Village applies for trails grant for downtown

By TIM FLEISCHER
EDITOR-IN-CHIEF

"We need a start," City Manager Kim Foutz told aldermen. "We don't have any trails and this gives us a start."

The proposed offroad trail connects Salado's College Hill Park with Salado Creek in a looped trail that parallels Main Street along Peddler's Alley, extends north to the south bank of Salado Creek, extends east along the banks of Salado Creek and then to the west side of Center Circle and back again crossing Royal Street and returning to Salado College Hill Park.

The application for funding through the Texas Department of Transportation, Transportation Alternatives Program (TAP) grant authorizes Village matching funds to the tune of \$60,000 and federal funding of \$240,000 for a total project cost of \$300,000.

The board voted 4-0-1 in favor of authorizing application for the TAP grant with Hans Fields abstaining from the vote. "I don't know enough about it," he said as he abstained.

Prior to the vote, Fields questioned why the pro-

posed grant application had not come before the board in workshop session.

Alderman Michael McDougal answered that the grant application had been researched and developed by a subcommittee that included himself, Alderman Amber Preston Dankert, Will Lowery, Darlene Walsh, Claire Hartman and David Olsen.

Fields questioned whether the local matching funds had been included in the budget. Foutz explained that the Village did not budget for this because the grant program was announced after the 2014-15 budget had been adopted. "Typically, you don't know if funds are going to be available when you are making out your annual budget," she said.

She added that the announcement of grant awards would not come until the fall of 2015 and that construction of the hike and bike trail would not begin until fall of 2016.

The deadline for submission of the grant application is May 4 and needed a resolution of support from the Board of Aldermen as part of the application.

It's been several years since the water flowed over the Stagecoach Dam like this, an indication that the area has finally moved out of the prolonged drought. (PHOTO BY ROYCE WIGGIN)

As Bell County, state moves out of drought, similarities to California considered

For most of Texas, the five-year-long drought has eased considerably, but not so for California, where conditions are the driest in the past 1,200 years. But there are similarities between conditions in the two states, says a Texas A&M University professor who also serves as the state climatologist.

Despite this week's rains in central Texas, western portions of Bell County remain abnormal-

ly dry, according to the Texas Drought Map.

Otherwise the rest of Bell County has moved out of the drought. Clearwater Underground Water Conservation District moved the status for the Edwards BFZ Recharge Zone from Drought Status I (Awareness) to No Drought in February. In fact, the Edwards Recharge Zone is currently at 102 percent of the Precipitation Deficit Index.

John Nielsen-Gammon, professor of atmospheric sciences, says California is going through what Texas did in 2011-2012, where conditions were even worse than what the Golden State is experiencing now.

Nielsen-Gammon says the standard measure of a drought is the Palmer Drought Severity Index (PDSI) used by the National Climatic Data Center. March 2015 was the

first month since July 2010 for which the PDSI for the entire state of Texas was positive, measuring plus 1.42. The all-time low was minus 8.07, measured in September 2011.

"The 2010-2015 drought was the second-longest statewide drought on record, eclipsed only by the 1950-57 drought, which is still considered the drought of record for

Village re-enters negotiations with Sanctuary

By TIM FLEISCHER
EDITOR-IN-CHIEF

The Village of Salado learned earlier this month that it has moved into the final stage of consideration for an Economic Development Administration (EDA) grant to help construct a centralized wastewater treatment plant and delivery system.

The Village was informed April 3 by the U.S. Department of Commerce EDA that it is now being considered for a \$1 million grant that will require local funding commitments of \$5.32 million.

Those local funds will come from the \$10.55 million general obligation bond approved by voters in November 2014.

"We have had just two weeks to process this last stage," City Manager Kim Foutz said.

Aldermen voted unanimously at their April 23 meeting on a resolution to provide commitments and other documentation to the EDA for the final stage of the grant process.

Aldermen also met in a called meeting April 29 to further negotiations with Sanctuary Development in relation to wastewater, land use, design guide-

lines. Aldermen voted on April 23 following an executive session to re-enter negotiations with Sanctuary after they had voted at a meeting last month to break off negotiations.

Aldermen also voted April 23 to end the lease with Morris Foster for the discharge of effluent from the Stagecoach sewer system onto acreage west of Salado. The lease will end in July. The Village also discussed in a workshop session an operator for the Stagecoach plant as Terry Potts informed the Village that he would not extend his contract to manage the system.

While negotiations with Sanctuary developers have been in executive session, they likely include partnering with Sanctuary to build a sewer plant.

According to the documentation for the EDA grant application apparently will utilize the Texas Pollutant Discharge Elimination Permit (TPDEP) permit issued to Salado Utility, Inc., the private utility company formed in 2009 for the Highlands at Salado, which in 2014 became The Sanctuary at Salado, a 300-acre mixed use development.

In an April 20 electronic letter from Robert Sulaski, CEO of Sanctuary Development Corp. to Mayor Skip Blancett referencing the grant application to the EDA, Sulaski states: "We very much want to offer our assistance to Salado by joining you in planning for a sanitary sewer system serving Salado, its businesses and homes and Sanctuary."

According to the Sulaski letter, "Sanctuary proposed agreement with the Village of Salado is for Sanctuary to transfer its existing permit from Texas Commission for Environmental Quality (TCEQ) for a 300,000 gallon per day wastewater treatment plant." "Sanctuary also proposes that it design the WWTP, associated lift stations, force mains and primary gravity lines (collectively the "Sewer System", publicly bid the Sewer System, then construct the Sewer System," Sulaski further states in the letter.

Once completed, "the Sewer System (along with the WWTP) would be transferred to the Village of Salado," Sulaski states in the letter.

The grant application

includes a copy of the May 2013 renewal of the TCEQ discharge permit for Salado Utility, Inc. authorizing the discharge of "wastes from the Highlands of Salado Wastewater Treatment Facility SIC Code 4952 located north of the intersection of Shepard (sic) Drive and Farm-to-Market 2268, approximately 2,000 feet north from the end of Shepard Drive in Bell County to Smith Branch, then to Salado Creek in Segment No 1243 of the Brazos River Basin." The renewal of the TCEQ permit expires in December 2016.

The grant application includes statements from other parties including Sanctuary, Stonecreek Settlement, Magnolia's, Inn on the Creek and The Range restaurant about the creation of jobs due to the future WWTP. Those estimates of created or saved jobs due to the EDA grant range from 17 jobs at Stonecreek Settlement to the creation of 2,500 jobs at Sanctuary.

Following an executive session April 23, aldermen voted unanimously to "reopen negotiations with Sanctuary Development including but not limited

to discussions regarding a wastewater treatment plant, Planned Development, Design Guidelines, incentives and financing."

Aldermen set a special called meeting for April 29 (after press-time for this week's newspaper) for further negotiations with Sanctuary.

Funding for the development of the Sanctuary could come in the form of a Municipal Utility District (MUD) or, more likely, a Public Improvement District (PID).

During town hall meetings last year hosted by Sanctuary developers, Sulaski mentioned PIDs as a likely way that the development would pursue financing the considerable infrastructure necessary for the 300-acre proposed development. The Sanctuary development includes retail and office space, multi-family housing, single family housing, a boutique hotel, restaurants, an 1,800-seat entertainment venue and parks.

PIDs are partnerships of sort between developers and local governing bodies. Whereas developers basically form their own governing body and tax rate under MUDs, PIDs

are different in that the developer borrows money from the local governing body, which sells bonds to finance the infrastructure debt. The PID debt is secured by the value of the land plus the improvements. PID debt is repaid through assessments on the property owners.

