervin
Salado Family Relief Fund

To the Editor:

I feel the recent vote of the Village Alderman as to feeding deer and the bow hunting issue was a setback in the health, well-being, and good of Salado.

I have studied this issue, written articles for the local paper and discussed with numerous folks in our city. I attended an all day workshop on addressing conflict with deer in our communities at Texas

State University in San Marcos back on May 29.

Over the last 20 years we have noticed a progressive increase in the deer population.

We can expect a health issue with the deer herd, destruction of more landscape, an increase in car crashes, and increasing Lyme disease. I strongly fear a car crash and death on Interstate 35.

As the herd increases, poor health and decreased immunity occurs. Their antlers may become deformed. We haven't seen

CONTINUED ON PAGE 7A

Sometimes it is hard when "getting somewhere" does not seem possible.

When Thomas Carlyle had finished the first volume of, *The French Revolution*, he gave the finished manuscript to John Stuart Mill, and asked him to edit it.

After reading several days, Mill realized it was a great literary achievement. Late one night as he finished the last page, he laid the manuscript by his chair and went to bed. The next morning, the maid, seeing the papers on the floor, thought they were discarded. She threw them into the fire, and they were burned.

On March 6, 1835, Mill called Carlyle in deep agony and told him that his work had been destroyed. Carlyle replied, "It's all

Mayor Skip Blancett

right, I can start over tomorrow and do it again."

After great apologies, Mill started home. Watching him leave, Mill told his wife, "I feel bad. I did not want Mill to see how crushed I am."

Then sighing, he said, "Well, the manuscript is gone, so I better start writing, again."

It was a long, hard process; difficult to recapture the verve and the vigor that was evident in his first

manuscript. But he kept on writing and finally the work was completed.

Like Carlyle, our road seems bumpy and the way fraught with difficulties but we will make it -- the sewer will come; the construction will end; business will improve; Village roads will be better; ordinances will be modernized; and the weather will be cooler. There is light at the end of the tunnel and it is not a train. Like Carlyle, we will re-write our manuscript, tell our story with laughter and tears, and when it is over, give a high-five and shout "we did it!"

We are in this together and together we will overcome.

Throwing public education under the school bus

Today's fee frenzy is a race to nowhere.

Public education used to be, you know, public — an essential societal investment for the betterment of all, paid for by all through school taxes.

In addition to privatization schemes to turn education over to corporate profiteers, public schools themselves have steadily been shifting from free education toward what amounts to fee education. This is a product of the budget slashing frenzy imposed on our schools in the past 15 years or so by the convergence of Koch-headed, anti-public school ideologues and unimaginative, acquiescent education officials.

Beset by tight budgets, too many school systems are accommodating the slashers by shifting the cost of educating America's future from the general society to the parents of

students who are presently enrolled.

Does your child want to play a sport, take a class trip to a museum, or participate in a debate tournament? Pay a fee. Do your kids want to take art, music, drama, or other arts classes? Pay a fee. Does your school make kids wear uniforms? Pay a fee.

And now comes a new level of monetizing public education — the ubiquitous yellow school bus. Yes, just getting to and from school is increasing-

ly being treated not as a necessary public service, but as a private luxury to be billed to families with school-age students.

Districts in California, Colorado, Hawaii, Illinois, Massachusetts, Texas, and elsewhere are charging up to \$600 a year per child. For the poor and the downwardly-mobile middle class that's a real hit — yet another barrier to educational access for America's majority. What's next — a daily debit-card deduction for kids to enter their classroom at public schools?

If our society won't even pay for bus rides, how are we going to get to the future we want for our children? It's time to reject the small-minded budget slashers, reinvest fully in public education, and get America moving again.

TEXAS PRESS ASSOCIATION

Letters FROM 6A

Chronic Wasting Disease a form of Mad Cow disease yet but it has wiped out herds in other states. Hemorrhagic Disease is present in South Texas and may well move in this direction.

The citizens should study the issue and take the advise of Texas Parks and Wildlife seriously. The first thing they recommend is "Stop feeding the deer"!

The City should sponsor an educational Town Hall Meeting. The Texas Parks and Wildlife Department will provide this on request.

I support bow hunting in and around Salado and will encourage this on private lands starting Oct. 4. This is the most economical means of management!

I found the advertisement by Monteith Ranch in the *Salado Village Voice* interesting. Trapping and relocation requires a permit from the TPWD for both the trapper and the recipients. The Council should consider the cost of trapping in their budget for next year. Numbers range from \$100 to \$300 per deer.

