FM 2268 bridge to come down

Crews prepare for demolition of old structure

By this time next week, the FM 2268 bridge over I-35 could be gone and the new bridge open for traffic, weather permitting. Rains early this week caused James Construction to postpone a closing to set concrete barriers.

James Construction plans on taking out the bridge overnight with a mainlane closure on Nov. 11, beginning at 7 p.m. and ending at 7 a.m. Nov. 12. The southbound entrance and exit ramps for I-35 at Thomas Arnold will be closed for this period.

The traffic map for this mainlane closure, which will result in both northbound and southbound mainlanes being closed, has not been released yet, but will be published on Salado Village Voice website as soon as it is.

Prior to that, though, James Construction will close the existing FM 2268 bridge to traffic for four days, beginning at 7 a.m. Nov. 7 and continuing through Nov. 10.

During the bridge closure Nov. 7-10, west bound FM 2268 traffic will be routed to the new FM 2268 structure and will be able to turn left to the new section of the south frontage road heading south. Traffic will not be allowed to turn right and head north. This will occur as soon as the existing structure is closed.

Traffic heading south on the existing west frontage road will be allowed to continue through the FM 2268 intersection.

Traffic heading south on the west frontage road wanting to go east on FM 2268 will be detoured using FM 2115, u-turn and go north on the frontage road back to FM 2268.

Texas Department of Transportation officials announced an overnight closing beginning at 7 p.m. Nov. 7 and ending 7 a.m. Nov. 8 to allow for James Construction crews to move concrete barriers. Meanwhile, the FM 2268 bridge will be closed through Nov. 10 to prepare for its demolition. All I-35 mainlanes at FM 2268 will be closed overnight Nov. 11 for the demolition of the bridge.

FM 2268 will be opened to traffic on Nov. 10. At this time, the west frontage road north of FM 2268 will be moved to the new section of the south frontage road. The section of the south frontage road from Thomas Arnold to FM 2268 will remain two-way as it is currently.

Moving concrete barriers on Nov. 7

James Construction will also be closing part of the mainlanes of I-35 overnight Nov. 7.

This closing was originally planned for Nov. 4 and was postponed due to rains early this week.

The right hand lane of southbound I-35 from FM 2268/Main St. beginning at mile marker 285 to FM 2843 (mile marker 283) will be closed 7 p.m. Nov. 4 through 7 a.m. Nov. 5 to allow the contractor to move the concrete barriers. Also, the southbound exit ramp for I-35 and FM 2268/Main St. (exit 285) will be closed. The southbound exit ramp for Thomas Arnold (exit 284) will be closed. The southbound entrance ramp for Thomas Arnold will be closed and the southbound exit ramp for FM 2268 (exit 283) will be closed during this time. FM 2484 to FM 2268.

Highland Games, Scottish Clans return to Main St.

Bagpipes will echo, kilts will sway, and dancers will leap at the pageant of Scottish culture, heritage, and tradition known at the Scottish Clan Gathering and Highland Games, Nov. 8-10 in Salado.

Guests can revel in Celtic cuisine, caber tossing, world-class dancing and as many as 100 bagpipers parading at the 52nd Annual Gathering at the Salado Civic Center at 601 N. Main Street.

Texas oldest Scottish gathering kicks off with a torch-lit ceremony atop the ruins of Salado's College Hill at 6 p.m. Nov. 9, followed by a 7 p.m. Welcome Social in the Central Texas Area Museum's Hall of the Clans, at 423 S.

Main Street.

Events begin at 9 a.m. Nov. 10. Guests who pay the entry fee at the Civic Center grounds can delve into Scottish ancestry and heritage with clan society representatives, tap their toes to lively folk performances, or wind amongst the many vendors and artisans selling Scottish goods.

While the grounds open at 9 a.m., a formal Festival Opening Parade begins at noon, featuring the massed pipe bands and clan society representatives carrying tartan banners.