According to "Public Improvement Districts as a Land Development Financing Mechanism" prepared for the General Government & Finance Subcommittee by Development Planning and Financing Group, Inc. the Value to Lien Ratio for PID financing is typically a ratio ranging from 5:1 (most favorable) to 3:1 (least favorable).

According to the PID document, PIDs provide no financial risk for the municipality, does not reduce the city's bonding capacity, covers all out-of-pocket costs of the city, accelerates development of amenities, increases the city's total tax base, serves as potential financing mechanism for needed city infrastructure and capital improvements and allows city to influence land uses in its Extra-Territorial Jurisdiction (ETJ).

Early voting is low so far in local city, school election

Early voting in the Salado ISD Board of Trustees and Village of Salado Board of Aldermen election began April 27 at the Salado Civic Center.

Early voting will be weekdays 7:30 a.m.-4:30 p.m. through May 4. The final day of early voting will have extended hours

of 7 a.m.-7 p.m. on May 5.

Election day, the polls will be open 7 a.m.-7 p.m. May 9 at the Salado Civic Center. The last day to apply for a ballot by mail is April 30. The last day to receive a ballot by mail is 7 p.m. May 9.

In the first two days of early voting, turnout has

been slow. Only 41 have cast ballots in the Salado ISD Board of Trustees race. In the Village of Salado race, only 31 have cast ballots.

Appearing on the ballot for Salado ISD Board of Trustees are Brad Bolick, Melanie Kirchmeier and Chris Seaton. Kirchmeier

is a one-term incumbent and Seaton served three terms on the board before retiring two years ago.

Mike Matthews' name appears on the ballot for Salado ISD Trustee, but he announced April 21 that he was withdrawing from the race. While his name will remain on the ballot

he asks voters to only consider the other candidates.

The two candidates with the most votes will be elected to three year terms on the board of trustees.

Three incumbents and a challenger have filed for two-year terms on the Village of Salado Board of Aldermen. Incumbents

Fred Brown, Hans Fields and Michael McDougal all filed for re-election. David T. Williams has also filed, making the race contested. The three candidates with the most votes will be elected to the board.

Traditionally in Salado about half of the votes cast are cast in early voting.

Candidate Profiles

Aldermen hopefuls on sewer, condition of roads, annexation

We put the following questions to the candidates for the Village of Salado Board of Aldermen. Their answers are below:

1. How is Salado doing in preparation for a sewer system? What approach do you think is best for the Village, tying into Belton, partnering with developer(s) or going it alone? (200 words)

2. What can/should Salado do to expand its boundaries in terms of annexation? (100 words)

3. How is Salado doing in terms of the conditions of its roads? What should it do differently, if anything? (100 words)

Fred Brown

Question One: The primary consideration in a sewer system is to deliver the best product to the citizens of Salado at a reasonable cost, and in a timely manner. When considering a joint venture with Belton, running a sewer line to the Lampasas River will be very costly, and we don't know what the revenues will be. This is a very important aspect as to how the operations will be funded, and how Salado will be able to service the debt and retire the bonds. Going it alone will increase the time it will take to put in a sewer system by an additional year. Time to finish would be 30 months. Partnering with a developer that already has a WWTP permit may be our best alternative: (1) A developer can build a plant much quicker than the Village; (2) The Village would have oversight of the construction. (3) Instead of having a privately owned system at our back door that we cannot control, the Village could own and operate the facility, and serve the residents of Salado. (4) Construction time would be cut from a minimum of 30 months to 18 months or less, resulting in quickly resolving the sewer needs on Main

Street and expanding opportunities on the West side of Salado.

Question Two: Any services that citizens expect in a community cost dollars, and those dollars come from taxes. The only way we can increase services without increasing taxes, is by taking in property that is in our extra territorial jurisdiction (ETJ) and expanding our tax base. Our ETJ is now being protected by Salado, which keeps other communities from annexing them. These areas use the services that Salado provides, like police and fire protection, without paying any city taxes. We need to decide if an area should be annexed into the corporate limits of Salado, or released from our ETJ, thereby reducing the costs to our Village.

Question Three: The committee that just completed structuring the road program for the Village has done an outstanding job of identifying, in order of need, the collector roads that have the heaviest traffic, down to the less traveled streets. There are 3 major collector roads that are set for construction this summer. The major problem is that the budget of the Village is very low, so in turn the amount of money that can be used for road repair or reconstruction is very limited. This, in itself, is another compelling reason that the annexation issue has to be addressed. Another way that additional revenue to the Village for street improvements will be gained, will be through the controlled new retail development on the west side of I-35. This will happen as soon as the Village can provide sewer service to this area.

Hans Fields

Question One: The BOA, in my opinion, is not doing well in preparation for a sewer system.

It has been six months since the bond passed, and we still have no land on which to build a system and have not started the 6-12 month process to get a permit. The Sanctuary wants the Village to build them a sewer plant that we can use for a while. We have looked once again at tying into the Belton system. Both of these options will require the Village to build a second plant for Salado use in the future. I personally don't agree with all the secrecy regarding current negotiations with the Sanctuary and the Belton pipeline. I think that the people of the Village should hear the offers and have a say in the result. They are paying the bill. My personal opinion is that we should obtain land, get a permit and build our own plant. I don't vote my personal opinions but rather what my constituents tell me is best for our Village. The BOA is no longer considering building a plant to take care of Salado and the growth a plant will bring-rather, one that will require many hundreds of users in order to operate cost effectively.

Question Two: Because of our size, Salado must have landowner's permission and the property must be contiguous to the Village limits in order for the Village to annex any property. There are few options that Salado can employ. Tax breaks on property, trading or giving away property in the ETJ that refuse annexation. People living in the Salado ETJ need to understand that Belton, Killeen and Temple are aggressively moving towards Salado and due to their population they can annex without property owner permission or request. The board has chosen a team to work on this issue and results will be forthcoming in the next few months.

Question 3: As a people's representative to the board for 4 years, I have seen little done on our roads in spite of the citizens asking year after year. We had a survey of the roads 5-6 years ago. Due to lack of work on the roads conditions have not

changed. The same roads still need attention. Yet we wasted time doing another survey. This year some road work will be done with \$400,000 being spent on roads; also \$50,000 on Main Street. It will remain to be seen if there is \$250,000 in the budget for road work next year due to all the commitments being agreed to by the board.

Michael McDougal

Question One: The BOA is progressing quite well with planning and executing a sound sewage treatment program. We are actively reviewing three options. We are studying with our engineer, a regional cooperative arrangement with the City of Belton that includes a treatment plant location approximately five miles north which will require running lines this distance. Cooperative agreements are usually cost savers, but this distance as well as other factors incur excess expenses for us. However, a plus for this option is that the completion time frame could be advantageous when compared to a stand-alone system.

We have re-opened negotiations with The Sanctuary Development Group that would provide a treatment plant location south-east of the Village. This will be a part of our expedited time line for system review and negotiations. This would include housing construction, hotel accommodations, retail sales, and entertainment theatre that must support the ambience of our Village.

The third option is a stand-alone system that requires some additional explorations which will further the expectations of our downtown area and west side of I-35.

Each option contains positives and negatives which include time-line implications, financial li-

ability, and of course operational responsibilities. I will support the option that provides the absolute best value, with the most favorable time-line.

Question Two: I am a member of our ETJ/Annexation committee which includes specialists in real estate development, land ownership and economic development. We are currently reviewing sound processes that will positively impact land owners, many of which are owners of large tracts of property. Each of these properties will make a significant difference in funding our current Village and certainly will greatly contribute to future Village economic growth. Adding properties from the ETJ will enable the Village to continue a modest tax structure which will in fact, enhance the overall fiscal condition of the Village. I fully support the initiative of responsible annexation.