With all due respect,
Thank you,
Lewis Raney
Salado

To the Editor:

Salado Legends has come a long way! And every year we learn another lesson. This year's lesson learned was: Mules are stubborn and will only proceed when they want to do so! Ah the beauty of Live Theater!

Our Salado Mayor, Skip Blancett, welcomed visitors, new residents of Salado and gave Legends a rousing opening on August 1st. Even with I-35 under construction, there were attendees from Houston,

Dallas, Fort Worth, Raymondville, Wichita Falls, Arlington, North Richland Hills, Spring, Denison and all of the Central Texas towns surrounding Salado. Out of the 850 attendees to the three performances, approximately 20 percent of that number signed the visitor slips that gave us names of towns, and 28 people marked either a Salado Bed and Breakfast or Motel where they laid their heads down to sleep. This gives us only 20 percent of the picture, but that is enough to give us a trend. What if all 850 attendees had filled out the attendance forms?

On the last performance we awarded scholarships to 23 cast and crew members. Pleased donors were on hand to present their awards, and smiling recipients in costume were delighted to accept financial help with tuition. Scholarships from \$200 to \$1,000 were awarded making a total of \$12,550 that you gracious donors and Tablerock

contributed. This year we were proud to have present many of our original musicians who wrote scores for songs: Dr. Robert Cortes who not only created music to "Culture, Culture, Culture," he was an actor for several years and is a generous scholarship donor; David Glaze from Austin who has a band and arranged the score for "What's to Become of the Younger Generation" and graciously escorted

me (the older generation) to the stage; and then there was Wayne Gardner who in 1992 converted his garage into a recording studio and recorded the first music and sound effects for Salado Legends. Wayne has a smattering of Cherokee blood that shows up in his resounding voice as he tells the Legend of Origin of the Tonkawa Tribe via the recording that he made 24 years ago and is still in use today.

The Salado Legends families are looking forward to the next gathering of "Our McDougal Clan" to feast on the home cooked dishes, watch the 2015 movie so laboriously filmed by Michael Cahoon as we rehash and relive all the fun and friends made this summer.

Thank you Salado for the memories,
Jackie Mills

Lady Eagles Volleyball place sixth at TexFest

Salado Lady Eagles participated in the 2015 Wimberley TexFest volleyball tournament last week, placing sixth in a field of 27 teams.

The Lady Eagles came out on fire Aug. 13, sweeping the day in pool play beating Quinlan Ford, Lockhart, Geneva of Boerne and Marion. They advanced to the Gold Bracket on Aug. 15.

In the Gold Bracket, the Lady Eagles beat St. Andrews and lost to Peaster. They then went on to beat

Geneva of Boerne to advance to the Gold – Consolation game. They ended up losing to Wimberley, the host team.

Cheyenne Vaca, Salado High School Lady Eagle senior, outside hitter, earned all-tournament honors at Wimberley.

The Lady Eagles will participate in the Gatesville Tournament on Aug. 20 and 22 and will play in Belton on Aug. 21.

The Lady Eagles began the volleyball season Aug. 10 with a straight-set

sweep of Troy: 25-19, 25-16 and 25-12.

Payton Dreitz and Vaca both had two blocks.

Vaca led the squad with 11 kills and four aces.

Tori Dekay had 10 kills and Malory Schattle had two aces.

Meagan Hill led the team with 27 assists. Schattle led the team with 19 digs while Kierstan Osborn had 14 digs.

Salado Freshmen swept Troy 25-20 and 25-11, led by Sami Bourque as player of the game.

The Music of George Gershwin featured at Chapel at Caliber Oaks concert

The Great American Composers Concert Series featuring George Gershwin will benefit The Children's Advocacy Center of Central Texas.

Chapel at Caliber Oak will host a reception at 6:30 p.m. to be followed by the 7 p.m. performance on Aug. 23.

The Great American Composers Concert Series includes performances by The Horton Duo, Jason P. Francis, baritone and Jeanne Williams, soprano with David Perez-Guerra on piano. The evening will be narrated by movie and film historian Paul Francis.

The Horton Duo Jeff and Sandi Horton from Waco, are known for jazz standards, Broadway hits, classical, Beatles, Celtic, Spanish, Portuguese and Greek music.

They are both classically trained with college degrees in music. After decades of serious music, they are now playing music on their own terms, choosing songs and venues that they enjoy.