They can also watch the athletic competition on Nov. 10 with men ages 18 to 39 competing in the Open category, men over

40 making up the Masters class, and all adult women in their own category completing the same events. Athletic events include putting the stone, tossing the Scottish hammer, tossing weights for distance, as well as for height, and tossing of the caber. Athletic competition begins at 10 a.m. and runs continuously through the day.

More events on the grounds include the Highland Dance competition. The highly athletic dance contests will feature continuous performances of the Highland Fling, Scottish Hornpipe, Sword Dance, Sean Triubhas and the Lilt. Many past Salado competitors have been world champions.

Sending reverberations

across the grounds such as those that bounce off wild mountains and dark glens in the Old Country will be the bagpipe and drum competition, for individual pipers and drummers as well as for bands.

Even more competitions include the shortbread contest and the bonniest knees contests to be held mid-day on Nov. 10.

Featured folks singers at the festival will include Carl Peterson, Don Gabbert, Dene Foye, Hugh Morrison and Central Texas' own Oak and Ember.

In addition, a worship service to include a "Kirk-ing of the Tartan" ceremony will be held at 9 a.m. Nov. 11 in the Salado Civic Center Building. Jim Haney will preach at the

service. The service will include a blessing of family tartans and a "Flowers of the Field" ceremony, honoring friends of the museum who have died in the last year.

Attendees can watch the children attempt athletic feats inspired by the adult Heavy Athletics performers. All children are invited to compete free of charge on Nov. 11.

Day passes to access all events on the Civic Center are \$15 for adults on Nov. 9 and \$10 on Nov. 10. A two-day pass can be purchased for \$20.

Brown announces candidacy for re-election

Precinct 2 Commissioner Tim Brown will file for re-election to the position he first filled two decades ago.

"The voters of Precinct 2 honored me with their trust," Commissioner Brown said.

Brown said that he first ran for the position because of his "concern about the impacts of rampant growth" in Bell County.

"I have enjoyed the privilege of serving with some outstanding men and women and," Brown said, "with them, have managed a remarkable transformation in Bell County."

Among the accom-

Tim Brown, Precinct 2 Commissioner.

plishments Brown has pointed to are these: substantially improved the financial strength and stability of the county; completely modernized county facilities, steadily improved the network of county roads and bridges,

developed an award-winning public safety communications system, implemented an award-winning cash management system to maximize interest earnings with greater security, implemented and maintained an award-winning workplace safety program resulting in the lowest workers compensation insurance rates in the state, developed an award-winning Information Technology Department, improved access to services through expansion of annexes and maintained one of the lowest tax rates and lowest per capita spending rate in Central Texas

"It has been my honor

to serve in leadership roles in a number of affiliated organizations and associations," he said. He is the former chairman of the Texas Conference of Urban Counties, the Central Texas Council of Government, the Central Texas Economic Development District and the Killeen-Temple Metropolitan Planning Organization (former chairman). "During my tenure as chairman, we secured funding for several major projects on I-35 and U.S. 190 in Killeen," he said.

Gov. George Bush appointed Brown to the Texas Historic Courthouse Preservation Working Group,

which developed the blueprint for the award-winning courthouse preservation program subsequently created by the legislature.

Brown has also been a member of the Hill Country Community Action Association (Executive Committee member) and chaired the Texas Conference of Urban Counties Policy Committee.

Brown's experience has led him to serve in many capacities on infrastructure committees, including travel and water infrastructure.

Twice Brown served as President of the North American Corridor Coalition, an international

coalition dedicated to economic development through infrastructure development and enhanced security and efficiency of international freight movement along the I-35 corridor.

Gov. Bush appointed Brown to the Texas Transportation Task Force, and he served as chairman of the Trans-Texas Corridor Advisory Committee, the TTC-35 Advisory committee and the My-35 Citizens Advisory Committee. This effort, Brown said, "developed the corridor improvement plan from which TxDOT and the legislature have made

Sewer politics smells the same

Dear Editor:

The residences in the incorporated Village of Salado are presently, unilaterally served by existing, regulated, septic systems. The voting history of the Village of Salado is overwhelmingly (R)epublican. Republicans, supposedly, stand for "less government and lower taxes", which also means against government "bail-outs/handouts" of taxpayer money to special interests, right? Only is a perfect Village...NOT Salado!