Question Three: I presently Chair the Committee on Village street and road repair. Our five (5) village residents and I have personally and collectively evaluated the entire Village road network structure. Further, we have consulted with proven experts in the areas of road repair and maintenance. We have initiated three types of repair: crack seal (local maintenance), seal-coating (inter-local, Bell County) and reconstruction (Wheeler, APAC contracting).

My view is to leave street committee in place, as they have prepared a practical, affordable plan. Continue with annual contracting services and inter-local agreements with Bell County. Each service has proven to be most effective and cost efficient.

David Williams

Question One: It has

been over 6 months since the Sewer Bond was approved. We are not where I believe we had hoped to be by now. A plan is only as good as the day you make it. Project management is really about managing change. We have seen a lot of change. Project management is also about risk management. How do we minimize our risk of further delays? One possible way is to break up the overall project into smaller bites. For example, running piping down Main Street, Royal, and Thomas Arnold could be separated from the decision of what Sewer Facility would be best for Salado. While discussions and options over sewer plant construction continue to be addressed, sewer line construction could be under way. Also, designing in optional tie in points in the system would facilitate future options and again reduce risk.

Question Two: Let us not forget that Americans do not like to be told what to do. Americans value their freedom, and especially their freedom of choice. If the Village of Salado desires to increase its size, then the Village of Salado needs to become a place that everyone wants to be a part of. The Village needs to stay on track to modernize infrastructure, invest in public access, and attract new businesses. The Village needs to demonstrate that there is value in being a member.

Question Three: I believe it is too early to make a judgment on the Road Improvement Plan approved by our current BOA. From what I have heard at BOA Meetings, repairs are moving forward ahead of schedule and recent assurances from TXDOT are potentially allowing our taxpayer's dollars to go further.

EDITOR'S NOTE: NEXT ISSUE, WE WILL HAVE THE FINAL ROUND OF QUESTIONS AND ANSWERS WITH SALADO ALDERMEN AND SISD BOARD OF TRUSTEES CANDIDATES. EARLY VOTING CONTINUES AT THE SALADO CIVIC CENTER. ELECTION DAY IS SATURDAY MAY 9 AT THE SALADO CIVIC CENTER, 7 A.M.-7 P.M.

SISD candidates discuss growth, condition of facilities

We put the following questions before the candidates for Salado ISD Board of Trustees. Below are their answers:

Question 1. Is Salado ISD preparing adequately for the potential growth in enrollment of the next five to 10 years? Is there anything it should be doing differently? (Limit 150 words)

Question 2. How would you rate the condition (Excellent, Good, Fair, Poor) of each of these facilities: Elementary, Intermediate, Junior High, High School, Athletic Facilities, Arts Facilities, Ag Facilities. What needs to be done? (Limit 150 words)

Brad Bolick

Question One: The greatest challenge in preparing adequately for the potential growth in enrollment of Salado ISD over the next 5 to 10 years is adequately funding the district operations. The greatest tool Salado ISD can possess operationally is quality educators teaching the students. Unfortunately, the teacher

pay scale and stipends at Salado ISD are not equivalent to other districts in the area. While the media and other outlets like social media at time degrade teachers worth, we as shareholders must remember teachers are professionals with specialized certifications. To continue the academic success Salado historically enjoys, Salado ISD will need to recruit top talent as the student body population grows over the next 5 - 10 years. Additionally, as Salado ISD grows the top talent recruited should be considered for promotion to instructional support and administrative duties to allow professional growth from within a great district.

Question Two: All campuses are quickly reaching capacity with the projected growth of Salado, which Salado ISD will need more facilities erected or add on classrooms either using portable buildings, or creating new wings on existing structures. Moreover, the facilities for the Arts, Athletics, and Ag Facilities are not equal to districts of the same size. For example, Salado is the only school in the currently aligned 4A district without a Fine Arts Performing Arts Center. Additionally, every "home" sport-

ing event is equivalent to an away game, with our high school teams needing to travel to Salado Junior High to practice or compete. Last but not least, just from an aesthetic perspective when you walk by the SJH, SIS, and TAE campus the paint and trim on the building is peeling with paint missing in many areas. TAE: Fair; SIS: Good; SJH: Fair and SHS: Fair.

Melanie Kirchmeier

Question One: Every month the Salado School Board reviews the enrollment figures at each campus. At the beginning of 2015, we reviewed projected enrollment through year 2027. Dr. Novotny projected the critical year when each campus would outgrow their current facility. Being well informed about the growth of Salado is crucial for planning for Salado ISD. The SISD staff meets regularly with the Village of Salado so the School Board is well informed on growth and projected increase in enrollment. The Board re-

cently approved a strategic planning agreement which will detail many aspects of our school district to include growth projection. Strategic planning is extremely important so we can plan for the next five to ten years in a rational, educated process. I also attend the Village of Salado Aldermen meetings when critical items affecting the school will be discussed.

Question Two: In April of 2014, SHWGroup presented a Facility Condition Assessment that evaluated each campus as well as the auxiliary buildings. While we have an excellent maintenance department at Salado ISD, the needs of each campus differ simply because of the age of the buildings. Salado High School and Intermediate School are our two newest buildings. They have been well maintained and are in good condition. The Jr. High School was built in 1979 and is in fair condition. The elementary rated poor since there are many mechanical systems that need to be upgraded to today standards. They function and have been maintained, however, the life span is reaching their limit. The Ag Facilities are in need of upgrades and since we have an award winning Ag

Department, it would be wonderful to provide our students the facilities to continue on their successful path. The athletic facilities differ in condition depending on the sport.

Chris Seaton

1. The district has already begun the process of accessing the current facility conditions and capacities along with staff and curriculum reviews in order to evaluate what will be needed for upcoming requirements. The district is also retaining the services of a consultant group who will very soon begin the process of long range planning. This group is specialized in long range planning and has done so for many districts, large and small. It will be good to have an outside set of eyes and ears who will facilitate meetings with staff, parents, students, and community members over the next several weeks and months with the goal of determining the needs and wishes for the district in order to set a course of action for the superinten-

dent and board. So, yes, I do believe the district is on the right path to adequately plan for growth.

2. Last year the district received a Facility Condition Assessment report prepared by SHW Group. Facility evaluations were based on "functional operation, age, expected life, appearance, fault and/or failure", interviews with facility administrators, written surveys completed by staff, and site inspections. All that information was compiled along with costs and a "Facility Condition Index" score was calculated. Those scores rated the: Elementary - poor; Intermediate - good; Jr high - fair; High school - good; Football/track - fair; Baseball - good; Softball - good; Arts center - fair; Ag barn - poor; Civic center/admin - poor; Transportation/maintenance - poor

Also an "educational appropriateness" summary was provided for each facility including current enrollment and capacity, compliance with TEA standards, and facility priorities.

There are many options and scenarios to consider, but as to "what needs to be done" that will hopefully become much clearer after the long range planning is completed as discussed in the answer to question 1.

FORUM

An Open Exchange of Ideas

Readers thankful for help and support

To the Editor:

April 10 and 11 Keep Salado Beautiful sponsored a Village wide Clean up Day as part of the Texas Trash-Off. An amazing amount of work was accomplished by a small group of committed volunteers: Rotarians repaired and painted all of the downtown benches. Lions cleaned their area of Holland Road, the Tablerock Trail was planted with an array of Texas native flowers to bring color and encourage the community to use this as a walking path. College Hill volunteers gathered to mulch, Salado High School Leadership class replanted Community Foundation Flower pots to bring color to the shopping area and, with the help of Mayor Blancett and Alderman Dankert, they gave the new police building a complete landscaping makeover. Madison Inselmann, Sanctuary Development provided lunch for the hungry crew.