Jeff plays guitar, mandolin, Portuguese guitarra

Jeanne Williams, LPC, NCC will be joined by Jason P. Francis, David Perez-Guerra, The Horton Duo and narrator Paul Francis for an evening celebrating the music of George Gershwin

ogy, as an addendum to running her private counseling business in Waco. But lately, Jeanne wrests with the idea of writing a show that will, hopefully, engage others in this magnanimous cause for acceptance, awareness and treatment for those who live with emotional strife.

As his mother recalls, Jason P. Francis his music career began at age 3 when he was found playing the "meow mix" commercial theme song by ear on his grandparents' piano. Soon after, he began taking piano lessons and performed his first recital at age 6 playing Beethoven's Fur Elise. He went to study piano throughout his school years and into his college career as a piano performance major.

Whilst at the University of Mary Hardin-Baylor, Jason also studied vocal performance and organ performance, declaring a triple primary in his musical studies.

Jason has had the opportunity to perform all over the world as a singer with the Continental Singers and Orchestra, his family's ministry, and his solo career. His career has taken him to some of the finest venues including concert halls, churches, cathedrals, and auditoriums throughout more than 40 of the United States in such cities as Los Angeles, Dallas, Chicago, Philadelphia, and New York. His travels have also led him throughout Western Europe and the United Kingdom including performances in London, Liverpool, Glasgow, and Belfast.

SEE GERSHWIN PAGE 2B

and bouzouki and Sandi plays alto, soprano, and tenor recorders plus percussion.

From blues to Broadway, Jeanne Williams loves to sing. Dual master degrees in both music and psychology, led her to perform in venues across the United

States and Texas. Her life's journey as a music director, singer, vocal instructor, therapist, and speaker, have energized each morsel of Williams' musical artistic involvement. She frequently leads seminars, workshops, and classes in both music and psychol-

FROM 1B

Paul Francis enjoys the Turner Classic Movies Network and has attended several Turner Classic Movie Film Festivals in Hollywood. There he had the opportunity to hear some of the stars interviewed, as well as talk with some of them himself while attending the festival. He enjoys classic films of all genres particularly the classic musicals. He and his son Jason have been working together for several years in preparation of bringing these songs of the silver screen to life. Paul is excited about having the opportunity to share his love and knowledge of classic movies and music from the movies to The Great American Composer's Concert Series.

Tickets for the evening are \$25 per person. RSVP to Denise Thomssen via text or call at (254) 760-1590. Seating is limited.

Chapel at Caliber Oak is located at 5235 Royal Street in Salado.

♣ A 7

The bidding:

South West North East

1 ♠ Pass 2 ♠ Pass

4 ♠

Opening lead — four of diamonds.

Poor West could not believe declarer would make

such a play holding the K-10 of diamonds. Anxious to get a club return from partner, West played his eight, expecting East to win with the ten or king.

One can only imagine West's shock when the nine won the trick, and his further chagrin when South next led a club to the ace and discarded dummy's 9-6-5 of clubs on the K-10-7 of diamonds. When the smoke cleared, South had made all 13 tricks for a top score.

The architect of this fine play, which might lose a trick but might also gain one, was Mrs. Godfrey Stone of Detroit. West, as we said before, shall remain nameless.

Salado hosts State-Wide Visual Arts Competition

The Salado Village Artists and the Public Arts League of Salado have announced a juried art competition for 2015.

The arTexas Competition is open to adult artists, and high school students.

Awards and scholarships totaling over \$3,000 will be distributed to competitors in seven visual art categories: Acrylic/Oil, Drawing (Pen or Pencil), Fiber Art, Photography (not enhanced), Sculpture/3/D, Watercolor, Pastel and Mixed-Media.

Registration information is available at saladovillageartists.com. Entry fees are \$20 per high school entry and \$30 for adults with a \$5 per entry discount for registrations received by Sept. 15.

Art will be juried upon submission 9 a.m. - noon on Oct. 3. Pieces not selected for the show need to be removed that afternoon. A three-panel jury will select winners.

An award reception will be held at 6 p.m. on Oct. 8 to announce the winners.

The arTexas exhibition will be open 9 a.m. - 5 p.m. Oct. 9 - 23 at the Salado Civic Center on Main

Street.

High School Students and College Students are eligible for Scholarships including a \$500 Claudia Stubblefield Outstanding Artist Memorial Scholarship.

