Spring's not here -- just yet

Early spring-like weather last week collided full force with a wintry mix of ice and rain early this week. June Ritterbusch took this photo showing Carolina Jasmine outside of her business Salado Wine Seller on North Main St. The vine bloomed early this year (as it did last year) with the onset of warm weather. Icicles drip from the delicate flowers. Salado schools opened late on Feb. 24. Salado volunteer fire department chief Shane Berrier reported that the fire department responded to only one minor accident due to road conditions this week. (PHOTO COURTESY JUNE RITTERBUSCH)

Aldermen approve variance with caveats

By TIM FLEISCHER
EDITOR-IN-CHIEF

Acting as the Zoning Board of Adjustments (ZBA), Salado aldermen at their Feb. 19 meeting granted a variance to the Zoning Ordinance requiring accessory buildings to be placed in the rear yard of residentially-zoned properties.

The variance did not come without specific requirements, nor did it come without opposition from neighbors of Curt and Laurie Ducet, owners of the property at 400 Hay Meadow in the Salado Creek Place Subdivision off of Center Circle and Indian Trail.

Following a public hearing on the matter in which only the Ducets spoke in favor of granting the variance, aldermen voted unanimously to grant a 45-day variance to allow placement of a 14 ft. by 24 ft. accessory building during which time the Ducets would seek approval from the architectural review committee of Salado Creek Place for the plans they have drawn for the entire property, including expansion of a small home that was placed several years ago.

According to former owners of the property, the original building moved onto the property from its Center Circle location was intended to be an artist's studio, not a dwelling. Another owner of the property used that "studio" structure as a home. Another small building was moved onto the property in a subdivision that requires homes to be a minimum of 2,500 sq. ft.

The current structure is listed at 792 sq. ft. of living area and 1,383.5 sq. ft. of open porch according to

Bell County Tax Appraisal District.

But the original architectural committee for the Salado Creek Place subdivision consisting of the late Jack Buchanan, Sam Feaster and Tim Brown had through lack of use become for all intents and purposes defunct. The two buildings were allowed to stand despite the opposition of other homeowners in the subdivision until recently when a metal storage shed was moved onto the property that has Salado Creek frontage.

The Ducets explained to aldermen and showed rough plans for expansion of the original structure to a much larger home that would overlook Salado Creek. The plans include a separate garage structure that would sit between the home and the street. The plans expand the current structure to be the main residence and will move the storage accessory building to what would be a side yard, rather than the rear yard, as defined by the Zoning Ordinance.

Because of the amount of property in the flood plain, the Ducets say that they are limited in the placement of the accessory building.

Opposition to the variance came from several neighbors in Salado Creek Place, including adjacent neighbors to the Ducets on Hay Meadow and Center Circle, who claim that allowing the variance would further impact the property values in the area because the original structure itself does not meet the standards set out in the architectural deed restrictions.

City manager Kim Foutz told aldermen acting as the ZBA that ordinances do not deal with deed restrictions and that enforce-

ment of deed restrictions rests with homeowners' associations.

"If they meet our codes," she said, "we have an obligation to approve them."

However, the placement of the accessory building fails to meet the code and the owners appealed to the ZBA for a variance because strict application of the code creates an undue hardship on them as owners of the property. The Ducets state in the variance request that the storage building will be used during the expansion of the primary building. "Once the addition is complete the current location of the accessory building will be at the rear of the completed residence and main dwelling and will be made to march the home with brick/stone upgrades and landscaping," according to the variance request.

However, neighbors such as Will Morris state that the main dwelling is "not just a fixer-upper" and that it cannot be made to meet the standards set out in the deed restrictions. "It's a tear down," he said.

Keith Markham, owner of property at 408 Hay Meadow, said that before the current owners bought the property, they were made aware of the problems existing with the building. "It was sold as land, not as a home because the current owners did not meet the requirements in order to be sold as a home in this subdivision," he said.

Chris Seaton, 509 Indian Trail in Salado Creek Place, said that every other owner in the subdivision had met the "requirements that we all agreed to meet under the deed restrictions."

The deed restrictions, Seaton said, "maintain our

property values."