Our Village is made more beautiful by the work of volunteers on a regular basis. Weekly, the "Volunteer" mowers & trimmers keep the empty lots in check and maintain some of the public spaces. The First Monday gardeners meet at the Visitor Center and work to maintain the public gardens.

Master Gardeners from around the state toured our gardens April 18 and they were impressed. Enjoy these beautiful spaces and thank the people that help make them possible. Salado is unique. Come dig in the dirt with us and help keep it beautiful.

Susan Terry, Chair
Keep Salado Beautiful

To the Editor:

I would like to send out a big Thank You to all of the wonderful people who came to my rescue the afternoon of April 20 on the Main Street bridge over Salado Creek. When I realized that I was running out of gas, I was heading to the closest gas station at Brookshire Brothers but completely ran out at the lowest point of the bridge and was not able to coast up the slope to get off of the bridge. I was literally stuck there!

When the people behind me realized what was wrong, they got off the road and came back to try to push me up the hill to get me off of the road. That was a tough job! I looked up and people were running over from all over

Your Voice

Letters to the Editor

the place to help push me off the road. Once they got me to a safe spot, most of them just disappeared before I could even thank them. I'm sorry I was not able to thank each one of you, but I am SO grateful for each and every one of you.

Special thanks to Fiona and her family who also went to get a gas can and brought gas back to me. Also, special thanks to the other couple (I'm sorry I can't remember your name

to properly give you credit) who followed me to the gas station to be sure that I made it there.

Thank you, thank you, thank you! I don't know what I would have done without all of you. I just want you to know how wonderful you are!

Linda Boyd
Holland, Texas

To the Editor:

We want to thank Tablerock for letting us use their land for our Easter

celebration. There was plenty of room and it was very clean. The amphitheater was very convenient after and during our Easter egg hunt. We had an amazing time using your awesome rock tables.

After our Easter egg hunt, we could easily use your seats to eat our candy. Then we could play until our teacher called us to go back to school.

We were wishing we could stay there for the rest of the afternoon. We could never thank you enough.

Sincerely,
Ellie, Jon, Ryden and Meagan
Salado fourth graders

Local Residents Inducted into The Honor Society of Phi Kappa Phi

The following local residents recently were initiated into The Honor Society of Phi Kappa Phi, the nation's oldest and most selective collegiate honor society for all academic disciplines. Helena Carroll of Salado initiated at Texas A&M University, Abigail Neese of Belton initiated at Texas State University, and Matthew Frosioni of Belton initiated at Texas Tech University.

These residents are among approximately 32,000 students, faculty,

professional staff and alumni to be initiated into Phi Kappa Phi each year. Membership is by invitation and requires nomination and approval by a chapter. Only the top 10 percent of seniors and 7.5 percent of juniors, having at least 72 semester hours, are eligible for membership. Graduate students in the top 10 percent of the number of candidates for graduate degrees may also qualify, as do faculty, professional staff, and alumni who have achieved scholarly distinction.

Founded in 1897 at the University of Maine and headquartered in Baton Rouge, La., Phi Kappa Phi is the nation's oldest and most selective all-discipline honor society. The Society has chapters on more than 300 college and university campuses in North America and the Philippines. Its mission is "To recognize and promote academic excellence in all fields of higher education and to engage the community of scholars in service to others."

Salado Community Chorus "Spring" Concert set for April 30

Spring is here and it is time for the annual Spring Concert performed by the Salado Community Chorus. The concert will be 7 p.m. April 30, in the auditorium of the First Baptist Church.

The concert's theme is "Free to be" and the Chorus director, Jim Mohon, said, "The Chorus will rock you with a dose of love potion #9 which will have you singing with the saints and seeing stars and stripes forever!". It will feature tributes to the military, various sacred and secular selections as well as several lively arrangements that will put a "spring" in your step.

This spring's concert will be a community affair as several other groups will be participating in the evening's event. Those groups include the Fort Hood Color Guard, Salado 7th Grade Choir, First Baptist Church Handbells, Salado High School Twirlers and a local "Gypsy Girl". This concert will also welcome a new pianist, Nan Cryar, who works with Jim Mohon to prepare the chorus

Mr. and Mrs David Woznica

Neiwert -Woznica married April 10 in Round Rock

Leslie Neiwert of Twin Falls, Idaho became the bride of David Woznica, of West Bloomfield, Michigan in an April 10, 2015 civil ceremony in Round Rock, Texas.

The bride is the daughter of Michell Taylor of Eden, Idaho, and Travis Neiwert of Twin Falls, Idaho. She has a BBA from University of Phoenix. She is employed at Dell in

Round Rock.

The groom is the son of Ben and Linda Woznica of Salado. He is employed at Home Depot.

The couple will make their home in Round Rock.

Ladies Auxiliary June 11 meeting will be a field trip to Ft. Hood

The Salado Ladies Auxiliary will not have their May 14 monthly meeting due to the Chisholm Trail American Business Women's Association Style Show and Benefit Luncheon which is scheduled on the same date. Many Auxiliary members are involved in this annual event and encourage community members to attend the Style Show.

For the June 11, meeting, the Salado Ladies Auxiliary is scheduled to take a trip to Ft. Hood. While there, the Auxiliary Ladies will be welcomed at the Visitor's Center, given a tour and demonstration of the 1st Cavalry Horse Detachment, eat lunch at the Roosevelt Dining Facility, experience a demonstration of an air assault and a simulator. If attending the June 11 trip to Ft. Hood, members and guests are required to register with Barbara Swarouth either by email at bswarouth@exede.net or call 414-491-2341. The registration deadline is May 15. Please note there will be no late reservations because a list of people attending must be sent to Ft. Hood officials by May 15.

To gain access to Ft. Hood, members and guests will need a form of photo ID such as a driver's license or military card. The Auxiliary members and guests will meet promptly at 8:30 a.m. at the Salado Civic Center to carpool to Ft. Hood. The Auxiliary group will park at the visitor parking lot at the Main Gate of Ft. Hood. From there, a bus will transport members and guests on the planned tour activities. Auxiliary members are encouraged to attend this learning opportunity and invite guests.

The Salado Ladies Auxiliary strives to promote events and activities

which enhance, improve and promote the community of Salado. The organization also offers programs and activities that are educational and inspirational as well as social.

Membership is open to anyone interested in volunteering their time and talent to promote organizational goals.

Membership dues are \$15 and the Auxiliary meets the second Thursday of each month at the Stagecoach Conference

Special guests attending the April 24 Daughters of the Republic of Texas meeting were Nona Hoyer, DRT District 5 Representative; Karen R. Thompson, Past President General of the State DRT and Janie Babcock, current DRT Historian General.

DRT luncheon honors 50/25 year members

Members of the Salado chapter of the Daughters of the Republic of Texas hosted district and state representatives of the DRT for a luncheon at Ambrosia Tea Room on April 24.

Visiting were Nona Hoyer, DRT District 5 Representative; Karen R. Thompson, Past President General and Janie Babcock, current DRT Historian General.

Nancy Carter, Salado

DRT President presented Hoyer with a \$500 donation to the Republic of Texas History Complex building fund on behalf of the Salado chapter. The complex will be adjacent to the French Legation Museum in Austin. Planned for the site is The Republic of Texas Museum and a Children's Interactive Museum, creating a complex with access to three museums.

During the luncheon two founding members of Salado DRT were honored with Emeritus status, Lavinia Haltom who received her 50 year DRT certificate in 2012 and Margaret Neves who received a 25 year DRT certificate in 2013. Neves served as the Salado chapter treasurer from 2002 - 2009. Both honorees helped to form the Village of Salado DRT Chapter in 2002.