Can anyone with a brain in Salado, tell me why we, US, the taxpayers, voters, citizens, homeowners, of Salado, each with existing, functioning septic systems, would saddle each other with massive, government debt (property taxes), forever, on a sewer system for the few? Much of this proposed, "hand-out" was created when local Main Street "businesses" cried "WOLF" with supposed, non-functioning septic systems, which should have incurred the wrath and regulation of the ever-vigilant Bell County Public Health Dept.--how does one with an existing septic system get by with that?

Could it be because a business-cozy, "Lap-Dog", Salado city council (or should I say, omnipotent Board of Alderpersons?) led by a builder/developer friendly, Mayor, perhaps, with much to personally gain, say, we taxpayers need to "bail-out" Salado

Your Voice

Letters to the Editor

Main street businesses with a sewer system? Last I checked, sewer coverage was/is a cost of property ownership for each of US, as property owners--why won't "business" own up that? Should not "fairness" be that existing homeowners be exempted from the property tax burden of duplicating sewage systems concerns of the future for the "chosen Main St. businesses", duplicates having their present septic system, already bought and paid for? Folks, here's the proverbial, rest of the story...

This is all about taxpayer-subsidized sewer systems allowing builder/developers, including the builder/developer friendly, Salado Mayor, who may be a builder/developer, to create more lots per acre in developing the land in Salado and furnishing the rest of US with the future of creating Round Rock or Harker Heights II. If you moved to Salado, as we did many years ago, for the "quality of life", forget about that in the future and take a close look at Harker Heights or Round Rock... think cheap, "cracker-box" houses on small lots, traffic congestion, noise, stop-lights, increased water costs for less water, crime, etc.--did I already say Round Rock or Harker Heights No. II, for Salado of tomorrow? We,

US taxpayers, with septic systems, will be buying a group specific sewer system for the "government/builder/developer/business" complex at City Hall?

Good luck to all US septic system owners, oppressed financially thru increased property taxes, by the unneeded, Salado sewer system. It may get to be, many may not be able to "Shop Salado", in the future, after buying business/developer/ builder "special interests", their own 'lil sewer system! Do we, US, get to vote on this...yet another question? Let me leave with what is said more wisely by those from the past about thieves + politics = politicians...

1) Those who are too smart to engage in politics are punished by being governed by those who are dumber.
 ~ Plato, ancient Greek Philosopher

2) Instead of giving a politician the keys to the city, it might be better to change the locks.

~ Doug Larson (English middle-distance runner who won gold medals at the 1924 Olympic Games in Paris, 1902-1981)

Thank you, for taking time to read about our future; tirade over...for now.

major funding decisions in recent years. To date, over \$5.25 billion have been committed to improvements on I-35, including over \$800 million in Bell County." The committee Brown chaired was recently recognized by the Texas Transportation Commission for its role in developing the plan.

Meeting future water needs for the area and protecting water resources is of particular interest to Brown, who worked to create the Clearwater Underground Water Conservation District to provide a vehicle for the responsible management of local groundwater resources. He currently serves on the Brazos Region G Water Planning Group, tasked with developing the regional water plan for an area covering 37 counties in the central Brazos basin. he is coordinating the efforts of a local stakeholders group, working to protect the Edwards Aquifer while mitigating the impacts of federal environmental regulation related to endangered species

"I have taken a full-time, hands-on approach to the job," Brown said. "We have not shied away from difficult decisions. We have been pro-active and team-oriented in our approach to meeting chal-

lenges and I am proud of the unparalleled record my colleagues and I have produced."