He added that "nothing about the primary structure meets the deed restrictions for this neighborhood."

The architectural committee for Salado Creek Place may have to be reconstituted before it can consider the proposed construction.

BOARD GIVES

NOD FOR VULTURE

ABATEMENT EFFORT

Aldermen approved an agreement with the U.S. Department of Agriculture Animal and Plant Health Inspection Services in cooperation with Texas Wildlife Services and granted an exemption to the 2008 Fireworks Ordinance.

Under the agreement, the Wildlife Services will discharge fireworks and use various traps, snare and other lethal control methods to rid areas of Salado where property owners have complained about the nuisance of Turkey and Black vultures.

In March 2010, Chief Jack Hensley executed an agreement with USDA to provide damage control for buzzards, coyotes, bobcats and beavers.

While action was not needed for a variance to the Noise Ordinance because the provisions of it do not apply to "sound produced by duly authorized officers, agents or employees of a government agency in the performance of a government function."

Aldermen did grant an exemption to the Firework ordinance which states in part that "no person may use or discharge fireworks in the Village boundaries."

Wildlife Services agents could begin the vulture abatement program by early next month. The program will include shooting off fireworks as the vul-

tures return to roost near dusk. It could also include hanging effigies of dead vultures near roosts. If these efforts do not work, vultures could be killed.

Turkey and black vultures may spend summers in the northern part of United States, but will also stay year-round in the Southern states, as well as Central and South America.

FORUM

An Open Exchange of Ideas

Creep Meets Girl

Thelma and Louise should be appalled.

Almost 25 years after their epic road movie attacked “conventional patterns of chauvinist male behavior toward females” (in the words of one critic), here arrives “Fifty Shades of Grey,” perhaps the most successful anti-feminist movie ever made.

The runaway best-selling novel is now a juggernaut on the big screen, driven by overwhelmingly female audiences that accounted for its record-breaking opening weekend.

The dirty secret of “Fifty Shades” is that, underneath the kinky exterior, it’s a formulaic romantic fantasy. For all its notorious boundary-pushing, it is the distilled essence of decades’ worth of Harlequin paperbacks, with hyperstereotypical gender roles pushed to the point of perversity (figuratively and, of course, literally). “Fifty Shades” is a version of the age-old boy-meets-girl story, except the boy is a dangerous creep.

As countless millions already know, the story centers around 27-year-old businessman Christian Grey’s seduction of ingenue Anastasia Steele, a college student. He is older and wealthy. She is young and poor. He is experienced and controlling.

Rich Lowry

She is naive and trusting. He owns a helicopter. She drives a VW Bug.

Eventually we get to the fact -- and, obviously, this is what sets “Fifty Shades” apart from other romances -- that Christian wants to physically and emotionally dominate her and hit her for his own pleasure. No wonder some feminists are inveighing against the film, and this time, the sisters have a point.

As much as it can, “Fifty Shades” seeks to sanitize the S&M. But there’s no sugarcoating what Christian is about. His seduction of Anastasia is emotionally manipulative, his drive to control her is abusive, and his pursuit of her -- unexpectedly showing up at places where she is -- could easily be considered stalking. If anything like this happened in remotely more realistic circumstances, the proper response to Christian’s obsessive attention would be a good kick in the groin, followed by a restraining order.

Not to mention a referral to a first-class psychiatrist. The roots of Christian’s desire to hurt women

is his own abuse as a child. Anastasia, in her wide-eyed way, wants to save her Byronic romantic hero from his demons, but that would be better left to a professional with years of training and lots of time to work with an emotionally damaged client.

The lesson of “Fifty Shades” should be: Ladies, don’t try this at home. In real life, trying to reform manipulative and abusive men only ends in tears, and becoming subject to sexual humiliation only brings humiliation.

The edge is taken off “Fifty Shades” by its sheer ridiculousness -- the movie is punctuated by moments of inadvertent hilarity -- and its fairy-tale ending. Anastasia maintains her identity, even though Christian wants to obliterate it. And over the course of its three books, Christian Grey is indeed reformed and tamed, and Anastasia forms a happy family with him. It’s Ward and June Cleaver, via a pleasure room that looks like something out of a Restoration Hardware catalog.