CHORUS CONCERT CONTINUED FROM PAGE 5A

for concerts. The concert is free to the public.

This is the first of two annual concerts performed by the chorus; the other is the Christmas Concert. It

has already been scheduled for December 10, and will help "close out" the Annual Salado Christmas Stroll events. In addition, the Salado Community Chorus performs during the annual July 4th Picnic, Christmas in October and the Salado Community Thanksgiving Celebration. Throughout the year, chorus members provide special performances for various community activities. All concerts are free to the public.

The Salado Community Chorus is comprised

of 54 members representing Salado and several other Central Texas communities. Members of the chorus enjoy singing with others, learning new songs and providing choral entertainment. Salado Community Chorus officers are: Deborah Roberson, President; Lezlie Mann, Vice-President; Ann Moore, Secretary; Shirley DeGraw, Treasurer. Please join us for a delightful evening of choral entertainment. For more information, visit our website at www.saladochorus.com.

Salado Lady Eagle relay team of Taylor Atwood, Senior, Sarah Kate Kelarek, Sophomore, Abby Quick, Junior and Katie Robinson, Freshman won both the 4X100 Meter Sprint Relay and the 4X200 Meter Relay at the Area Track Meet last week. The girls set a school record in the 4X200 Meter. (COURTESY PHOTO)

Girls relay sets school record, tracksters qualify for Regionals

Salado Lady Eagles Track Team placed third in the Area Track Meet with a total of 73 points. Liberty Hill won the meet with 103 points, Wimberly second, with 107 points.

Salado's 400 Meter Relay Team of Sarah Kelarek, Abby Quick, Katie Robinson and Taylor Atwood took first place with a time of 49.28 to advance Regional Competition and to give Salado 20 points.

Salado's Relay Team of Kelarek, Quick, Robinson and Atwood placed first in the 800 Meter Run with a time of 1:44.87 to give Salado 20 points, set a school record and advance to Regional Competition.

Robinson placed third

in the 400 Meter Dash with a time of 1:00.07 to earn 6 points for Salado and advance to Regional Competition.

Macy Thresher placed fourth in the 300 Meter Hurdles with a time of 48.40. to earn 4 points for Salado and to advance to Regional Competition.

Atwood placed third in the 200 Meter Dash with a time of 26.04 to earn 6 points for Salado and advance to Regional Competition.

Kelarek placed second in the 100 Meter Dash with a time of 12.76 to give Salado 8 points and advance to Regional Competition.

Averi Fischer placed second in the Pole Vault

with a height of 10'-06" to earn 8 points for Salado and advance to Regional Competition.

Preston Kimbrough placed third in the 3200 Meter Run with a time of 10:13.27 to give Salado 6 points and advance to Regional Competition.

Kimbrough placed second in the 1600 Meter Run with a time of 4:37.66 to earn 8 points for Salado and advance to Regional Competition.

Jacob Quick placed third in the High Jump with a height of 6'-04" to earn 6 points for Salado and advance to Regional Competition.

The Regional Meet will be May 1-2 in Kingsville.

Salado soccer players earn All State, All Region honors

Two Lady Eagles and one varsity Eagle soccer player were named to the All-State Soccer teams recently. In addition, soccer players were named to the All-Region teams.

Sophomore Daniel Magadan earned first team All-State Soccer Team honors. The midfielder had six goals and seven assists in leading the Salado Eagles to the playoffs and a third place finish in District 25-4A.

Sophomore Sara Wilkerson was named to the Second Team All State. The forward had 20 goals and seven assists on the year, leading the girls to a District championship and to the Region Finals.

Junior Sam Isbell also

earned Second Team All State honors. The Lady Eagle goalkeeper had 23 shutouts and only allowed seven goals to be scored during the year.

Freshman Brandon Rodriguez earned First Team All Region honors. The forward had eight goals and four assists.

Junior China Saxton was named to the First Team All Region squad. The Lady Eagle Midfielder Saxton scored 17 goals and had nine assists.

Junior Midfielder Katy Ewton earned All Region Second Team honors. Ewton scored nine goals and had six assists.

Cristian Martinez, a junior Midfielder for the Eagles, received All Re-

gion Second Team honors. For the year, he scored five goals and had two assists.

Scout Puckett, a junior midfielder, was also named to the All Region Second Team. He scored four goals and had seven assists.

Coach Michael Goos was named the 4A Region 4 Coach of the Year. Coach Karen Ewton was named the 4A Region 4 Assistant Coach of the Year.

In addition to these All State and All Region listings, Salado had Senior Eagles Cameron Markham and JP Michael and Senior Lady Eagle Taylor Valeriano all earn Academic All State honors.

Sports awards banquet set May 19

The Salado High Sports Banquet and Awards Ceremony will begin 6 p.m. May 19 at the High School with a buffet dinner.

Tickets are now available at the Salado High School office 8 a.m.-3:30

p.m. weekdays through May 8. Tickets are \$20 for adults and \$10 for students age 12 and under. Student athletes are fed at no charge.

Tickets only for the banquet portion of the eve-

ning.

Following the banquet, the Awards Ceremony will be held in the High School competition gym beginning at 7:15 p.m.

Athletic Booster Golf Classic tees off at Mill Creek May 8

Salado Athletic Boosters will tee off their annual Golf Classic at Mill Creek Country Club at 12:30 p.m. May 8.

Entry fees are \$100 for individuals and \$400 for teams of four. Player entry fees include green fees, cart fees, refreshment and prizes awarded during the tournament.

Deadline for early entry is May 1. Fees and entry forms that include players' names and handicaps and whether they are a member

of Mill Creek and driving their own cart for the golf tournament may be mailed to Salado Eagle Golf Classic, PO Box 813, Salado, TX 76571. Reserved spots can be emailed to Trey Little at trey_little@hotmail.com. You can call Little at 254-913-1447 for more information about playing in the tournament or being a tournament sponsor.

Single players will be matched to a team.

There are three sponsorship levels for the golf

classic:

Eagle Sponsor, \$500, will include one paid player in tournament, a single hole sponsorship, listing on a banner at the event and other media recognition.

Silver Sponsor, \$300, will include premium sign placement, listing on the banner at the event and other media recognition.

Hole Sponsor, \$100, will include listing on the banner at the event and other media recognition.

Lady Eagles make playoffs; face LaVernia in first round

Salado Lady Eagles finished in fourth place in a district with three teams in the top 25 in state, defeating Llano 11-1 April 24 and losing to Burnet 9-1 April 21.

The Lady Eagles will face LaVernia, the first place team from District 26-4A. LaVernia finished the season 16-7 and 9-3 in district. The teams will face off in a best-of-three series with the first game at 6 p.m. May 1 in Wimberly. Game two will be 4 p.m. May 2 with game three to follow immediately, if necessary. Tickets are Adults \$5, Students \$3, District and Senior Citizen Passes Accepted

Liberty Hill (#6 in state), Burnet (#13) and Lampasas (#18) all tied for the district championship and drew lots for the playoffs.

Llano 1
Salado 11
Salado Lady Eagles crushed the Llano Lady Yellowjackets April 24 in their final district game 11-1.

Salado scored three runs without a hit in the first inning when Payton Dreitz and Kristen Oakes were walked and Malory Schattle was hit by the pitcher. An error scored Dreitz. Schattle stole home and Oakes scored on a fly-out to center by Bailey Tindell.

Dreitz scored again in the third after reaching first on an error. She went to third on a double by Schattle and scored on

a sacrifice fly by Tindell.