Other special awards include a \$1,000 Lorraine E. Peterson Grand Prize Memorial award and the \$500 Lester Stubblefield Sculpture/3D Memorial award.

Sponsors for the event are Virginia Robertson, Eve and Bryan Fritch, The Public Arts League

of Salado, Judith Sparkman, The Salado Village Artists, Rick and Shannon Ashe, Salado Collision & Restoration, Integrity Rehab, Broeker Funeral Home, Carla K. Wright, Nancy H. Healey, Nolan Creek Winery, La Riv Italian Cuisine, Solas Gallery, Anytime Fitness Salado, The Best Li'L Hairhouse in Temple, and Skip and Gayle Blancett

For more information visit saladovillageartists.com, call (254) 718-5388, or email arTexas@saladovillageartists.com

YOUR NEIGHBORHOOD'S BEEN REZONED OR HADN'T YOU HEARD?

KEEP THE LIGHT ON PUBLIC NOTICES

When local governments make decisions they are required to publish a newspaper notice to let you know. But that could change. Local governmental entities across the state want to bury their public notices on little seen, rarely visited government websites. What you don't know will affect you personally! If it is not in the newspaper, you won't know about it.

Salado Volunteer Fire Department Report Aug. 10-16

Aug. 10
 3:35-3:59 p.m., 1420 N. Robertson Rd. (Robertson's Hams). Out to a truck smoking, unknown if it was on fire. Arrived on scene to find both back axles on truck with heavy smoke but no flames. Driver had unhooked from trailer and said brakes overheated. Took and cooled everything down with 500 gallons of water. Once everything was cooled off and no more smoke all units cleared. 2 units, 5 personnel.

6:43-6:55 p.m., 281 NB IH-35 Service Rd. Out to 281 NB IH35 for a male patient sitting by me. Salado Police arrived on scene and advised us that patient was ok and was waiting for gas. No contact with patient. All units cleared. 2 units, 3 personnel.

Aug. 11

2:07-2:43 p.m., 301 N. Stagecoach. Out to a patient overheated at City Hall. Arrived on scene to find a male patient sitting in chair with ice pack on back of neck and drinking a bottled water. Got vitals on patient and medical history and charted them. Patient had been walking from Georgetown since 10 a.m. with no water. A bystander pick him up and dropped him off at City Hall. Patient was complaining of nausea and head ache. Scott & White arrived on scene and report was given to them. Scott & White took over patient care and transported. All units cleared. 2 units, 3 personnel.

8:58-9:39 p.m., 11700 Block FM 2843. Out priority 1 hem/lac. While en route was changed to priority 1 chest pain. Arrived on scene to find 51 year old female patient sitting on couch. Patient complaint of discomfort to her lower abdomen region. Patient stated she has not felt right since last Thursday. Patient also complained of stiffness to neck. Obtained and charted initial vitals. Obtained sample and Scott & White arrived on scene. Provided patient report and turned care over to Scott & White medic. Patient walked to ambulance and climbed into truck. Scott & White transported and all units cleared. 3 units, 6 personnel.

Aug. 12

12:26-1:16 a.m., I-35 SB Frontage Rd. at MM 285 (Cowboys BBQ). Out to a Motor Vehicle Collision. Arrived on scene to find 2 female patients.

Patient #1 27 year old female with left side pain. Began rapid trauma assessment and obtained sample. Started applying C-collar when patients stated that collar was giving her discomfort. Continued to hold c-spine as Scott & White arrived. Scott & White medic took over c-spine control. Provided patient report and turned care over to Scott & White. Scott & White performed focus examine and cleared c-spine. Patient refused transport. Scott & White with documentation. Both patients left scene. All units cleared. 2 units, 4 personnel.

Aug. 13

4:46-5:24 p.m., 5000 block Elmer Grove Rd. Out priority 3 to a fall victim. Arrived on scene to find 80 year old male sitting in chair. Patient's wife stated that patient had fell in bedroom approximately 2 hours prior. Patient was aware with no complaints. Performed rapid trauma assessment. Patient stated there was slight pain in left hip on palpitation. No other issues found. Obtained and charted vital signs. Belton Fire Department on scene. Provided patient report and turned care over. Assisted with walking patient to front door to get on stretcher. Patient loaded into ambulance via stretcher. Transported by Belton Fire Department. All units cleared. 2 units, 2 personnel.