Needless to say, there are easier routes to marital bliss, and they never involve anyone like Christian Grey, who gives the patriarchy a bad name.

School holds town hall meeting March 2

Superintendent's Corner

by Dr. Michael Novotny

On Monday, March 2, we will host a town hall meeting from 6 p.m. - 8 p.m. in the Salado Intermediate School cafeteria. The topic will be education funding. The meeting will include a free screening of the movie “The Texas Promise.” The following is a description of this movie:

“When Texas cut \$5.4 billion from public schools, affecting 5 million students, Texans protested and districts sued the state and won. The Texas Promise is the gripping story of equity, politics, money, and our children as Texas and the nation make historic decisions about education, opportunity and our democracy.”

More information about “The Texas Promise” including a trailer is available at the following website: <http://thetexaspromise-movie.org/>

We will also share more details regarding how the

state funding cuts have affected our school district these past four years. All parents, students, employees, and community members are invited to attend this town hall meeting.

On a related note regarding school funding, we are in the process of refinancing previous school bonds from 2006. This will be the third time in the last four years that we have refinanced bonds to save the Salado ISD taxpayers a significant amount of money. In 2011 we refinanced \$940,000 of our previous bonds from an interest rate of 5.06% to 2.03%, saving a total of \$102,256 (an average of \$8,513 per year for 12 years). In 2013 we refinanced \$8,625,000 of previous bonds from an

interest rate of 4.83% to 2.57% saving a total of \$1,532,727 (an average of \$76,636 per year for 20 years).

We are currently working on refinancing \$5,440,000 of our previous bonds and based on current projections and interest rates we should save the Salado ISD taxpayers over \$1 million. (Please know that we did not refinance all of these bonds earlier because there are laws that limit how long we have to wait before we can refinance the bonds and how much per year we can refinance).

We hope you will attend our town hall meeting on Monday, March 2, from 6 - 8 p.m. in the Salado Intermediate School cafeteria.

Updates from the Mayor

A few updates to keep you informed:

Water Treatment Plant/Sewer. The Village’s Water Treatment Plant/sewer committee meets frequently. Last week, the city engineer was asked the cost for a 300,000-gallon Plant and pipe laying from Stage Coach to Salado Plaza. Answer: “approximately 6.5 million.” Can it be done in 18-months: Answer: “Yes.”

The Village is waiting to hear if the 1.5 million dollar grant is awarded. If so, it will reduce the cost to approximately 5 million. And, if partners share the cost . . . it could be less. Lots of “ifs; lots of “hope.”

I-35 Construction.

After the Town Hall, Commissioner Brown and I discussed the next steps to take. We agreed that a

Mayor Skip Blancett

meeting with the County, Village, Bobby Littlefield and Andy Petter, TXDOT District Engineers, should be held. TXDOT agreed and the meeting is being scheduled. If this is not successful, the BOA will decide the next level.

Road repair. Wheeler APAC, Salado, won the bid for major road repair. The Road Committee, under Mike McDougal, met with the city engineer Monday to discuss the contract. Report to BOA: 5 March.

Refreshing Downtown. TEXAS A&M Texas Target Communities

Program will be in Salado this March to hear citizen ideas for refreshing the downtown area. According to Alderman Brown, they will take the ideas and design a plan. Presentation to BOA: June.

Buzzards and Deer. These are major environmental issues. The Buzzard abatement program by the Texas Department of Agriculture Wildlife services will be used at no cost. Alderlady Amber Dankart is researching how to reduce the deer population. Report to BOA: 5 March.

Ordinances. Aldermen Coachmen and Fields are doing a tremendous job re-writing the Ordinances that BOA is approving.

“Exciting and Prepared” are the words of the day as the Village goes forward.

Goosey as Ever

The GOP’s presidential field features some weary right-wing retreats.

Ready or not, the race is on — for president, I mean.

Yes, Election Day is still nearly two years away, but the candidates are already on the loose. And they’re as goosey as ever.

