## Aldermen to discuss Belton possibilities

By TIM FLEISCHER  
EDITOR-IN-CHIEF

Salado will not build a sewer treatment plant on The Sanctuary property, but will instead consider other options that might include partnering with the City of Belton to connect to a future extension line that Belton is planning south along I-35 to the Lampasas River.

Aldermen, after voting March 19 to send a letter to The Sanctuary that the village will not pursue plans to build a sewer treatment plant there, will meet in a special session to consider a professional services agreement with KPA Engineering for update of a study on regional wastewater services.

"We need to have better updated information on the potential of tying into Belton," Kim Foutz told *Salado Village Voice* this week.

Aldermen will draft a scope of services for KPA to investigate if there is the feasibility of becoming a wholesale customer of the City of Belton by tying into its southernmost sewer lines planned for construction over the next two years.

In February, the City of Belton approved a \$26 million, five-year water and sewer improvement plan that includes \$5 million to install sewer and water lines along I-35 from the Loop 121 intersection to the Lampasas River bridge.

Foutz said that the possibility of tying into the Belton line could provide savings to both Salado and Belton. For Salado, the Village would not have to pursue the permitting process for a wastewater treatment plant, which can take up to a year, not build one at this time.

If the Village agreed to

build a sewer line from the northernmost edge of the Salado city limits to the Lampasas River bridge, it would allow the City of Belton to extend its service area, according to Foutz.

But before this can be pursued, the costs and willingness of both municipalities has to be investigated first, which requires the services of KPA Engineering.

"These talks are very, very preliminary," Foutz said. "Before anyone can go further in them, we need up-to-date information."

About four years ago, the Village looked at the cost of tying into a future wastewater treatment plant that would discharge into the Lampasas River. But at that time, Belton had no plans at all for construction of a sewer plant for at least a decade in the future.

The extension of a sewer line south to the Lampasas River bridge in the next two years, however, changes the landscape for the Village to tie into the City of Belton as a wholesale customer.

Whether the aldermen in Salado and the council in Belton will pursue this potential plan needs to be investigated before the Village spends money designing plans for construction of its own treatment plant and delivery system.

If it can be hashed out, Foutz said, then Salado "would not have to have our own plant for quite some time."

### SALADO AND SANCTUARY

Despite voting 4-0 last week not to build a plant on The Sanctuary property, "Our intention is that Sanctuary will be given the opportunity to tie on to our facility at the appropriate time, should you desire to do so," the March 19 letter to Sanctuary stat-

ed.

"It is my sense the Village is working on a plan that brings sewer to the Village and Sanctuary in a faster and less costly way. We are excited and cheering them on," Sulaski stated in a March 18 email to *Salado Village Voice*.

"This action does not necessarily preclude the Village from moving forward on agreements with Sanctuary as it pertains to platting, land use, a PID (Public Improvement District), impact fees or other opportunities to assist the Sanctuary in their planning and development process," the March 19 letter from the Village of Salado aldermen stated.

### Future of Stagecoach Plant

In addition to making plans for future sewer service for the Village, aldermen are also in the midst of addressing present and future concerns of the current sewer plant that it owns, given to the Village as a gift on May 13, 2014.

Two issues are on the near horizon with what is called the "Stagecoach plant." First, Terry Potts informed aldermen that he did not want to continue as the manager of the plant beyond the end of his contract with the city in June.

Secondly, the cost of the plant effluent on property owned by Morris Foster will begin ramping up in June.

As part of the contract of the sewer plant, Potts agreed to manage the plant for the Village at no cost, in return for the use of it by the Stagecoach Inn property that he owns at no cost. This extended the arrangement Potts had with Morris Foster when he purchased the Stagecoach Inn property

PHOTO BY MARILYN FLEISCHER

A beardless Aaron Gist is shown above during the First Annual Edgy Art Show. He will return this year to defend his crown on March 28. Be sure to visit all 10 artists as they work on a themed piece of original art on March 28 on the grounds of Peddler's Alley as part of the Wildflower Weekend.

## Weekend features art from one end of town to the other

Salado will have art events from one end of town to the other on March 27-29.

### Wildflower Art Show

Artists and artisans from Texas and throughout the Southwest will show their works on the grounds of the Salado Civic Center on Main Street during the 14th Annual Wildflower Art Show March 28-29.

The show will open 9 a.m.-5 p.m. March 28 and 10 a.m.-4 p.m. March 29. Admission is free. There will be music, food and drinks in addition to more than four dozen artists showing their works.

Works will feature oil, acrylics, watercolors, pastels, and mixed media including woodwork, sculpture, jewelry, glassworks, metal work and handmade clothing.

During the weekend, you are encouraged to visit the Edgy Art Show on the south end of town and the Texas Wine and Rogue Art Festival near the north end of Main St.

### Edgy Art Show

On the southside of town, the art will come with a little more edge to it.

The Second Annual Edgy Art Show will showcase a half dozen artists on March 28 as they create unique pieces during that morning and afternoon centered around a theme. "They'll learn what the theme is just 24 hours before they set up and begin work that Saturday," said Jennifer McFarland, volunteer chairman.

Local artist Aaron Gist will return to the Edgy Art Show as one of its participants on March 28. He was the winner of the first Edgy Art Show last year.

This year's show will be held at Peddler's Alley off of Main Street and Royal in downtown Salado.

Just 24 hours before the beginning of the Edgy Art Show, the competing artists will be given this year's theme. Then they will each have from 7 a.m. to 9 a.m. to prepare for working on their pieces of art. Beginning at 9 a.m., the artists will work on their original piece of art, which must be completed by 3 p.m.

The show will be open to the public beginning at 11 a.m. so that they can watch as the artists each create their pieces based on the theme. There is no charge to come and watch the artists as they work, but you may want to participate by voting for your favorite artist and having a chance to win their piece of art.

The public will vote for their favorite artist or piece of art beginning at 11 a.m. with voting completed by 3 p.m. when the artworks are completed. You can vote in the show by purchasing a \$10 ticket or three tickets for \$20. There is no limit to the number of tickets you can purchase. Each ticket is worth one vote, but is entered into two separate raffles. The first raffle will be drawn from from all ticket holders for a basket of art from local artists valued at \$450. Also, each artist will have their original piece raffled from the votes cast in their favor.