"But the work goes on," he adds. "We know Bell County sits in the most dynamic growth corridor

in the mid-continent and we will continue to face challenges. But with intelligence, integrity and hard work, we can continue to promote economic opportunity while protecting the quality of life we trea-

sure." **FROM PAGE 1A**

"I will continue to dedicate myself to the task," he said. "My goal is to build on our unparalleled record and make Bell County the most efficient unit of local government in Texas."

On Nov. 12, the Belton Senior Activity Center will be having "Movie Day" at 12:30 p.m.

The featured movie will be "New in Town" released in 2009 starring Renee Zellweger and Harry Connick Jr. The weather isn't the only drastic change for high-paid consultant Lucy Hill when she's sent from her home base in South Beach, Florida to a small Minnesota town to improve the productivity of a local manufacturing plant. The town's residents also take some getting used to, especially the ruggedly handsome union boss who's doing his best to make sure that Lucy doesn't cut any jobs. Popcorn and drinks will be provided free of charge.

For information regarding these and future activities call 254-939-1170 or 254-718-1859. The Belton Senior Activity Center is located at 842 S. Mitchell Street, Belton, Texas.

SHS theater department brings Lend Me a Tenor to the stage

Chase scenes, mistaken identities, and the greatest opera star in the world come together for a fun, family night of entertainment when Salado High School's theatre department opens its fall season with the farcical comedy, Lend Me a Tenor by Ken Ludwig on November 14. Show dates include: November 14, 18, and 21 at 7 p.m. in the SHS cafeteria.

In the play Lend Me a Tenor, Julia and Saunders are portrayed by Sarah Dempsey and Zack Hoover.

Lend Me a Tenor is set in September 1934. Saunders, the general manager of the Cleveland Grand Opera Company, is primed to welcome world famous, Tito Morelli, Il Stupendo, the greatest tenor of his generation, to appear for one night only as Otello. The star arrives late and, through a hilarious series of mishaps, is given a double dose of tranquilizers and passes out. His pulse is so low that Saunders and his assistant Max believe he's dead. In a frantic attempt to salvage the evening, Saunders persuades Max to get into Morelli's Otello costume and fool the audience into thinking he's Il Stupendo. Max succeeds admirably, but Morelli comes to and gets into

his other costume ready to perform. Now two Otellos are running around in costume and two women are running around, each thinking she is with Il Stupendo. A sensation on Broadway and in London's West End, this madcap, screwball comedy is guaranteed to leave audiences teary-eyed with laughter.

Lend Me a Tenor was the winner of three Tony Awards and four Drama Desk Awards and was the 2010 nominee for Best Revival of a Play. The New York Times calls it "One of two great farces by a living writer."

Admission is \$5 and will raise funds for the UIL One-Act Play contest in the spring.

Adams makes third state trip Ladies win Region III cross country

Senior Ashley Adams will make her third trip to Round Rock for the UIL State Cross Country Meet, after she led the Salado Lady Eagles to the Region III Championship Nov. 2 at Atascocita High School in Humble.

Since her first appearance as a sophomore runner for the then-3A Lady Eagles, she has cut almost a half-minute from her time. She ran a time of 12:25.50 at the Region III Meet, compared to 12:47.86 in 2011 when she ran individually and placed 10th overall. Last year, she earned 10 points for the Lady Eagles as she ran a time of 12:54.70 at State.

Her time of 12:25.50 earned her a fifth place overall in the Region III race.

Four girls return from last year's eighth-place team in state: Adams, Katy Ewton, Arianna Rangel and China Saxton.

Ewton was the second team runner for Salado at the Region III meet with a time of 12:59.50. Ewton was 12th place overall at Region III, scoring nine points for the girls. She

has cut a minute off of her time from last year's state meet, when she ran the two mile course in 13:57.

China Saxton was the fourth team runner for Salado with a time of 13:10. This was 20th overall and scored 16 points for Salado. She ran a better time last year at state with a time of 12:55.70.