So far, the goosiest has been Mitt Romney.

The GOP’s 2012 loser was asked last year if he would try again, and he said — in these exact words — “Oh, no, no, no. No, no, no, no, no, no, no, no.”

That’s 11 not-uhs, which would seem pretty final.

But in January, Romney suddenly backflipped into the race. Even more stunning, the multimillionaire plutocrat proclaimed that he was running this time as the candidate of the poor and the middle class.

That was going to be

Jim Hightower

fun to watch, but only two weeks later, Mitt quit. He said he wanted to give some of the new faces a chance. What a guy.

So Romney’s out. Unless he gets back in.

Meanwhile, some of those “new faces” have an old and weary look, such as extremist right-wing retreat Mike Huckabee. He recently informed us that being gay is a “lifestyle” choice, like choosing to drink alcohol.

Really? How does he know?

And don’t forget Rick “Oops” Perry. He’s back,

this time wearing horn-rimmed glasses that are supposed to make him look smarter. You be the judge.

Rick’s latest handicap, however, isn’t his stupidity. It’s trying to look presidential while under felony indictment for abusing his gubernatorial power — plus having his office under scrutiny for awarding handouts of public dollars to campaign donors and political cronies.

You know you’ve got image issues when your press conferences keep featuring photo-ops of you flanked by your covey of high-dollar criminal defense lawyers.

Still, the goofiest thing about the 2016 race is that it’s expected to come down to Bush vs. Clinton. Haven’t we seen that movie before?

SUMC Wild Game Dinner at Tenroc

The fifth annual Wild Game Dinner will be held 5 p.m. March 1 hosted by the Salado United Methodist Church.

Due to its increasing popularity, the dinner has moved to the Chisholm Trail Event Center at Tenroc Ranch in Salado.

Each year church members and local hunters dig out their favorite wild game recipes to share at the dinner which is held to benefit local Bell County mission projects. "Most folks are anxious to sample something they've never tried before, like pheasant, bison, dove or goose. Others come to have their favor venison sausage again," said Rolly

Correa, Director of Missions for Salado United Methodist Church. There is no charge to attend the dinner, although donations are accepted for the local mission fund.

Last year, the church assisted Bell County residents through programs ranging from the JAIL Ministry and the Body of Christ Free Clinic to the distribution of Thanksgiving food boxes and local disaster relief. Salado UMC is involved in almost 20 local programs, and the Wild Game Dinner is the major missions fundraiser.

"But Sunday's dinner is all about the game," reminded Correa.

In addition to a spread of wild game dishes, diners will enjoy demonstrations of Dutch Oven cooking on the grounds of the ranch.

Houston Johnson will be there with his chuck wagon to show how to make cobblers outdoors in a dutch oven.

Retired Game Warden Billy Conway is bringing the Operation Game Thief trailer and boat to display examples of legal and illegal hunting.

Justice of the Peace Don Engleking will be frying fish on site. Live music for the evening is provided by Paul Cox.

A silent auction will

be held during the dinner and door prizes distributed throughout the event.

Donations have been received from local businesses and individuals such as The Range restaurant, Salado Glassworks, Prelop Fine Art Gallery, Dead Fish Grill, Johnny's Outback restaurant, Cox's Antique Gallery, Dr. Michael Perkins, Dr. Howard Lufburrow and Asleep At The Wheel, and auction items added daily.

With lots of "tame game" dishes to choose from, and vegetables, salads and desserts added, the Wild Game Dinner will have something for everyone to enjoy.

Central Texas Master Singers concert held at Cedar Valley Baptist March 8

First Cedar Valley Baptist Church will host the Central Texas Master Singers in concert 6 p.m. March 8 at the church located eight miles west of Salado at 12237 FM 2843.

There is no charge for the concert, but there will be a freewill love offering taken, at intermission.

Central Texas Master Singers (CTMS) is a vocal performance group specializing in the delivery of contemporary Christian choral and praise music. From classical arrangements and newly arranged hymns to today's popular praise and worship genre, CTMS delivers a remark-

able performance of well-rehearsed and majestic music unsurpassed by the common community choir.