### TEXAS WINE & ROGUE ART

The Texas Wine and Rogue Art Festival on the grounds of Salado Wine Seller, just north of the Salado Civic Center, will feature 20 wineries and several artists.

Admission is free, but

\$10 will buy six wine tastings and a souvenir wine glass. For \$5 more, you can have four additional tastings.

Wine tasting is from noon-5 p.m. March 28 and noon-4 p.m. March 29.

### Pub Crawl

Celebrate the beginning of Spring in Salado at the second annual Wildflower Pub Crawl 6-9 p.m. March 27.

The new mug for premium ticketholders has been designed by Salado glass artist Gail Allard II, owner of Salado Glassworks. Hurry to order your premium tickets before the mugs run out.

Ticket prices are \$59.95 for premium tickets (which include a handblown glass mug from Salado Glassworks) and \$19.95 for standard tickets.

Tickets can be purchased online through Eventbrite, keywords Pub Crawl Salado.

Each ticket includes: one draw of the featured beer at each of the four regular stops: The Shed, Cow Creek; Alexander's, Revolver's Blood and Honey; Chupacabra, Karbach; Stagecoach Saloon, Shiner Blonde, Johnny's Cantina, Robert Earle Keen's Honey Pilsner. The Pub Crawl will include the Singers and Songwriters Circle at Johnny's Cantina.

Additionally, premium tickets only include a limited edition, handblown, signed and numbered Salado Glassworks mug, with a draw of Sierra Nevada IPA at Salado Glassworks.

There will be no refunds or transfers in the event of ticket holder cancellation. Tickets for those who are 21 and over. Adults only. IDs will be checked at each stop.

## Legislature may create Bell County MUD in SISD

By TIM FLEISCHER  
EDITOR-IN-CHIEF

Rep. Jimmy Don Aycocock's office is sponsoring a bill for the creation of Bell County Municipal Utility District #3 outside of the Extra Territorial Jurisdiction of any Bell County city but within the boundaries of Salado I.S.D.

The proposed MUD #3 would encompass approximately 1,221.63 acre of property that is owned by Whitis Land Development Company, LLC off of FM 2843 and bordered by Triangle Rd. and Kuykendall Branch Rd. southwest of Salado.

While the size of the proposed MUD is known, not much else is at this time, including the number of lots and what types of developments are proposed. Phone calls to Bruce Whitis, is president of Whitis Land Development Company, LLC, were not returned on March 24.

Whitis and his father,

the late Weldon Whitis, are well-known land developers in Killeen and western Bell County. Developments have included the Market Heights project, the Seton Hospital project and the commercial developments along Highway 190 commonly known as restaurant row.

Bruce Whitis is a partner in W & B Development, a Killeen company that pushed for the formation of Bell County MUD #2, approved by two voters in November 2014. Two voters cast ballots in favor of four propositions concerning the Bell County MUD #2 including approval of \$238 million in bonds for roads and water infrastructure for a development of some 4,000 houses. Turnbo Ranch is the name of the development that will be near Trimmer Rd. in Killeen's ETJ.

MUDs are temporarily created by the Texas legislature and ultimately approved by the voters. "By

the voters" is most typically two residents on the hundreds to thousands of acres that will be eventually developed by builders. The initial approval of the bonds to create the MUDs financing mechanism are also voted on by the handful of voters in the boundaries set forth by the legal description in the bill proposed to form the MUD.

About 500 of the 1,100 MUDs in Texas surround Houston, but are growing in popularity in other areas that lie outside of large cities such as Dallas and Austin. Several have cropped up in Williamson County as a way for a developer to fund the infrastructure of a large development without paying for those roads, sewers, wells, etc. out of their own pockets.

A MUD is initially formed by the Legislature and temporary directors are named. The MUD is given a life of four years

# FORUM

An Open Exchange of Ideas

## Tom Cotton's Truth Bomb

Republican Sen. Tom Cotton hasn't been flogged from the Russell Senate Office Building -- yet. To believe the Arkansas's harshest critics, that's only because felonious traitors don't get the punishment they deserve. Cotton wrote an open letter to the leaders of Iran pointing out true and obvious things about our constitutional system, and the world came crashing down on his head.

Disgracing the Senate, per a hyperventilating Vice President Joe Biden, was the least of his supposed offenses. He was aiding Iranian hard-liners, violating the Logan Act against subverting U.S. foreign policy and committing an act of treason. If there were any doubt about the latter, the New York Daily News ran a picture of him and fellow Republican signatories of the letter on its front page with the subtle headline "TRAITORS."

Cotton's alleged sedition is hard to fathom. It's not as though he wrote secret letters to the Iranians (that's what President Barack Obama has made a practice of doing). It's not as though he traveled to a foreign country to glad-hand a foreign thug in an express effort to undermine the president's

### Rich Lowry

foreign policy (that's what then-Speaker Nancy Pelosi did when she went to Damascus and met with Bashar Assad). Cotton wrote a letter and posted it on his website. As Brian Beutler of The New Republic pointed out, the letter is functionally indistinguishable from an op-ed. The contents of Cotton's letter shouldn't have been news to anyone. It is inarguable that as a matter of domestic law a subsequent president can get out of the agreement at will and Congress can pass laws in contravention of the agreement, if a president will sign them. If these are things the Iranians don't know, shouldn't someone tell them?

The foreign-policy debate in the Age of Obama is the world turned upside down. In the president's transposition of the norms of American foreign policy, inviting the leader of a close ally to address Congress is an affront, and forging a -- to put it gently -- highly generous deal with an enemy is such an urgent necessity that no one should say a discouraging word.

A more confident ad-

ministration would have brushed off Speaker John Boehner's invitation to Bibi Netanyahu, as well as the Cotton letter. The Obama administration is so defensive because it has a lot to be defensive about. It has been outnegotiated by the Iranians. Once, we wanted to prevent Iran from having a nuclear-weapons capability. Once, we wanted zero enrichment, and so did the United Nations. Those goals have long since been abandoned by an Obama administration desperate for any deal so it can include an opening to Iran among the president's legacy achievements.