Rangel has trimmed half a minute from her state time. At the Region III meet Rangel was the fifth team runner for Salado with a time of 13:20.1, which was 26th overall and scored 20 points for Salado.

Katie Kendall is a

freshman running on varsity this year and was the third team runner at the Region III meet. She had a time of 13:06.4 which was 17th overall and scored 14 points.

The top five Salado girls runners at state last year had a combined time of 67:57.9. The top five runners for Salado had a combined time of 64:55.2.

Other team runners for Salado are Cassidy Brown, who ran a time of 13:21.70 at Region III for 28th place overall and Annie Ewton, who ran a time of 13:50.5 at Region III for a 48th place overall.

Young boys team wins Region III

This was supposed to be a rebuilding year, but the Salado Eagles boys cross country team has won both the District crown and the Region III crown to return to the State Meet Nov. 9 at Old Settlers Park in Round Rock.

Preston Kimbrough led the boys with a time of 17:25 over the two mile course, good enough for seventh place overall.

Sophomore Daniel Thoreson is the lone runner returning from last year's second place in state team, which graduated six of the top seven runners.

Lago Vista bullded over the Salado Eagles, scoring 42 first half points and coasting to a 48-7 win on Nov. 1, dropping the Eagles to a 1-8 record, 1-5 in district play. Salado travels to McGregor to face the 8-1 Bulldogs at 7:30 p.m. Nov. 8.

Even though they match records, the Bulldogs are in second place in district behind the 8-1, 5-1 Cameron Yoe Yoemen. The Yoe are defending state champions and suffered a single loss so far this year, falling to Lago Vista.

Marlin and Troy will face each other with the only playoff spot that could be in contention. If the Bulldogs beat Troy on Nov. 8, both teams will have a 4-3 record in district play. Marlin is 3-3 in district play and Troy is 4-2.

Cameron Yoe and McGregor have secured playoff spots. Three teams could vie for the last two playoff spots: Lago Vista, Troy and Marlin. If Marlin upsets Troy and if Academy upsets Lago Vista in the Vikings' final home game, then three teams will have three losses each.

The Vikings are not likely to lose to Academy, having overpowered Cameron Yoe earlier in district play with their powerful run offense and staunch defense.

The Vikings gave up just 117 yards when they visited Salado Nov. 1, allowing just five first downs by the normally high-flying Eagles offense.

Lago Vista held quarterback McLane Carter just 50 yards passing, which is less than 20 per-

cent of his typical performances. Carter connected on just six of his 14 passes.

Meanwhile, the Vikings piled up 444 yards total offense, including 350 yards rushing on 49 attempts.

Bryce Abrams caught the Eagles defense flat footed on two passes, both for touchdowns. He hit Colton Schwartz for a 20 yard touchdown in the first quarter and Eriq Mitchell for 74 yards for a second quarter touchdown.

Schwartz also scored two rushing touchdowns for the Viking on runs of 28 yards in the first quarter and 20 yards in the second quarter. He total 84 yards on eight carries. Eight Vikings carried the ball during the game.

Lago Vista scored 14 first quarter points and 28 second quarter points.

Scott Zuefelt had two short touchdown runs of 1 yard and 5 yards respectively. Dawson Hernandez scored from five yards out in the second quarter.

The Eagles' lone score came on an 80 yard third quarter kickoff return by Kase Spears.

Ryan Simmons led the Eagles in rushing with 69 yards on 10 carries.

Students learn integrity is key quality of leaders

By KATY CROFTCHECK
 SALADO YOUTH LEADERSHIP

Salado Youth Leadership had their second meeting to discuss the qualities of leadership and what it takes to become a good leader on Oct. 7.

The speakers who came to speak about the qualities of becoming a good leader were Jack Hensley: Salado Police Chief, Lt. Johnny Davidson: Salado Assistant Fire Chief, Jim Reed: Salado ISD School Board President, Charlotte Douglass: Business owner/ former mayor, Burt Smith: Salado High School Principal, Debbie Charbonneau: Village of Salado Director of Tourism, Nicole Stairs: Salado Chamber of Commerce President, and Morgan Bird and Blake Stephenson who are sophomores at Salado High School and SYL student advisors.