The choir is made up of Christian singers of varying musical backgrounds, many of whom are public school music educators, freelance musicians, volunteer church musicians, current and past collegiate singers as well as non-vocally trained singers.

Participating with the Central Texas Master Singers requires an extraordinary level of commitment. The choir maintains a rigorous performance schedule, rehearses weekly

and pursues excellence in sound and musicianship.

Singers are expected to attend all rehearsals with consistency and perform in all scheduled performances.

Rehearsals are held at the First Baptist Church of Belton, TX in the Choir Rehearsal Room 7-9 p.m. every Monday. All rehearsals are open to the public for a musical listening experience.

The choir was founded and organized by Steven Kirkpatrick in April 2009. In less than five years, CTMS has performed more than 60 concerts and recorded three CD albums.

Spring Break safety driving tips

The Texas Department of Public Safety (DPS) is reminding Texans to drive responsibly and to take extra precautions as they make travel plans during Spring Break.

Salado ISD and many other schools in Texas take Spring March 16-20.

"With students and families out of school and off work, the weeks during Spring Break can result in an influx of traffic on Texas roadways," said DPS Director Steven McCraw. "DPS urges all drivers to do their part to help keep the roads safe for all travelers by adhering to safe driving practices and always driving sober."

DPS offers the following tips for safe travel during the Spring Break holiday:

Slow down – especially in bad weather, construction areas, heavy traffic and unfamiliar areas.

Eliminate distractions while driving, including the usage of mobile devices.

Buckle up everyone in the vehicle – it's the law.

Don't drive fatigued, and allow plenty of time to reach your destination.

Drive defensively, as holiday travel may present additional challenges.

Make sure your vehicle is properly maintained before your trip begins.

Slow down or move over for tow trucks and police, fire, EMS and Texas Department of Transportation vehicles stopped on the side of the road with emergency lights activated – it's the law.

DPS also urges Texans to avoid travel to Mexico.

DPS has a responsibility to inform the public about safety and travel risks and threats, and based on the unpredictable nature of cartel violence and other criminal elements, the department urges individuals to avoid travel to Mexico at this time.

#1 Lady Eagles at 16-0

The top-ranked Salado Lady Eagles had to fend off a ferocious Lampasas Lady Badger team, taking the game to penalty kicks Feb. 17 to preserve their perfect record with a 2-1 win at home.

"I always love playing Lampasas," Kristin Crouch said, "they are the most competitive team we play in our district and I always know we will have an intense game against them when we play them... and they didn't let us down last Tuesday. We went into overtime and penalty kicks."

Goalkeeper Sam Isbell blocked three penalty kicks in the shoot out, after the teams were tied at the end of regulation and played through two 10-minute overtime periods.

At her defensive midfielder position Crouch helped lead the defense while midfielder China Saxton, Ashlen LaCanne and Reagan Morreale all scored penalty kicks in the shoot out. Saxton scored a penalty kick in regulation after Katey Ewton was knocked down in the box. Annie Ewton was also highlighted for her play in the game at the forward position.

SHS 4
JHS 1

Salado Lady Eagles handled the Jarrell Lady Cougars on the road 4-1 for their third win in district play, extending their perfect season to 16-0 and 3-0 in district play.

Scoring goals for Salado were outside midfielders Annie Ewton and Dani Gantenbein and defenders Stephanie Fleagle and Morgan Bird.

Assists came from Saxton at attacking midfielder with two, Crouch at forward and Tyler Pierce at defender.

The girls were slated to play Liberty Hill on Feb. 24 and Gateway Prep on Feb. 27 at 4 p.m. at home.

Varsity Eagles 1-1 in district soccer

Salado varsity Eagles notched their first district win beating the Jarrell Cougars on the road Feb. 20, following a hard-fought loss to the Lampasas Badgers.

SHS 4
JHS 1

Four Eagles got the ball past the goalkeeper in Salado's 4-1 district win on the road over Jarrell.

Goals were scored by forwards Brandon Rodriguez, Scout Puckett and Costas Loullis and defender Kaden Smein, coming on a penalty kick. Attacking midfielder Daniel Magadan had two assists in the game.