So, here is my own seditious foray into interfering with the conduct of U.S. foreign policy:

To Whom It May Concern in Tehran,

You are unlikely to ever encounter someone this weak and credulous again in the Oval Office.

The president used to say that no deal is better than a bad deal. Now, that line is inoperative. It's any deal is better than no deal, and woe to anyone who dares say otherwise.

Rich Lowry is editor of the National Review.

## Safety is a top priority in SISD

The safety of our students is Salado ISD's top priority. We have implemented several initiatives during the past few years to provide an even safer environment -- both physically and emotionally -- for our students.

We installed an access card system at all four of our schools, which now allows us to keep all of the external doors locked. Visitors buzz in at the front door and the receptionist can see the visitor on the video camera and talk with the person over the intercom prior to unlocking the door remotely. In addition to safety and security audits that we conduct every three years, we have had the Texas Association of Schools Boards (TASB) conduct assessments of the district security measures and also provide training to all of our employees. These services are provided free of charge because TASB is our insurance carrier.

We conduct annual criminal background checks on school volunteers. School district employees are continually background checked because we subscribe to a

## Superintendent's Corner

by Dr. Michael Novotny

service that immediately notifies the district via e-mail if an employee was ever arrested. We also conduct annual driving record checks on school district employees that transport students.

We have a school counselor at all four of our campuses and we have two registered school nurses in the district to provide students easier access to these professionals who can support their wellbeing.

We encourage students to come forward and tell trusted adults -- such as parents, teachers, counselors or principals -- about potentially harmful situations. They can do this in person or by using SafeSchools Alert, a service that allows students, parents, employees, and community members to report sensitive issues, suspicious activities, or other student-related safety issues

anonymously to school administrators through text message, e-mail, phone, or a website. We recently did a presentation for all of our secondary students regarding SafeSchools Alert and other student safety topics, including bullying, cyberbullying, harassment, sexting, and inappropriate relationships.

Reports to SafeSchools Alert can be made through any of the following four methods:

Text 254-308-0610  
Email 1358@alert1.us  
Web https://saladoisd-tx.safeschoolsalert.com  
Phone 254.308.0610

We strive to create and sustain school environments where all students have access to the support and services they need to feel mentally and physically safe so they can learn and grow.

## Spring brings new optimism with it

Each week, time is found to drive slowly through neighborhoods and the ETJ, talk to business owners, and visit with shoppers and neighbors. Here is this weeks accounting:

Neighborhoods. It is the "spring cleaning and greening" of Salado. People are mowing, planting, and raking with great pride. On Chisholm trail lives a gentleman who always smiles and waves as if his best friend came by. Sometimes, we forget how important that is to community spirit -- waving and smiling -- and it costs nothing.

### Mayor Skip Blancett

Business owners/visitors. Main concern is the lack of public rest rooms. This will appear on a future Aldermen/lady workshop. Businesses have suffered from weather. Many questions about future developments. More personal communication is needed.

Changes. New businesses entrepreneurs are arriving weekly. They

chose Salado because of its superb reputation for quality and life-style. As several said, "this town has the best artists and craftspeople in Texas. Why do we need "made in China" when we have "made in Salado." They also use social media to enhance their business advantage.

This week, Texas A&M professors and students are visiting to help with refurbishing downtown. A community meeting will be Friday, 27 March, beginning at noon at the Municipal Building. Purpose: listen to your ideas. This summer, they will return with plans.

## Salado Rotary Club: Rumor of our demise are greatly exaggerated

Dear Editor:

To paraphrase Mark Twain: The rumor of our demise is greatly exaggerated. In the case of Rotary Club of Salado, it is greatly exaggerated.

We have had discussions concerning our limited number of members; however, in review of the accomplishments that we had done for Salado and the things that we plan to do for Salado, we must continue. Although we are few, we are mighty. A few can make the difference and we will continue.

We have been approved by the Salado BOA to construct a canopy over Pace

Letters to the Editor

Park playground. The Club is donating \$2000 to Salado Education Foundation for 2015 scholarships. On March 28 we will have sausage wraps for sale at Wildflower Festival to continue to increase our scholarship fund. KSB is sponsoring a Salado cleanup on April 11, Salado Rotary will paint all the benches downtown and Pace Park. Later in the year Rotary District 5870 is sponsoring a Pint for

Polio, to continue eradication of Polio. Only two countries have polio cases in 2014, Pakistan and Afghanistan.

So, the demise of Rotary Club of Salado is greatly exaggerated. We would love to have more members -- then we can accomplish more. Thank you Salado for continuing to support us. If you are interested in Rotary, please come join us. Merle Stalcup

## A Bailed-Out Banker Lectures about Fairness

Jamie Dimon is annoyed. He's fed up with the populist attitude that's sweeping the country. He's not going to take it anymore.

That's why he recently bleated to reporters that "banks are under assault."

Well, not every bank. He was talking about JPMorgan Chase -- America's largest Wall Street empire, which Dimon heads.

Government regulators, he snarls, are pandering to grassroots anger at Wall Street excesses by squeezing the life out of the JPMorgan casino.

But wait -- didn't JPMorgan score a record \$22-billion profit last year?

And didn't those Big Bad Government Regulators provide a \$25-billion taxpayer bailout in 2008 to save Dimon's conglomer-

Jim Hightower

ate from its own recklessness?

And isn't this Wall Street popinjay raking in over \$20 million in personal pay to suffer the indignity of this so-called "assault" on his bank?

Yes, yes, and yes. Still, Dimon says regulators are piling on JPMorgan.

"In the old days," he whined, "you dealt with one regulator when you had an issue. Now it's five or six. You should all ask the question about how American that is," he lectured reporters, and "how

fair that is."

Golly. One reason JPMorgan has half-a-dozen regulators on its case is because it doesn't have just "one issue" with regulators.

It has beaucoup issues -- including deceiving its own investors, cheating more than 2 million of its credit card customers, gaming the rules to overcharge electricity users in California and the Midwest, overcharging active-duty military families on their mortgages, illegally foreclosing on troubled homeowners, and...well, so much more.