The members of SYL all agreed that the most important quality talked about at the meeting was integrity. Integrity is doing the right thing all the time, no matter who is watching. This is such an important

quality to have to become a good leader because you have to have courage to stand up for the right thing, even if the consequences may not be in your favor.

Another good quality that was brought up was that success is a journey, not a destination and without integrity you may never get to success.

Also, as leaders we need to let others go before ourselves because that shows the quality of humility. A few speakers also talked about how important being involved in the community as SYL members are. Several members in SYL have signed up to clean up the side of the roads in Salado as community service to the Salado Lions Club. All members are looking forward to a great year in

Salado Youth Leadership.

The members of SYL this year are Natalie Bazar, Caroline Birnbaum, Julie Craig, Katy Croftcheck, Maegan Cunningham, Courtney Evans, Hali Fischer, Anna Kathryn Fort, Elizabeth Garcia, Chase Kunz, Clayton Kunz, Kristen Oaks, Molly Rodeffer, Parker Seaton, Nathaniel Sunshine, and Brittany Vrooman.

The members of the SYL board this year are Michael Novotny: Salado ISD Superintendent, Burt Smith: Salado High School Principal, Rachel Lee: Salado High School Assistant Principal, Wendy Mays: Salado ISD parent/ volunteer, and Debbie Luftburrow: Salado ISD volunteer.

Museum will be stop on tour

By Nancy Kelsey

Lying in the shadow of Historic Salado College Park is the two-story rock building that houses Central Texas Area Museum. The lot on which the native limestone building sits possesses an interesting genealogy. Col. E. Sterling C. Robertson sold the lot in Robertson's Small Lot Addition to W. B. Armstrong and J. P. Arnold in 1862. John T. Eubank acquired the property in 1866, and for a number of years, operated a drug store, grocery, and mercantile concern on the site.

The Museum will be one of 10 homes and sites that are part of the Salado Historical Society's 2013 Tour of Historic Homes and Sites Dec. 6-8.

Bell County tax records show a stable and consistent value of \$800 for the lot from 1862 to 1874. Records in 1875 indicate a significant increase in the value of the lot. That year the tax assessor applied a value of \$2,500 to the lot; indicating that some fundamental change occurred on the property. Either there was improvement to an existing structure or the building that stands today replaced an older structure. Eubank sold the building in 1876 to Salado Grange.

Over the years, a grocery store, telephone exchange, and a curio shop that sold ladies handbags created from armadillo shells occupied the building. Central Texas Area Museum has occupied the

building since 1959.

Museum artifacts tell the history and development of Central Texas and Robertson's Colony. The museum owns an untold number of historic items, including documents, photos, saddles, jewelry, coins, purses, clothing, tools, and household items such as a butter churn, and many of these items are permanent exhibits. One exhibit includes two folding chairs used during the Mexican War and at Fort Gates by Major Horace Haldeman, who served in the U. S. Army. Other exhibits include Native American tools and arrowheads; a barbed wire exhibit representing ranching interest; the 1860 cornerstone from Salado College laid by the Masons; an 1895 painting of Salado College by Susie Vannoy; and an 1871 diploma from Salado College.

Special for this year's tour, visitors to the museum will see several special exhibits only available for viewing during the tour. These items include a

beautiful black beaded ladies snuff bag; art by Carrie Bloomer of Belton; A. J. Willingham's 1862 State Troops certificate signed by E. S. C. Robertson; and scales used by Jephtha Talley in 1830 at Dahlonega, Georgia, site of the first major gold strike in the United States. Also, porcelain face dolls; an 1864 Confederate tax receipt for soldier's tax fund paid by Letitia Barbee; and an 1892 broadside of "Surrender of Santa Anna". Visitors will see two oil paintings by renowned local artist Ella Koepke Mewhinney; a large framed picture of Fannie F. Ferguson, wife of Rev. James Ferguson and mother of Governor James E. Ferguson; and the plaque from the Fannie Ferguson Memorial Hospital at the Confederate Woman's Home, built 1917 in Austin. In addition, birth, marriage, and death records listed in O. T. Tyler's family Bible, with information dating back to 1790.