"This is the first district win for this team," Coach Michael Goos said. "They worked together and played a competitive game against a determined

Jarrell team." The win gives Salado a 9-7 and 1-1 district record as of presstime.

SHS 2
LHS 1

Salado fought a strong Lampasas squad at home, falling 2-1 on Feb. 17.

"Lampasas played a strong game against us," Brandon Rodriguez said. "We were evenly skilled, the offense for our team connected very well. Although we came up short, I'm proud of my team's hard work."

Rodriguez, a forward, scored the only goal for Salado on an assist from forward Scout Puckett.

Salado traveled to Liberty Hill for a district match Feb. 24 (after presstime) and will play host to Gatesville in a non-district match Feb. 27.

Salado JV 6
Lampasas 3

Salado JV Eagles soccer easily handled Lampasas JV Boys at home Feb. 17, winning 6-3.

Salado went up early when Malachi Ward passed a through ball to Jose Olvera at the 8 and Jose sent the ball to the left side of the net.

Midway through the first half, Jacob Foster drove the ball up the left side of the field, centering to Edgar Castillo who nailed the shot in to put the Eagles up 2-0.

The last five minutes of play in the first half saw Olvera score again on an assist from Ward and then a defensive breakdown put life back in the sails of Lampasas when a goal was scored against Dalton Menix, who had difficulty

collecting the ball after a hard shot at goal.

The second half started with Olvera scoring early, collecting his third goal of the evening. Ten minutes later, Olvera assisted Ward with a goal putting the Eagles up 5-1.

Lampasas fought back and scored on a corner shot against Feerman Vitolas making the game 5-2 with about 15 minutes remaining in the game.

The scoring did not cease at that point as Sam Shearer scored late on an assist from Kirk Pruitt and Lampasas countered with their third and final goal of the evening.

The victory was the JV's 18th of the season putting the record at 18 wins, 7 losses and 3 ties.

Salado JV will play Gatesville Feb. 27 at 5:30 p.m. in Salado.

Salado mentees are shown relaxing at Peaceable Kingdom Retreat for Children after a day filled with activities with their Mentors. (COURTESY PHOTOS)

Peaceable Kingdom Retreat hosts Salado Mentors for day of fun

The Salado Mentors Program took 24 children and 17 adults to the Peaceable Kingdom Retreat for Children on Feb. 17 for a day filled with fun and games.

Although it was too cold to spend the day outdoors, the children enjoyed several indoor games.

The staff at Peaceable Kingdom divided the children into two groups, and they competed with a variety of relays.

The children and their adult mentors alike always look forward to the annual trip to Peaceable Kingdom. Dr. Kim Bird, a mentor and a member of the program's board of directors, says the trip to Peaceable Kingdom is "the most anticipated event of the year in the Salado Mentors Program."

Jessica Halfmann, who coordinates Communities in Schools at the Intermediate School, says the trip to Peaceable Kingdom is "one of the most enjoyable days of my entire school year."

The smiles and grins

on the faces of both the children and their mentors testifies to the positive impact this event has on all those involved in the program.

Dr. Michael Novotny, Salado ISD superintendent, credits the many volunteers with maintaining a successful program. "We have such a fantastic group of community volunteers that mentor our students," says Novotny. The program pairs children, most of whom are in the fourth, fifth, and sixth grades at the Salado Intermediate School, with adult volunteers who will meet with the child at least twice every month. Mentors listen, encourage, and provide positive feedback to children who, often, benefit the most simply from knowing that somebody cares. Burt Smith, Director of Curriculum and Operations for the Salado ISD, says that the Mentor Program "promotes leadership, trust, and building positive relationships."

The trip to Peaceable

Kingdom this year was funded by two generous contributions from community businesses. Horizon Bank and First Community Title each gave \$250 for the expenses of taking the children and their mentors to Peaceable Kingdom. As well, the Salado Donut Shop donated five dozen donuts to get the day off to a good start.

"We really appreciate all the help from valuable business partners right here in Salado, like Horizon Bank and First Community Title," says Dr. Steve Waechter, a mentor and board member. "The Salado Mentors program is an exceptionally fine example of how communities should function," he says.