The Lady Eagles scored four runs in the fourth. Meagan Hill walked and scored on a triple by Jenna Calder. Calder scored on a triple by Lindy Martin. Madeline Murray singled to score Calder. Murray advanced on a single by Dreitz and a walk to Martin loaded the bases. Murray scored on a passed ball before Llano got out of the inning.

Salado added two more in the fifth. Calder earned a walk and Martin was hit by the pitcher. Stephanie Mancilla doubled to score Calder. Dreitz grounded out to third to score Martin.

The Lady Eagles scored their final run in the seventh inning. Oakes walked, advanced on a ground out by Tindell and a single by CeCe Cantu and scored on a single to left by Hill.

Llano's single run came as a result of two errors. Tindell earned the win on the mound striking out eight batters and allowing only one hit.

Salado 1
Burnet 9

Salado Lady Eagles struggled against Makenzie Carpenter in their 9-1 road loss against the Burnet Lady Bulldogs April 21. Carpenter struck out 10 of the 17 batters she faced over five innings on the mound, allowing just two hits and no runs to score.

Salado scored on Amber Womack, who pitched two innings, striking out

one and giving up two hits.

Meagan Hill got one of those hits to lead off the seventh inning, Salado trailing 9-0. She went to second on a passed ball and advanced to third on a groundout by Jenna Calder. Payton Dreitz singled to left to score Hill before the final two outs were recorded to end the game.

Dreitz had two singles in the game and a sacrifice grounder. Calder had the other hit on the night, a single in the fifth.

Salado batters were able to reach base only six times against Burnet.

Hill got the loss on the mound, pitching the entire game and giving up nine hits to Burnet and five earned runs.

Burnet scored twice in the first inning. Lexey Parker led off with a bunt and scored on a double by Shelby Wilson, who stole home after going to third on an error by second baseman Lindy Martin.

Parker again bunted and scored in the fourth. She advanced on a single by Womack and scored on an error by Martin.

Burnet added four runs in the fifth. Marissa Escamilla singled and stole second, went to third on an error by shortstop Malory Schattle. An error by Martin put Taylor Baker on first and scored Escamilla. Hill walked Natalie Frank to put runners on first and second. An error by Martin allowed Womack to go to first and Baker to score. Wilson singled to score Frank. An error by Calder loaded the bases and a walk to Vanessa Escamilla scored Womack before Hill struck out Carpenter for the final out of the inning.

Marissa Escamilla hit a solo homerun in the sixth to score the ninth Burnet run.

Adult soccer scheduled

Salado Adult Athletics presents an Adult Recreational 7v7 CO-ED Soccer program.

The season will begin the first week of May.

There is a competitive division for ages 18 and over and a Senior division for ages 27 and older. Players can play in one or both divisions. Cost is \$30 per player.

You may register as an individual who will be placed on a team or create your own team of seven.

Rules, registration forms, and more information can be found at www.Saladoadultathletics.org.

Summer adult soccer proceeds will go to Salado Youth Soccer Association.

All Games will be played at Salado Park, 215 Salado Park Road, behind Holiday Inn off I.H. 35.

For more information, email saladoadultathletics@gmail.com.

Baylor to accept Temple College transfers through agreement

Baylor University and Temple College recently announced the creation of a formal Baylor Bound transfer agreement that will help students transfer more easily between the two institutions and continue to expand educational opportunities for young people all across Texas.

Temple College President Glenda Barron and Baylor President and Chancellor Ken Starr signed the partnership agreement during a ceremony in the Leopard Room at the Pavilion at Temple College.

As one of its goals under the Pro Futuris strategic initiative, Baylor intends to create 10 Baylor Bound partnerships during the next five years. The Baylor-Temple agreement is the fifth partnership, along with McLennan Community College in Waco, Tyler Junior College in Tyler, Blinn College in Brenham and Collin College in McKinney.

The Baylor Bound pro-

gram will serve highly motivated Temple students who, upon meeting the program's criteria, will transfer to Baylor to complete their baccalaureate degrees.

"We at Temple College are excited for the opportunity to enter into this historic partnership with Baylor University for the benefit of our students. Baylor Bound opens the door for Temple College students to seamlessly transfer to Baylor University with the potential for scholarship support. Working together, we will make it possible for TC students to get the higher education they need to be successful in life," Dr. Barron said.

"The remarkably popular Baylor Bound program represents an affordable alternative for many community college students who wish to complete their degree studies at Baylor University," Starr said. "We are grateful to Temple College for enter-

ing into this collaborative partnership, which will expand educational access for students both in this community and throughout Central Texas."

The Baylor-Temple agreement helps to solidify a commitment on the part of both institutions to provide an educated and skilled workforce.

Students may declare their intent to transfer to Baylor by submitting the Baylor Bound application prior to enrolling at Temple or while enrolled as a full-time student. Admission to the program will be determined by Baylor's Office of Admission Services.

Temple students who become part of the Baylor Bound program can choose a plan from 66 majors, all of which are articulated through specific MAPS – or Major Academic Planners – that will assist them as they move toward timely degree completion. More information about these majors and

course transfer equivalency between Baylor and Temple is available at www.baylor.edu/advising/bbmaps.

Students must be enrolled in an approved A.A. or A.S. academic program leading to an approved Baylor B.B.A., B.A., B.S.W. or B.S. degree and refer to Baylor's Major Academic Planner when planning coursework.

Advisers from both institutions will help students select courses that satisfy program requirements to allow for a successful transition from Temple to full-time status at Baylor. Temple Baylor Bound students also will receive information about scholarships for transfer students and special transfer residential experiences. Also, Temple students will have access to Baylor's libraries via the Interlibrary Loan Agreement as well as special opportunities to visit the Baylor campus and meet with Baylor representatives.

Salado students show art in CAC exhibit

Several Salado students have their artwork showing in a special exhibit at the Cultural Activities Center in Temple.

The Cultural Activities Center of Temple makes its galleries available to young artists from Central Texas schools for this exhibit, working with school art programs in support of arts education.

The ArtWorks exhibit will be available through May 22. Gallery hours are Monday through Friday, 8:00 a.m. to 4:30 p.m.

Salado students partic-

ipating in the ArtWorks exhibit are these:

Salado Junior High: Cuyler Aycock, Marshall Hildebrand, Logan Foster, Risa Diaz, Jordan Stockton, Maddie Haltom, Hailey Wilson and Faith Madson

Salado Intermediate School: Hannah Fontenot, Priscilla Torczynski, Brooke McLaurin, Grace Osborne, Marcella Runnels, Cambrey Raven, Kate Neas, Renee Roche, Lydia Lesley, Kaitlyn Pfingsten, Chris Ortiz and Cooper Chambliss.

YOUR PROPERTY TAXES JUST WENT UP. OR HADN'T YOU HEARD?

When local governments want to increase tax revenues, they are required to publish notices in the newspaper so that you will know. But that right to know could disappear.

Local governmental entities across the state want to hide their public notices on little seen, rarely visited government websites.

What you don't know will affect you personally!

If it is not in the newspaper, you won't know about it.

Academic Team takes second in Region

One Act Play wins

Garza Best Actress

Salado High UIL Academic Team took second place in Region 4 with several qualifying for the State Meet.

Salado had 208 points to place behind Wimberly which had 211 points overall.

Salado's One Act Play won first in Region for its performance of *The Book of Everything*. Miranda Garza won Best Actress.

Casey Williamson was named to the All Star Cast. Kaydee Free was also named to the All Star Cast.

Sarah Dempsey received All Star Cast Honorable Mention.

Garza won Best Actress at the district and regional level. Williamson won Best Actor at area level.