Dimon should ask himself "how fair" all that is. Then he should shut up, count his millions, and be grateful he's not in jail.

OtherWords columnist Jim Hightower is a radio commentator, writer, and public speaker.

# Sewer

FROM PAGE 1A

(excluding the plant that Foster continued to own at that time because it also served more than a dozen lessors of retail property that he owns).

Future management of the Stagecoach plant, which will ultimately be destroyed when a sewer system is built to serve Salado, has not yet been decided but the Village is investigating contracting with area plant manager/operators to provide those services.

The Village is also considering its options when it comes to the effluent from the Stagecoach plant. The plant has a state permit that allows it to discharge effluent into Salado Creek. The discharge pipe, which has not been used in more than a decade, is near the low water dam at Salado Creek.

The discharge limitations in the permit are very stringent, Foutz said. The daily average flow of effluent cannot exceed

50,000 gallons per day with the average discharge during any two hour period not to exceed 104 gallons per minute.

The daily average for total suspended solids cannot exceed 20 mg per liter with a daily maximum allowed of 45 mg/l. The limitations for E. coli in the water cannot exceed a daily average of 126 mg/l with a single grab maximum of 399 mg/l.

In addition to these standards, the effluent cannot contain more than 4.0 mg/l of chlorine after a detention of at least 20 minutes. This must be monitored at least five times per week. The pH shall remain between 6.0 and 9.0 standard units, monitored monthly. There can be no discharge of floating solids or visible foam and no discharge of visible oils in the effluent. Finally, the effluent shall contain a minimum dissolved oxygen of 2.0 mg/l.

Using the permitted

issuance of effluent into Salado Creek rather than having it applied to land owned by Foster may be a solution to the escalation of costs for the land application.

According to the May 13, 2014 contract signed by then-Mayor Danney McCort and Morris Foster, the cost for the use of the effluent field are these: no cost through November 2014; \$500 per month for December 2014-May 2015; \$1,500 per month for June 2015-November 2015; \$2,500 per month for December 2015-May 2016; \$3,500 per month for June 2016-November 2016; \$4,500 per month for December 2016-May 2017 and \$5,000/month beginning June 2017 through the end of 2018.

With only a dozen commercial end-users at this time, these are costs that are not attainable, according to Foutz.

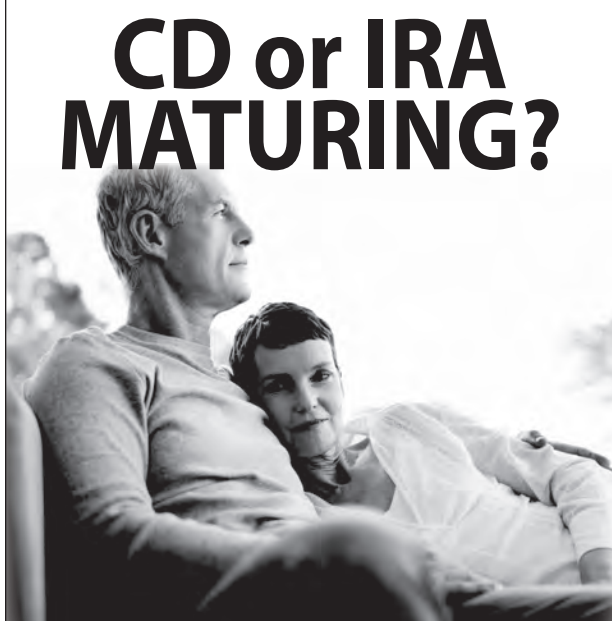

"This is not something we can afford to do long-

term," Foutz said.

At their March 9 meeting, aldermen discussed using the current permit for the plant which allows for the treated effluent to be put into Salado Creek.

There was discussion about the possible impact on the listing of the Salado salamander, but alderman Fred Brown said that "if we are already approved for it, why should we involve the feds or anyone else?"

Some on the board have discussed moving the outlet pipe to a location that is not upstream of the Salado salamander known habitats. Foutz told *Salado Village Voice* this week that in her discussions with the Texas Commission on Environmental Quality, she learned that if the Village moves the outlet pipe for effluent, it would have to go through a new permitting process, something that could take six months or longer. "That's not something we can do," she said.

## Bell County MUD #3

FROM PAGE 1A

under these temporary directors in which an election must be held to elect the first permanent directors. The MUD can extend the temporary directors for another four years.

Whereas municipalities have a state limit on their property tax rate, MUDs have no limit on the tax rate they can assess, according to the Texas Legislative Council.

Those taxes can be used to retire the debt on roads, water, sewer and other services, as well as the continued maintenance and operation of those services.

The proposed area for Bell County MUD #3 lies within the Certificate of Convenience and Necessity (CCN) of what was known until recently as the Chisholm Trail Water Supply, now operated and managed by the City of Georgetown Utilities. Chisholm Trail has a CCN that includes parts of Williamson, Bell and Burnet Counties. The vast majority of its customers are in the city limits and ETJ of Georgetown, though it does include Liberty Hill, parts of Leander, Florence and the southern part of Bell County in its CCN.

No other water supply can provide water in that area, unless the provider releases it from its area of CCN. There are no customers of the Chisholm Trail/Georgetown Water Supply within the Salado ISD boundaries.

In lieu of purchasing water from a supply company, property owners can drill their own wells, which is how homeowners in Hidden Springs development further west off of FM 2843 get their water.

Individual wells can be drilled, but now fall under regulations set by the Clearwater Underground Water Conservation District. Private use wells that are registered with

Clearwater but are exempt from further regulations must be on tracts of land at least 10 acres in size and may not have the ability to pump more than 25,000 gallons per day.

These small production wells of less than 25,000 gallons per day can be drilled on property that is smaller than 10 acres, but then falls under Clearwater regulations and reporting. Any proposed small-production well to

be dug on property smaller than 10 acres must be approved annually by Clearwater directors and must be on property of at least two acres in size.

Further, any well that can produce more than 25,000 gallons per day must be registered and regulated by Clearwater, as are all of the groundwater wells for Salado Water Supply.