For information on how you can be part of the Salado Mentors program and have a positive influence in the life of a young child, please visit their link on the Intermediate School page at saladoisd.org.

SHS competes in TASB's statewide video contest

Salado High is among more than 120 campuses across the state competing in the "Texas Public Schools Rock!" student video contest sponsored by the Texas Association of School Boards (TASB).

The Salado High video includes interviews with administrators, teachers and students involved in the Salado UIL Academic program, which has garnered nine state titles.

The submissions, posted on the TASB Website at Student Video Contest, illustrate the value of Texas' public education and emphasize the many positive things happening in our local schools.

The contest was open to all Texas elementary and secondary public school students, and winners will be selected in three categories: elementary school, middle/junior high school, and high school. First prize of \$5,000 and a second prize of \$2,500 in each category will be announced in late March and awarded in April for use in the students' classroom or campus.

In addition, a Class Favorite in each of the three categories will be voted on March 1-7. The winners will be selected based on the videos most viewed by visitors to TASB's Website during that week.

CTAM sets Rummage Sale this weekend

The Central Texas Area Museum will hold its annual Rummage Sale 10 a.m. - 5 p.m. on Feb. 26 - 28. Proceeds from the sale will go toward maintenance of the 100 plus year old building.

The sale will be held in the Hall of the Clans inside the museum. The Wee Scots Shop and Museum exhibits will also be open during the sale hours.

The Central Texas Area Museum is located at 423 S. Main Street. Parking is available on Main street and behind the Museum building.

Whole Lotta Bull by Joe Friddle, who is returning to show at the Wildflower Art Show in Salado March 28-29 on the grounds of the Salado Civic Center.

Joe Friddle returns for Wildflower Art Show

Artists and artisans from Texas and throughout the Southwest will show their works on the grounds of the Salado Civic Center on Main Street during the 14th Annual Wildflower Art Show March 28-29.

The show will open 9 a.m.-5 p.m. March 28 and 10 a.m.-4 p.m. March 29. Admission is free and there will be live music, food and drinks in addition to the dozens of artists showing their works.

Works will feature oil, acrylics, watercolors, pastels, and mixed media including woodwork, sculpture, jewelry, glassworks, metal work and handmade clothing.

Among the returning artists is Killen watercolorist Joe Friddle.

An outdoorsman, a lover of nature, a believer in those things that provided our past... this is Joe Friddle.

A transplanted Texan for almost 40 years, Joe was raised on the top of the last mountain in the Smoky Mountain Range in Birmingham, Alabama.

He received his formal education from Auburn University and earned a B.S. in Art Education.

Throughout his life Joe has sought ways to share his love for wildlife, the great outdoors, and the importance of strong grassroot characters stemming from rural Texas.

Beginning with stylized pencil drawings and portraits and now exploring the freedom of watercolor adds to the nature, Joe incorporates

the mediums to join the outdoors and remembrance of time gone by.

Whether portraits of old homesteads, historic building structures, still life or other specific portrait requests, there is always a story to tell.

While serving the public education as a teacher the most of four decades, his artistic pursuits are a continuation of exploring the beauty of Texas.

A student of his interests, he continues to experiment and expand ways to share the character of his subject matter. A member of the Texas Wild Bunch, Texas' oldest organization of traditional style professional artists, Joe continues to discover outlets to share his painted subjects and evoke warm memories from those who see his work.

His paintings can be found in private collections in many states as well as several countries around the world. Locally his works can be found at several galleries throughout Texas.

The Wildflower Art Show gives lovers of art a chance to meet and talk with artists and artisans in a beautiful outdoor setting. Many long-term friendships between artist and patron have been formed under the giant oaks of the Salado Civic Center.

During the weekend, visit the Edgy Art Show on the south end of town and the Texas Wine and Rogue Art Festival near the north end of Main St.