The play's story features a child's view of domestic violence among his humorous fantasies of guppies, summer hail-

storms, and a beautiful girl:

Public performances are scheduled for May 14 and May 21 at 7 p.m. at Salado High School.

The State OAP contest for conference 4A is on May 26 at Bass Concert Hall on the UT-Austin campus. Shows begin at 4 p.m. Salado is the fourth show to perform (approximately 6:30 p.m.)

The Salado Speech Team took Second place overall.

The Calculator Applications team placed first with Sean Clement placing first individually and Tyler Armstrong placing fifth. Also contributing points were Derek Wales and Morgan Bird.

Current Events and Issues team placed third overall, led by Nathaniel Sunshine who placed seventh individually. Also earning points were Luke

Left: Casey Williamson plays nine-year-old Thomas; Miranda Garza plays his neighbor, Mrs. Van Amersfoort, in Salado's UIL One-Act Play entitled *The Book of Everything* adapted by Richard Tulloch from the novel by Guus Kuijer.

Miller, Sydney Jarvis and Austyn Giacommozi.

Molly Rodeffer placed first in Feature Writing.

Abigail Sullivan placed first in Informative Speaking.

Sullivan placed third in Lincoln-Douglass Debate.

Sean Clement was fourth in Mathematics.

The Number Sense team placed first overall, led by Ellis Van Sickle in second place, Peyton Kyburz in third place and Trey Sheppard in

sixth place. Michael McCullough also contributed points to the team effort

Rachel Evans placed second in Persuasive Speaking.

Kimberly Clay placed fourth in Prose Interpretation.

The Spelling and Vocabulary Team placed second overall. Kayle Manning placed first individually and Katie Kendall placed third. Also contributing points was Luke Miller.

Win over Taylor gives Salado district crown

With a 3-1 win at home over the Taylor Ducks April 28, Salado won District 25-4A outright finishing the regular season 17-5 and district 8-2. They will face the fourth place team in District 26-4A in the first round of the playoffs.

Taylor took a second inning lead with a solo homer but the Eagles tied it

in the bottom of the second Jacob Wilk singled and went to second on a single by Kyle King. He scored on a fielder's choice.

Salado scored two runs in the bottom of the sixth thanks to an error, a fielder's choice, two walks and a hit batter.

Cody Wolf struck out seven and allowed one run in the win.

Llano 0

Salado 10

Salado took advantage of wild pitching and scored 10 runs on their way to shutting out the hapless Llano Yellowjackets April 27.

Salado scored two runs in the first, thanks in part to three batters being hit by the pitcher and another being walked. Cody Wolf was the only batter to get a hit, a single to advance Preston Payne who was hit by the pitcher. Jacob Little was hit by the pitcher to

load the bases before Barrett Snyder was hit by the pitcher to score a run and Jacob Wilk was walked to score the second run.

The Eagles added two more runs in the fourth. Zach Marsh took the first pitch of the inning and knocked it over the left field fence for a solo homer. Kyle King was hit by the pitcher and stole second before scoring on a double by Wolf.

Garrett Lightfoot scored a run in the fifth innig after being hit by a pitch. he stole second and third base and scored on a sacrifice fly by King.

The Eagles scored five runs in the sixth. P a y n e was hit by the pitcher for the second time to lead off the sixth inning and s on a double by Little. Little scored on a double by Lightfoot, who went to third on a single by Snyder and scored on a passed

ball. Marsh walked and stole second. Mims doubled to score Snyder and Marsh.

Little earned the win for Salado, striking out eight and allowing just three hits, all singles.

Salado 10

Burnet 1

Salado Eagles scored four runs in the second inning, taking advantage of four hits on their way to a 10-1 route of the Burnet Bulldogs April 21.

Jacob Little led off the second with a double to deep left, scoring on a single to left by Garrett Lightfoot. An error put Zach Marsh on base and a single by Chase Basham loaded the bases. Jacob Wilk doubled to left to score Marsh. Barrett Snyder was waled and Preston Payne was hit by the pitcher to plate Basham. Wilk scored on an error that put Cody Wolf on first before Burnet could get the last out.

The Eagles added another run in the third. Lightfoot walked, went to second on a passed ball and stole third base. He scored after tagging up on a fly out to deep left by Zach Marsh.

Wilk led-off the three-run fourth with a double. He went to third on a groundout by Snyder. With two outs, Preston Payne singled and stole second, scoring on a double to left by Wolf. Wolf scored on a single to left by Little, who was left stranded on first.

Salado added two in the sixth. Payne walked. Little hit a homerun over the centerfield fence for the final runs of the game.

Community Garage Sale to benefit youth soccer

Salado Youth Soccer Association will host a community Garage Sale event 8 a.m. - 12:30 p.m. on May 2 at the Soccer fields on Salado Park Road (behind the Holiday Inn Express).

The community is encouraged to shop and/or sell. Booth spaces are available for \$30. Bring your truck, table or trailer at 7 a.m. to check in and get your space.

Proceeds will benefit the Salado Youth Soccer program.

YOUR NEIGHBORHOOD'S BEEN REZONED OR HADN'T YOU HEARD?

KEEP THE LIGHT ON PUBLIC NOTICES

When local governments make decisions they are required to publish a newspaper notice to let you know. But that could change. Local governmental entities across the state want to bury their public notices on little seen, rarely visited government websites. What you don't know will affect you personally! If it is not in the newspaper, you won't know about it.

Salado Village Voice

Water

FROM PAGE 1A

Texas because of its length combined with its driest year at the end of the drought," he notes.

"But as of April 21, about 35 percent of Texas is still in a drought to some extent, and an additional 10 percent of the state is still experiencing abnormally dry conditions." Altogether, Nielsen-Gammon explains, about 20 percent of Texas is still rated in severe drought or worse. The driest locations are the northern Panhandle to Fort Worth, and a broad swath west of San Antonio.

While conditions have improved in Texas, they have worsened in California, where 46 percent of the state is in exceptional drought, according to U.S. Drought Monitor figures.

"But that's still a far cry from the peak of the drought in Texas, where in October of 2011, about 88 percent of Texas was in exceptional drought," adds Nielsen-Gammon, a native Californian who grew up in the San Francisco area.

California's woes are magnified because it produces 50 percent of the nation's fruits, vegetables and nuts and it remains the No.1 agricultural state in the U.S. with more than 80,000 farms. The state legislature recently ordered cities and towns to reduce their water usage by 25 percent, but California farmers are exempt, even though agriculture accounts for 80 percent of water use in the state.

"Many California farmers had already experienced severe cuts in their water allocations - some have been cut to zero," Nielsen-Gammon notes. State officials fear California's problems will worsen - the state has already lost

20,000 agricultural jobs and that number could double and have a ripple effect across the country.

The Dallas-Fort Worth and Houston areas are experiencing above-normal rainfall since January, as are the Corpus Christi and Midland areas, Nielsen-Gammon notes.

The long-range forecast for more rain is a bit mixed, he says.

"The official outlook from the Climate Prediction Center calls for an El Niño to persist or intensify through next winter, meaning that Texas has a good chance of above normal rainfall again next winter," he points out.

"But first, Texas has to get through the heat of this summer, but even with the heat, there is some good news," Nielsen-Gammon adds.

"The widespread rains this winter and early spring should help keep the ground moist as Texas heads into summer, and that in turn will keep temperatures relatively low. Also, the El Niño conditions should reduce the amount of hurricanes in the Atlantic this season."

As for California, Nielsen-Gammon says the Climate Prediction Center's outlook for that state is not as promising, with California not expected to see much, if any, rainfall enhancement from El Niño over the next year.