If the proposed MUD is not served by a central

sewer system of some sort, then each lot must meet the Bell County Health Department minimum requirements for septic systems. For any piece of property divided after 1989 for single family residential, it must be at least a half acre if it is served by a public water supply. If it is served by a well, the lot must be at least one acre.

# Obituaries

**RONALD ROY ANDERSON**

Ronald Roy Anderson, 80, of Salado died Wednesday, March 18, 2015 at Scott and White Hospital in Temple after a brief illness.

Anderson was born on February 21, 1935 in McHenry, North Dakota to Norman and Ada Anderson.

On September 24, 1954 he married his high school sweetheart, Phyllis Ann Tufte.

For the first two years of their married life, Ron served in the U.S. Army.

In 1960 he graduated from North Dakota State University with an Electrical Engineering Degree. In the fall of 1960, the Andersons moved their family to Cedar Rapids, Iowa where he began his 31 year career with Collins Radio/Rockwell International. In 1974, Anderson was promoted and moved his family to Plano, where he spent the rest of his working career. Upon retirement in 1990, the Andersons moved to Salado.

He was preceded in death by his infant sons, Gary and Terry, in 1955, and his daughter, Debi Kay, in 1998.

Survivors include his beloved wife and five children: Valerie and Charlie McCarley of Richardson; Rick and Peggy Anderson of Austin; Laurie Gregg of Austin; Pam and Tom Langford of Round Top; and Rhonda and Terry Yon of Georgetown, along with eight grandchildren and nine great grandchildren.

A memorial service for Ron Anderson will be held at 1 p.m. March 27 at First Baptist Church of Salado. Broecker Funeral

In lieu of flowers, the family requests you make a donation to a children's charity of your choice or to the Salado Volunteer Fire Department.

**LT. COL. RUSSELL HINOTE**

Services for Lt. Col. Russell Hinote, 88, of Salado were at Ft. Sam Houston National Cemetery, Friday, March 20, 2015 with full military honors and a Masonic interment service. Broecker Funeral Home was in charge of arrangements.

Lt. Col. Russell J. Hinote was born on February 9, 1927 in Champaign, Illinois to Russell Charles Hinote and Blanche Lindseth Hinote. He passed away in

Temple, TX on March 15, 2015 with his family at his side.

He attended the University of Texas and graduated with a BA degree. He started his military service with the U.S. Navy after WWII and then entered the US Army on March 28, 1952. Russ met his future wife Mary Katherine Connor Erikson while both were stationed at Ft. Sam Houston, and then they later married on March 6, 1970. The couple made homes in San Antonio, Atlanta and finally Salado.

He was a member of Army Masonic Lodge #1105 in San Antonio.

Preceded in death by his parents; his survivors are his wife Mary of Salado; son, Russell Elliot Hinote of Houston; daughter, Elise (Lisa) Frierson of San Antonio and Patricia (Trish) Ford of Austin. Step-sons: Jackie and Johnny Erikson of Baytown, TX; 12 grandchildren and seven great grandchildren.

**ARLINE SINGER**

Arline Singer, 85, of The Woodlands and formerly of Salado passed away March 19, 2015.

She was born in Milwaukee Wisconsin on November 7, 1929.

She graduated from Wauwatosa, High School and attended the University of Wisconsin where she studied interior decorating. She married Robert Joseph Singer on September 16, 1950.

Singer was president of the Women's Auxiliary of the National Association of Home Builders and worked as a decorator for Tom Singer Construction until 1968 when she and her family moved to Mexico.

Later in life she was an integral staff member at the Salado Veterinary Clinic where she comforted many pet lovers during

loss using her training as a grief counselor.

At the time of her death she was a member of The Woodlands United Methodist Church, The Woodlands, Texas.

Singer was preceded in death by her father, Robert Christian Gallenbeck, mother Irma F. Arlitt Gallenbeck, and husband Robert Joseph Singer.

She is survived by her son Jeffery Robert Singer and his wife Sandra, her daughter Victoria Singer Salcedo and husband Juan and four grandchildren.

The funeral was held March 21 at Forest Park The Woodlands, Texas with interment at the Salado Cemetery in Salado, on March 22..

Services are in the care of Broecker Funeral Home, Salado.

In lieu of flowers please make a donation in Arline's honor to the Montgomery County Animal Shelter.

**ROYCE LYNN VERNON**

Royce Lynn Vernon, age 86 and formerly of

Salado, died at home on March 19, 2015 after a battle with Parkinson's disease.

He was born on February 21, 1929 in Lockney, Texas and resided in Pflugerville, Texas at the time of his passing.

Royce was preceded in death by his parents, Bert and Essie Mae Vernon; siblings, Bert Vernon, Jr., Nina White, Bettye Cruse, Don Vernon, and Alvin Vernon.

He is survived by his wife of almost 69 years, Irma Vernon; children Lynn Rutherford, Sharon Vernon, and Ed Vernon; grandchildren Chris Kopacz and Carey Brown, five great-grandchildren and their spouses and five great-great-grandchildren.

He was a deacon in the Baptist church for more than 50 years.

In lieu of flowers, please make a donation to American Parkinson Disease Association or First Baptist Church Round Rock.

Services are in the care of Broecker Funeral Home, Salado. A memorial service celebrating his life will be held at First Baptist Church in Round Rock, 306 Round Rock Ave, Round Rock, Texas on Saturday, March 28, 2015, at 2:00 p.m. with a reception to follow.

## Trustees authorize negotiations for annexation of Thomas Arnold campuses into Village

By TIM FLEISCHER  
EDITOR-IN-CHIEF

Salado schools and the Village will begin negotiations between Superintendent Michael Novotny and city manager Kim Foutz to bring the Thomas Arnold campus into the boundaries of the Village of Salado.

The 50-acre location currently abuts the limits of the Village and can be voluntarily annexed into the Village. It houses three school campuses, as well as a football stadium,

baseball field, softball field and soccer practice fielders for the school district.

Salado school trustees voted March 23 to authorize Dr. Novotny to negotiate with the city, with stipulations that the district wants its marquee signs to be grandfathered into compliance with the sign ordinance, that any future building permitting fees be waived and that any tap fees for the schools to tie into a future sewer system also be waived by the city.