America Saves Week.” Granovsky said some of the many reasons for making savings a habit include being financially prepared for medical or other emergencies, funding an education, having a financial buffer in the event of job loss, funding retirement and avoiding high interest rates associated with misusing credit. “The ability to buy a home and to build equity in that home is a mainstay of wealth building for the majority of Americans,” she added. “Data from the Federal Reserve System’s Survey of Consumer Finances shows home equity is responsible for

nearly three-fourths of family wealth. And while that dynamic is changing, the idea of owning a home as part of the American dream is alive and well, and something millions of Americans still aspire to and need to save for.” Saving requires a certain amount of control, Granovsky said, which is why it’s easier to set up an automatic savings plan whereby you can pay yourself first from every paycheck. “Saving even small amounts from each paycheck can make a difference, but it’s always a good idea to know what you’re saving for and plan

accordingly,” she said. “Look at your budget to see what your expenses are and what you can reasonably save.” If you are tempted to use your savings for something else, ask yourself if you are willing to give up or at least delay getting the item you had originally planned to buy, Granovsky said. She also noted that even though interest rates on savings are currently very low, it’s still better to put this money into a savings account than a checking account because you will be less tempted to spend it. “Having money in a

savings account can also help you get a loan at a lower rate of interest when you need one,” she said. According to Dr. Joyce Cavanagh, AgriLife Extension family economics specialist in College Station, AgriLife Extension is helping people connect to more money-saving tips through a new website, <http://bit.ly/1LmUAWv>. She said Texans who want to get money tips via social media can go to <http://on.fb.me/1AsPVgS> and <https://twitter.com/moneytips4texas>. With a little planning and discipline, almost anyone can get on the road

to saving and building wealth, Granovsky added. She said focusing on financial goals and the time available to reach them will also help determine the amount you need to save and the type of savings vehicle that will work best for you. “This could be a regular savings account, 401(k), money market account, regular or Roth IRA, or some other way to save

or invest, preferably automatically,” Granovsky said. As a final note, Cavanagh pointed out that with it being near tax time, individuals expecting a refund will have a golden opportunity to save at least a portion of that money as opposed to “spending all of it on a splurge or treating themselves to something they can probably live without.”

‘Click It or Ticket’ campaign aimed at increasing seat belt use among teens

AUSTIN – Vehicle crashes are the leading cause of death among teenagers. In an effort to curb this deadly trend, the Texas Department of Transportation is partnering with more than 900 Texas high schools to remind teens to “Click It or Ticket.” “All traffic fatalities are tragic, but it’s especially difficult to hear about teenagers having their lives cut short,” said TxDOT Executive Director LtGen Joe Weber, USMC (Ret). “We’re asking families, teachers and peers to remind teens

to buckle up every time they get in a vehicle. It’s the law and it can save their lives. Don’t let your child be the next fatality.” In 2014, 293 teen drivers and passengers (ages 15-20) died as a result of traffic crashes in Texas. Of those fatalities, 134 (46 percent) were not wearing their seat belts at the time of the crash. To help raise awareness and save lives, TxDOT is sending free “Teen Click It or Ticket” educational toolkits to high schools across the state. Each kit contains banners, posters,

brochures and parking lot signs reminding students to wear their seat belts or face costly tickets, injuries or even death. Throughout the spring, TxDOT also will promote “Teen Click It or Ticket” at University Interscholastic League (UIL) competitions. A real-life, mangled truck display and an audio recreation of what happened to the teens who survived it, will be set up at boys’ and girls’ state high school sports tournaments in San Antonio, Georgetown and Austin.

According to the National Highway Traffic Safety Administration (NHTSA), properly worn lap-shoulder belts reduce the risk of fatal injury to front-seat occupants by 45 percent. Texas law requires all vehicle drivers and passengers to be buckled in a seat belt or face fines and court costs up to \$200. For media inquiries, contact TxDOT Media Relations at MediaRelations@txdot.gov or (512) 463-8700.

KEEP THE LIGHT ON PUBLIC NOTICES

When government officials make decisions, they must let their citizens know. That's why the state requires them to publish their actions through public notices in newspapers. But some politicians would prefer to bury public notices on little seen, rarely visited government websites - away from public scrutiny!

If it is not in the newspaper, you won't know about it.