Aug. 14

7:02-8:43 a.m., Main St and Pace Park Rd. Out in reference to a possible man down. We arrived on scene to find a male asleep in driver's seat of his car, blocking the intersection of Main and Pace Park. We were able to wake him up. He stated he had been drinking with friends in Austin and was on his way home in Pflugerville. Police Department was called as the man seemed to be in an altered mental status. Police and DPS arrived on scene. All units cleared. 3 units, 4 personnel.

12:19-12:52 p.m., 11100 Block 2484. Out to a rollover Motor Vehicle

Accident at 11100 Block FM 2484. Went en route and arrived on scene to find vehicle on it's side with all occupants out of vehicle. Harker Heights medic arrived on scene and patient care was turned over. Medic transported one patient and got a refusal on the other. All units cleared.

Aug. 15

1:36-2:14 a.m., 1900 Block N. Stagecoach Rd. behind (Holiday Inn Express). Out priority 3 Abdominal Pain. Arrived on scene to find approximately 25 year old male sitting on front porch holding stomach. Approached patient and began trying to obtain history. Patient spoke no English. This responder does not speak Spanish. Roommate was summoned from house to try to establish communication. Belton Fire Department arrived on scene. Belton Fire Department was not able to communicate through roommate. BFD phoned bi-lingual fire fighter. Patient assessment was conducted via help of translation over phone. patient denied any further treatment. BFD with no transport documentation. All units cleared. 1 unit, 1 personnel.

Aug. 16

5:02-5:26 p.m., FM 2268 and Armstrong Loop. Out to a grass fire. Arrived on scene to find a small grass fire in a field. Took approximately 500 gallons and extinguished the fire. Once there was no smoke showing all units cleared. 4 units, 8 personnel.

7:58-8:06 p.m., 700 Block College Hill. Out to 700 Block College Hill Dr. For a medical alarm. Arrived on scene to find the patient at front door. Patient pushed button on accident, patient was okay. All units cleared. 2 units, 4 personnel.

9:02-9:25 p.m., 7000 Block Solana Ranch Rd. Out to Solana Ranch Rd. for a 2 year old male patient locked in vehicle. Arrived on scene to find the baby out of the car. Parents broke glass to open door. Parents did not want baby checked out. EMS canceled and all units cleared. 2 units, 4 personnel.

Small Business Workshops Schedule

The Central Texas Business Resource Center provides workshops to anyone interested in starting or growing a business. These workshops will be hosted at the Workforce Solutions of Central Texas. **Mentorship Series:** Understanding work comp and health claims.

Tracy Beeman introduces **WellnessWorks**, which is a program through Seton Medical Center that helps entrepreneurs learn how to understand workers comp claims and occupational health concerns. We will also discuss preventative health and wellness benefits for both the commercially insured and not. (Concept/Start-up/Growth/Mature).

Mentorship Series: Meeting with an accountant

Tamara LaBombard is a Certified Public Accountant and also a small business owner. She will discuss small business entity selection, small business taxation, and personal tax returns for the small business owner. (Concept/Start-up/Growth/Mature).

Reserve a seat at least one day in advance by phone at (254) 200-2001 or e-mail Aimee0703@workforcecelink.com. All classes above include all materials and are conducted at the Killeen Workforce Center, 300 Cheyenne, Killeen, TX 76542.

Contact the Central Texas Business Resource Center with any questions about this press release to Aimee0703@workforcecelink.com or call 254-200-2001.

The Central Texas Business Resource Center (the BRC) provides high-quality business counseling, training, and assistance to potential and existing small business owners. Workforce Solutions of Central Texas, the Greater Killeen Chamber of Commerce and Central Texas College support this non-membership, not for profit collaboration

CAC to host Art Therapy for local Veterans

(Temple) – The Cultural Activities Center will host an art therapy class for local veterans on August 24, at 11:30 a.m.- 1p.m. Part of an ongoing collaboration with the Department of Veteran Affairs' Psycho-social Recovery Resource Center (PRRC), the class is led by Angela Mowery and will be an acrylic mandala painting on canvas.

As a peer support group under the Mental Health & Behavior Medicine department of the VA, the PRRC's main goal is providing mental health ser-

vices for veterans suffering from severe and persistent mental illness, including post-traumatic stress disorder. For Kerry Lewis, peer support specialist at PRRC, this goal is achieved in part by reconnecting members with community resources and getting them back involved to keep on enjoying living. By partnering with the CAC in monthly art classes, members are closer to meeting this goal.