Dr. Novotny said that

gaining access to a central sewer system would release approximately three acres that are currently dedicated to lateral lines for on site sewer treatment.

The district has not pursued annexation of the Salado High School property because it is not yet contiguous to the city limits. If that changes when Salado begins to pursue the sewer system service area, the district will likely request annexation so that it can tie in to the sewer.

The school district spends approximately

\$40,000 per year for the treatment of waste water at the Salado High campus.

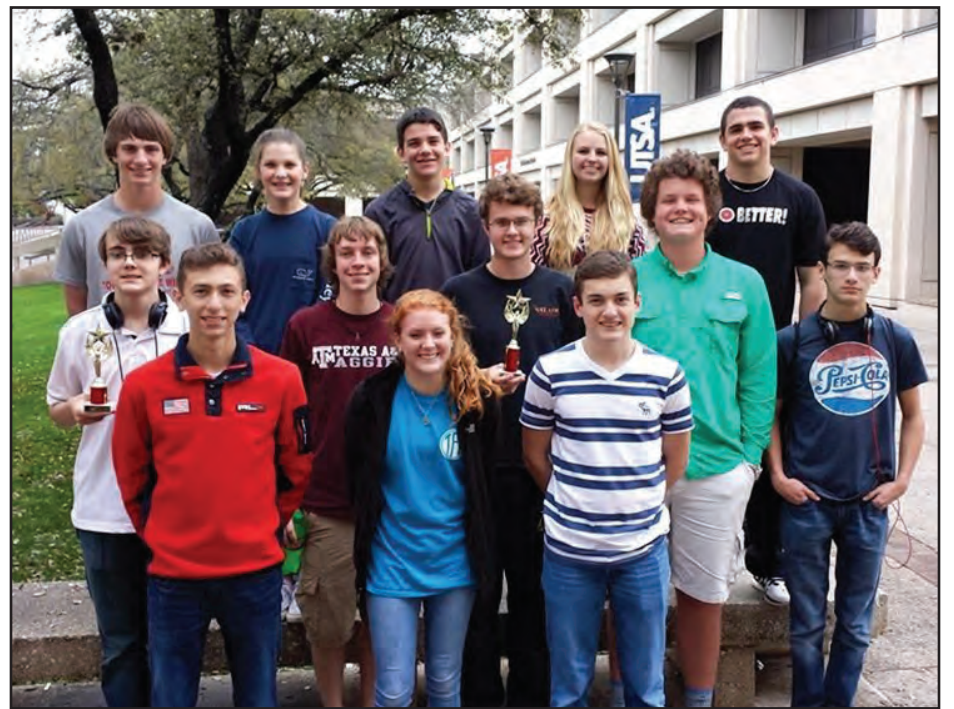

The annexation of the school properties not only furthers the boundaries of the Village of Salado, but opens up possibilities for annexations of other properties ripe for development into the Village.

When sewer becomes a reality for Salado, those properties may quickly seek annexation in order to be more densely developed for residential and commercial uses.

## Lady Eagles take stellar record into first round of playoffs; Boys will face Taylor in round one

Salado Lady Eagles will take their near-perfect record on the road March 27 when they face LaGrange, the fourth place team out of District 26AAAA, at 6:30 p.m. at Hutto High School. The boys will follow in their match up with Taylor, the second-place team out of District 26AAAA at 8 p.m.

Salado varsity soccer teams played warm-up games March 23 against Gatesville squads that also qualified for the playoffs out of District 17AAAA in Region 3.

Although the Lady Eagles shut out the Gatesville Lady Hornets 2-0, players were not completely satisfied with the results.

"Although we weren't satisfied with the results from this game, we still played with heart and got the job done," said Forward Annie Ewton.

"Our midfield held strong, and played balls to our outside mids to cross in," she added.

Ewton's feelings about her team have been echoed by all of the girls and coaches throughout the 19-1 run for the Lady Eagles: "I can't say I've ever been on a team this close," she said, "and even through the bad times we're still best friends."

Ewton scored one of the two goals and Defensive Midfielders Kristin Crouch scored the other. Taylor Valeriano contributed an assist while Morgan Bird played tough de-

fense in the shut out win.

The Salado Eagles varsity soccer team suffered a 3-0 loss in the warm-up game against Gatesville March 23.

"It will motivate these players to work harder before our first round of playoffs," Coach Michael Goos said of the loss.

"Gatesville has big, fast players and this was a good match up for our team to help us find areas to work on before Friday," he added.

Goos pointed out the play of Defensive Midfielder Manuel Magadan and Outside Midfielder Christian Martinez in the game.

The boys are 10-11 and finished district 2-4.

## Eagles crush first two in rained-out tourney

Salado Eagles got two wins in the Celina Tournament before the rains of Spring Break ruined their chances for any other games last week.

The Eagles started district play on March 24 against Lampasas in a game held after presstime for this edition.

that put Wolf out at second and Basham at third. Little stole second and an overthrow allowed him to round the bases to score.

The Eagles added two more in the fourth when Little walked and Garrett Lightfoot was hit by the pitcher. And error that allowed Preston Payne to reach first allowed Little to score and Lightfoot to go to third. Lightfoot and Payne both stole base with Payne crossing home plate. Barrett Snyder singled in the inning but was caught trying to steal home after advancing to third on a walk to Jacob Wilk and a Fielder's Choice to Kyle King that put Payne out at home.

Basham led off the fifth with a single and went to third on a double by Wolf.

He scored on a Fielder's Choice that put Little at first. Payne scored Little on a single to deep left before the final out was recorded.

Wilk led off the fourth with a double followed by single by Zachary Marsh and Peyton Kyburz. A walk to Basham loaded the bases and Ryan Dunnahoo was hit by pitch to plate Marsh. Kyburz scored on a Fielder's Choice to get the runner going to second and Basham scored on the throw to home.

Wolf earned the win on the mound, striking out five batters, allowing one hit and one earned run.