"The only good news - if you can call it that - is that the dryness in California this past year is at least as much a fluke as Texas's dry 2010-2011," Nielsen-Gammon adds. "It can always happen again, but it probably won't for a good long time."

TWC Warns of False Employment Scams

TWC Warns Texas Job Seekers to Be Aware of False Employment Scams

Texas job seekers are urged not to cash checks from unknown potential employers

AUSTIN - The Texas Workforce Commission (TWC) wants Texas job seekers to be aware of scams that involve individuals posing as potential employers in order to collect money in exchange for non-existent jobs. Some fake employers have even used the names of established businesses and interviewed job candidates in legitimate meeting spaces in order to scam individuals out of money.

False employment scams can happen online, by phone or in person. Some scammers post fake job notices on legitimate job-matching websites and some have met and interviewed job seekers in public places. In all cases, the job seeker received

promises of employment and a request for some type of up-front payment.

Job seekers should never cash checks from businesses or purchase any equipment, licenses, certifications, starter kits, or software packages from them unless they have verified that the company and the offer are legitimate. Employers will never ask for money as a condition for starting work. Job seekers should also never provide personal information to an employer unless they have had a face-to-face meeting at the worksite or contacted the company's human resource office to verify the offer. Personal information includes the name of your bank, credit card, bank account or social security numbers. For more information about potential employment scams visit: www.consumer.ftc.gov/articles/0243-job-scams TWC safeguards personal

information on WorkInTexas.com by using stringent online security measures and by screening job seekers and employers registered through the site. Site activity is continually monitored and when suspicious activity is detected, immediate action is taken to lock accounts and contact the parties involved. TWC validates employers registered on the site to ensure that accounts and/or job postings are from legitimate businesses.

Job seekers who suspect that a job posting on WorkInTexas.com is not authentic, are asked to report it immediately by clicking on the Report a Problem with this Job Posting link located at the bottom of the job posting page on the right hand side. The job posting and/or employer will be reviewed for authenticity by workforce staff.

TWC encourages individuals to check their bank

or other online accounts for unusual activity if they suspect they are victims of a similar scam. To report suspicious activity, please call TWC's Fraud and Program Abuse Hotline at 800-252-3642. To avoid becoming a victim of scams, visit the Texas Office of the Attorney General online at www.oag.state.tx.us/consumer/scams.shtml or www.onguardonline.gov/, managed by the Federal Trade Commission.

The Texas Workforce Commission is a state agency dedicated to helping Texas employers, workers and communities prosper economically. For details on TWC and the programs it offers in coordination with its network of local workforce development boards, call 512-463-8942 or visit www.texasworkforce.org.

Salado Volunteer Fire Department Report April 22-26

April 22
 10:10-10:25 a.m., I-35 at 290 NB. Out for mutual aid with Belton Fd in reference to an MVA at 290 NB frontage road. We arrived on scene to find two vehicles with moderate damage. We established scene safety and traffic control. Belton FD arrived on scene and assumed command. All Salado units cleared. 2 units, 3 personnel.
 11:20-11:54 a.m., 700 Block Royal. Out to 700 Block Royal for a female patient low potassium. Arrived on scene to find the patient laying in bed spitting up. Patient had taken her med prior to our arrival. Obtained vitals and charted. Patient was aware on arrival. Scott & White Medic 11 arrived on scene and took over patient care. Scott & White obtained a no transport. All units cleared. 2 units, 3 personnel.
 1:48-2:18 p.m., 1500 Block Mill Creek Dr. Out to a structure fire in back yard/ a pool house on fire. Arrived on scene to find smoke showing from the building. Made attack on fire with extinguisher and put most of the fire out. Found that there was wiring and a plug that had burned up and had started the building on fire. Once power was cut off, took water hose and put the rest of the fire out. Removed boards that had burned on the building to make sure it

would not spread or rekindle. Once fire was out and no more dangers, all units cleared. 4 units, 6 personnel.
 9:05-9:44 p.m., 3800 Block Chisholm Tr. Out to 3800 Block Chisholm Tr. for a female patient with chest pain. Arrived on scene to find the patient. Patient sat down on chair. Obtained vitals and charted. Gave 4 baby aspirin. Scott & White medic unit arrived on scene and took over patient care. Scott & White transported. All units cleared. 3 units, 3 personnel.
 April 23
 6:45-7:03 p.m., 278 SB. Out to the 278 SB for a vehicle fire. Went en route and searched from the 286 MM to 276 MM in Williamson County. Nothing found no other callers and all units cleared.
 April 24
 6:57-7:27 p.m., 282 SB Rest Area. Out to a patient with abdominal pain. Arrived on scene to find patient sitting his truck with severe abdominal pain. Patient stated he had a history of kidney stones and this is the same feeling as in the past. Got vitals on patient and charted them. Scott & White arrived on scene and took over patient care. Patient walked to ambulance and Scott & White transported to Scott & White ER and all units cleared. 3 units, 5 personnel.
 April 25

3:03-5:31 a.m., I-35 NB at 275. Out in reference to a motor vehicle accident on I-35 at 278 NB. The scene was found to be at 275 NB, in Williamson County. Jarrell FD was on scene and requested mutual aid. We established scene safety and traffic control. DPS arrived on scene and assumed command. All Salado units cleared. 4 units, 5 personnel.
 April 26
 1:40-3:24 p.m., 285 SB IH35. Out to 285 SB for a MVA. Arrived on scene to find 4 vehicles moderate damage. All patients were out of vehicles and denied EMS services. Advised Scott & White Medic all of findings. Scott & White arrived on scene and took over patient care. Scott & White obtained no transports. Directed traffic until roadway was cleared. All units cleared. 3 units, 5 personnel.
 April 26
 2:16-2:56 p.m., Skydive Temple. Out to Skydive Temple for a female patient possible ankle fracture. Arrived on scene to find the patient laying in middle of field. Bystander holding right ankle. Patient had tenderness to touch on right ankle with some swelling. Placed splint via head blocks on patient. Obtained vitals and charted. Scott & White Medic arrived on scene and took over patient care. Assisted loading patient.

Scott & White transported. All units cleared. 2 units, 3 personnel.
 5:04-5:41 p.m., 280-282 NB I-35. Out to a Motorcycle accident at the 280-282 NB I-35. Arrived on scene to find DPS on scene and patient sitting on side of road by his motorcycle. Tried to get some information from patient and patient would not give much info to us. Patient was agitated and did not want c-spine mobilization done to him. Scott & White arrived on scene and took over patient care. Scott & White transported patient to Scott & White ER and all units cleared. 2 units, 4 personnel.
 5:30-6:01 p.m., 285 NB IH-35. Out for an unknown status traffic accident. Arrived on scene to find 3 vehicles blocking both lanes of I-35. Checked all patient and got refusals on all. SPD advised us to move all vehicles to parking lot, Scott & White medic arrived on scene and got no transports on all patients. Patient care turned over to Scott & White and all units cleared. 3 units, 5 personnel.
 7:16-7:53 p.m., 6300 Block Elm Grove Rd. Out to a patient unknown medical problem. Arrived on scene with BM1. BM1 had all patient care, patient was very confused and patient did not know where she was or what was going on. BM1 called dispatch and had BCSO come to scene.

Once BCSO arrived on scene no further assistance needed from SVFD and all units cleared. Unknown if patient transported. 2 units, 4 personnel.

Mesothelioma COUNTS

EXPERIENCE
 Lawyers with more than 100 years combined expertise.

may occur 30 to 50 years after exposure to asbestos. Many workers were exposed from the 1940s through the 1970s. Industrial and construction workers, along with their families (second hand exposure) are among those at risk for mesothelioma, lung cancer or gastro cancer (throat, stomach, colon). Call us for professional insight.