"It's going to be great, because the veterans are going to be doing hands on activities, and learning

new things and gaining resources," Lewis said. Most of the veterans in the area are from all over the country. After being discharged into Fort Hood, veterans don't have a history of the Temple/Belton/Killeen community where they reside now.

"Due to the psychosocial stressors vets encounter, they are afraid to venture out on their own in the community," noted Johnny Twyman, a veteran who attended the class. "With the new partnership with the CAC, they get

opportunities to interact with others in a safe, low-stress environment and express creativity."

The Cultural Activities Center provides opportunities for citizens to visit its galleries daily and participate in art enrichment programs offered by the CAC. Art programs can inspire both young and old and are open to anyone interested in group art activities. The CAC coordinates guided tours for groups or bus tours, when scheduled in advance, and offer activities such as fused glass,

clay, painting, dancing, and more.

"Finding a creative outlet through hands-on art activities is healing," said Kristen Reichert, visual arts director at the CAC. "It frees your mind and takes the focus away from daily stressors and sources of anxiety. We are honored to provide that opportunity to the men and women who have served our country." Any veteran interested in attending the class this month can contact Kristen Reichert at visualarts@cacarts.org Class participa-

tion is free to all Veterans, a \$5 lunch is optional; however, all must be registered in advance by contacting the CAC 254-773-9926.

The CAC is a non-profit organization that has been serving the community for 56 years. The organization strives to live out its mission to provide art enrichment to all ages in Central Texas and beyond. The CAC posts daily and weekly events on Facebook and online at cacARTS.org. To coordinate a tour of the exhibits or to schedule classes, call 254-773-9926.

BBB offers advice for choosing a trustworthy air conditioning repair company in the hot summer months

Summer is nearly over, but the temperatures are just warming up. This month, Texas residents have seen temperatures reach 100 degrees and higher. It comes as no surprise that consumers have their air conditioners on full blast.

Unfortunately, your electricity bill is proof that it costs to stay cool through the summer. Also, constantly running the air can result in a broken or damaged air conditioner.

According to Energy.gov, air conditioners use approximately five percent of all electricity produced in the U.S., which costs homeowners more than \$11 billion per year. For

tips on how to cut your home cooling costs, check out the Energy Saver infographic.

If your air conditioner needs a bit of work or is not cooling properly, annual maintenance can help improve efficiency and prolong the life of your unit. Common air conditioner problems include a low or leaking refrigerant, issues with the thermostat, a clogged drain or a dirty filter. Better Business Bureau (BBB) serving Central, Coastal, Southwest Texas and the Permian Basin advises businesses and homeowners get their air conditioning units checked or repaired by a trustworthy

professional. Nationally, BBB received more than 700 complaints against commercial and residential air conditioning contractors and repair companies between May – Sept. 2014. Most complaints against air conditioning contractors and businesses report issues with customer service, services performed and repair.

To avoid getting burned by an air conditioning business, BBB advises you to:

Consult your owner's manual. Before doing anything, check the warranty on your current air conditioning unit to determine whether any tune-ups,

repairs or replacements may be covered. Know the model of your system and the problem – this will make it easier for the contractor to find the source of the problem and fix it faster.

Hire a professional to maintain your heating and cooling system. Arrange for annual maintenance with a qualified technician. This includes checking the airflow through the evaporator coil, testing for leaks and for the correct amount of refrigerant, checking the accuracy of the thermostat and ensuring proper airflow to each room.

Research the company. Visit bbb.org for the BBB Business Review of any

air conditioning service or energy auditor you plan to hire to learn details about the company, like its history of complaints. Also, ask around for references.

Check Licensing. The Texas Department of Licensing and Regulation requires a license for heating, ventilation and air conditioning technicians and electricians. Ask to see a copy of the license before work starts.

Compare prices. Get at least three estimates in writing. All bids should provide a full description of the services provided and the materials used.

When you have chosen a contractor, be sure the contract is in writing.

Tips for maintaining your air conditioner:

Replace air filters. Routinely replace or clean your air filters – it can lower your air conditioner's energy consumption by 5-15 percent.

Inspect window seals. For window air conditioners, check the seals to make sure cool air is not escaping.

Check the air conditioner's evaporator coil every year. Also, clean it as necessary. If your coil fins are bent, use a "fin comb" to straighten them.

To find a BBB Accredited air conditioning contractor that you can trust, go to checkbbb.org.