**SHS 10**  
**PHS 2**

In their first game, the Salado Eagles routed the Pittsburgh Pirates 10-2, scoring two runs in the first, fourth and fifth innings and four runs in the sixth inning.

Chase Basham walked with an out in the top of the first and went to second on a single by Cody Wolf. Jacob Little reached first on a fielder's choice

# Smokin Spokes hits the road March 28

Hundreds of cyclists will take to the rural and city streets of Salado on March 28 and the Salado Volunteer Fire Department asks that you look out for the safety of these riders as they come from around the state to Salado.

Besides looking out for the bike riders themselves, participants ask that you restrain your dogs.

One local participant told me that every year on the rural roads of the route he has to be aware of loose dogs chasing him. "I plan on bringing pepper spray this year," he said.

But he wouldn't have to if property owners would restrain their dogs for the one-day event. Dog owners in the Village of Salado are reminded that there is a leash law in Salado and that animals should be fenced or kept on a leash.

Firefighters volunteer every year for this event as it is a major fundraiser for the SVFD. They want to avoid having to respond to a "Dog Bites Man" call during the day. Or even worse, a "Man Bites Dog"

The 13th Annual Smokin' Spokes Bike Ride benefits the SVFD. Riders will begin their journey in downtown Salado at 8 a.m. March 28. All routes will begin and end in Salado Pace Park.

As in previous years,

a variety of routes will be available for riders to choose from, with each route differing in distance and overall difficulty.

Riders can pick from 15, 27, 57, 70, 85 and 102 mile rides. All routes will begin and end in Salado's Pace Park. Most routes will take cyclists east to the Summer's Mill area, and also west to Stillhouse Hollow Lake.

There are rest stops designated with each route. "We placed most of our rest stops at very scenic locations," said Shane Berrier, Salado Volunteer Fire Department Chief. "One is on the shore of Stillhouse Hollow Lake; one is at the Overlook Park on top of the dam to Stillhouse Hollow; and one is at Summer's Mill."

Entry fee will be \$25 for pre-registration and \$30 for on-site registration. The first 300 pre-registered riders will be guaranteed a Smokin' Spokes T-Shirt. Pre-Register by March 25.

Click on [saladospokes.com/](http://saladospokes.com/) to register via the internet and learn more about the race, including maps of the various routes.

On-site registration can be completed for \$30.

Free food and drinks will be handed out to riders all day long at the finish line.

The first male and female to reach the top of Eagles Nest Hill will be crowned the King and Queen of the Hill during the annual Smokin' Spokes March 28 in Salado.

## Public Arts League seeks volunteers

The Public Arts League of Salado is looking for a few good volunteers to help with events throughout the year. Duties include everything from helping with installations to delivering posters and assisting with set up of special events.

"It really is a fantastic way to give back to the

community," says Stephanie Hood, PALS board member. "The bonus is artists tend to know how to have fun no matter what they are doing."

To add your name to the list of potential volunteers with PALS, contact Helen Alexander at [halexand@embarqmail.com](mailto:halexand@embarqmail.com)

## Wilmer lecture focuses on baseball

The annual Wilmer Memorial Lecture will have a different twist this year as it focuses on the sport of baseball. Historian and baseball expert, Talmage Boston, will speaker about the nature and power of baseball at the 18th annual Wilmer Lecture on March 28. The event is sponsored by the Institute for the Humanities at Salado and is free and open to the public. The program begins at 4 p.m. at the Salado Civic Center, 601 N. Main St., in Salado.

## Salado youth gives grain to hungry; annual garage sale March 27-28

Eleven year old Rachel Jett is on a mission to feed the hungry. While many youth her age are raising funds for their own activities with bake sales, Jett raises funds through an annual garage sale to make a Gift of Grain to be sent to villages where famine is a daily concern. March 27 and 28 will mark the fifth year that Jett has organized a garage

sale at the family home in Hidden Springs. Last year Jett was able to sponsor 38 bags of grain to be distributed by Harvest Seekers International to remote locations where food and water are scarce. The garage sale will be held 9 a.m. to 5 p.m. at 1208 Mission Springs in Hidden Springs, off FM2843 in Salado.

## Lady Eagles win first district game

Salado Lady Eagles notched their first district win, beating the Taylor Lady Ducks 6-1 in a home game that was moved to March 23 due to inclement weather. Meagan Hill had struck out five batters and not allowed a hit through two outs in the fourth inning when she walked Bailey Talley. Talley went to third on a single by Janay Reyn-

olds and scored on a single by Bethany Alderete. Alderete had two of the four hits given up by the Lady Eagles in the game. All four hits were singles. The Lady Eagles, on the other hand, had seven hits against two pitchers in the game, with Malory Schattle slugging out a third inning triple and a fourth inning two-run double.

Hill earned two walks, scoring on both thanks to doubles by Kristen Oakes and Schattle, and a sixth inning double. Abbie James, Bailey Tindell and Jenna Calder all had singles from which they scored runs. Payton Dreitz knocked in Tindell and Madeline Murrery hit a sacrifice to score Calder for two runs in the fifth. Hill earned the win

on the mound for Salado, pitching all seven innings and striking out eight batters. She walked five and allowed four hits. Taylor scored one earned run. Salado dinged Talley for six hits and six earned runs through four innings before Cassidy Tatrow came in relief and allowed one hit and no runs through the final two Salado at-bats.

## Lone Star Music Series performers announced at Johnny's Outback

Johnny's Steaks and BBQ will launch this year's Lone Star Music Series with Wade Bowen on April 4. Concerts at Johnny's Outback have become a spring and summer tradition featuring food and music in Salado.

Wade Bowen is a staple of the Texas country music circuit. The singer songwriter from Waco is known for song rich in imagery. His hit "Songs about Trucks" takes a jab at pop country. His current self titled album features the song "When I Woke Up Today."

Other performances on the schedule include Pat Green, Turnpike Troubadours, The Bellamy Brothers, Casey Donahew and Whiskey Myers.

Three-time Grammy nominee, Pat Green will perform April 18 in his first Johnny's appearance.

Named "the Springsteen of the South West" in People Magazine, Green has sold over 2 million albums, released a collection of hits at country radio. He has sold out shows

in Times Square and the Houston Astrodome and toured with Willie Nelson and Dave Matthews Band. His new single, "Girls From Texas," from his forthcoming album, HOME, is impacting radio now.

Turnpike Troubadours will make their first appearance at Johnny's April 24. The overwhelming success that Turnpike Troubadours have had on the so-called Red Dirt circuit says a lot about the quintet's authenticity and fire, particularly because their music is not exactly what that scene is known for producing.

The Bellamy Brothers will return to Johnny's Outback May 9. A favorite duo since the 70's the Bellamy Brothers continue to create guitar driven classics. Their current album Mermaid Cowgirl, is a collaboration with Swiss rocker Göla.

Tickets for the concerts are available at Johnny's Steaks and BBQ and online at johnnyoutback.com.

**YOUR NEIGHBORHOOD'S BEEN REZONED OR HADN'T YOU HEARD?**  
KEEP THE LIGHT ON PUBLIC NOTICES  
When local governments make decisions they are required to publish a newspaper notice to let you know. But that could change. Local governmental entities across the state want to bury their public notices on little seen, rarely visited government websites. What you don't know will affect you personally!  
If it is not in the newspaper, you won't know about it.

## Salado Volunteer Fire Department Report March 16-22

March 16  
12:55-1:29 p.m., 282 NB at Rest Area. Dispatched priority 1 to the North bound rest area at the 282 for a 66 year old male patient having chest pain. Arrived on scene to find a male patient sitting on a bench outside the facility complaining of chest pain that radiates down his left arm. Patient stated pain is a 8 of 10 and it started while he was going down the road. They saw the rest area and stopped and called 911. Patient was placed on o2 at 10 lpm via nrb and given 324 mg of baby aspirin. Patient was placed on the 3-lead EKG and a 12-lead EKG and it showed a sinus rhythm with elevation in the ST segment. Patient was given 0.4 mg nitro SL after obtaining vital signs and Scott & White Medic unit arrived on scene, a patient report was given

to the responding medic and FD assisted in getting the patient onto stretcher and to the ambulance. Remained on scene to give patient's wife directions to hospital and Scott & White Medic transported to give patient's wife directions to hospital and Scott & White medic transported to Scott & White Hospital. All units cleared the scene and returned to service. 2 units, 3 personnel.

4:13-4:46 p.m., 3500 Block FM 2484. Dispatched priority 3 to a 3500 Block Fm 2484 for a 72 year old female with general illness. Arrived on scene to find a 72 year old female sitting in an exam room with no apparent distress. Doctor on scene stated the patient came in after doing a 12-lead EKA it stated the patient was in a flutter with 2:1 ratio. Patient stated she felt fine other than feeling dizzy and she has a history of A-fib and she has been treated for it before. Patient stated she woke up this morning and she had an ache in her shoulder so she came to get checked out. Obtained vital signs and did a 3-lead, patient had no other complaints and nurse put patient on o2 via Nc at 2 lpm. Scott & White Medic arrived on scene and a patient report was given to the responding medic. Scott & White transported to Scott & White Hospital and all units cleared. 1 unit, 1 personnel.

8:00-8:30 a.m., 11000 Block Oak Tree. Out to a psych call patient. Stood by while BCSO made contact, BCSO advised no other assistance needed

and all units cleared. 2 units, 2 personnel.

11:32-11:58 a.m., 3500 Block 2484/Scott & White Clinic. Out to a patient with chest pain. Arrived on scene to find patient with nurses. Got patient info and relayed it to Scott & White EMS. Scott & White Medic arrived on scene and assisted them with loading patient. Scott & White transported patient to Scott & White ER and all units cleared. 1 unit, 1 personnel.

1:22-2:13 p.m., Cedar Knob Church Rd. Out to a possible grassfire. Arrived on scene to find a control burn at the Kempner Water Plant, they were burning cat tails off retention pond and did call it in, no hazards and all units cleared. 4 units, 5 personnel.

March 18  
12:10-12:55 a.m., 13000 Block Blackberry Rd. Out to Blackberry Rd. for a patient with Abdominal pain. Arrived on scene to find the patient in the fetal position pain scale 8 out of 10. Patient did vomit twice. No blood in vomit. Obtained vitals and charted. Left patient in position of comfort until Scott & White Medic arrived on scene. Scott & White took over patient care and transported. All units cleared. 2 units, 3 personnel.

1:35-2:22 p.m., 6800 Block N. Lakeview Dr. Assited with home care patient.

8:19-8:45 a.m., Blackberry Rd. and 2268 Fm. Out to Gooseneck and FM 2268 for a MVA with Gas Leak. Arrived on scene to find one vehicle in field

SERVING CENTRAL TEXAS FOR OVER 38 YEARS

## Don't let AC repair spring up on you

Spring is in the air and Texans know the hot weather days are not far off. In preparation, Better Business Bureau (BBB) serving Central, Coastal, Southwest Texas and the Permian Basin suggests homeowners and businesses get their air conditioning (AC) units checked by a trustworthy professional to make sure it's in good working order.

BBB offers this advice when hiring a trustworthy air conditioning contractor:

Consult your owner's manual. Before doing anything, check the warranty on your current air conditioning unit to determine

whether any tune-ups, repairs or replacements may be covered.

Hire a professional to maintain your heating and cooling system. Arrange for annual maintenance with a qualified technician. This includes checking the airflow over the coil, testing for the correct fluid (refrigerant) level, checking the combustion process and ensuring proper air-flow to each room.

Research the company. Visit [bbb.org](http://bbb.org) for the BBB Business Review of any air conditioning service or energy auditor you plan to hire to learn details about the company, like its his-

tory of complaints. Visit [checkbbb.org](http://checkbbb.org) for a list of Accredited Businesses.

Check Licensing. The Texas Department of Licensing and Regulation requires a license for heating, ventilation and air conditioning technicians and electricians. Ask to see a copy of the license before work starts.

Compare prices. Get at least three estimates in writing. All bids should provide a full description of the services provided and the materials used.

To find an accredited AC contractor that you can trust, go to [checkbbb.org](http://checkbbb.org).