The museum's holdings include an archive and

a genealogy collection. Original documents date from the Republic period. During the tour, the genealogy collection will be open but not for research.

Earlier this year, Salado Historical Society relocated their office and exhibits to the museum. The Salado Historical Society exhibit at the museum includes items associated with Salado College and Thomas Arnold High School.

Much of the success of the museum is due to the dedication and hard work of the late Mrs. Sterling Robertson (1905-1997), who aggressively sought contributions to support museum operations. Be sure to look for Mrs. Sterling Robertson at the museum during the tour.

Decorated for Christmas, the museum will provide Celtic Christmas music, hot chocolate, coffee, and shortbread cookies.

With the exception of Historic Salado College Park, all homes and sites will be open 5-8 p.m. Friday, December 6; 10-5 p.m. Saturday, December 7; 1-5 p.m. Sunday, December 8. Historic Salado College Park will be open on Saturday (10-5 p.m.) and Sunday (1-5 p.m.) only.

Tickets for the tour are available at the Visitor Center (831 North Main Street), tourism@salado-events.com; and the following businesses: Charlotte's of Salado, Sofii's, Fletcher's Books, Taylors, and McCain's Bakery, all on Main Street in the historic Village of Salado.

Bacchanal at Salado Wine Seller

The Salado Wine Seller welcomes the Bacchanalian Society of Central Texas for their first event on Nov. 15.

The event will run from 7-9 p.m. The Bacchanalian Society's events are unique because each one involves a different wine assignment for blind tasting, fundraising for a different charity or non-profit, and conducted at a different location.

The Bacchanalian Society ensures that the finer things in life are enjoyed without pretense and always in the company of good friends. The group's namesake, Bacchus, is the

Roman deity of wine and merriment who represents not only the intoxicating power of wine, but also its social and beneficial influences. Visit the Bacchanalian Society of Central Texas' website at www.bacchsocietycentex.com for more information.

The Bacchanalian Society joins social and professional networking with philanthropy. The wine tastings attract diverse mix of inquisitive wine novices and wine experts alike to meet on common ground for the benefit of charity. Everyone is welcome, as long as you're over 21, but wine snobs

should check their attitudes at the door.

At the event, two of each team's three bottles are bagged, tagged and ranked by each participant. The third bottle is set aside and left unopened. The teams that brought the five highest ranked wines divvy up each team's third unopened bottles. The team who brought the worst ranked wine will be sent home with it - in shame. Each team will be given a card with a number for each wine. The wines will be rated on a taste scale of 1 to 5. Cards will be collected and the selections tallied. If 2 or

more teams bring the same wine, rankings can still differ depending upon the temperature of the wine, how long it has been open, etc. You must be present to win.

Call (615) 506-2464 to RSVP. Pay with cash or money order at the event. Payments for this event are payable to KNCT-TV and not to the Bacchanalian Society of Central Texas. Wine is to be purchased only at the Salado Wine Seller for this particular event in the international room. The Salado Wine Seller is providing three bottles for a total price of \$30.

Brilliant defensive play Contract Bridge

By Steve Becker

The name of Shri D.V. Gore might not strike a responsive chord, but Gore clearly earned a niche in the bridge Hall of Fame because of a defensive play he made on this deal from a tournament played in Calcutta.

West led the ace of clubs against four hearts, then shifted to a trump. Declarer won with dummy's jack and played a spade, losing the nine to West's ten.

West led another trump, and it was on this trick that Gore made the remarkable discard of the ace of spades! As a result, declarer went down one. Regardless of how he continued, he could not avoid losing two more spade tricks to West's K-J.

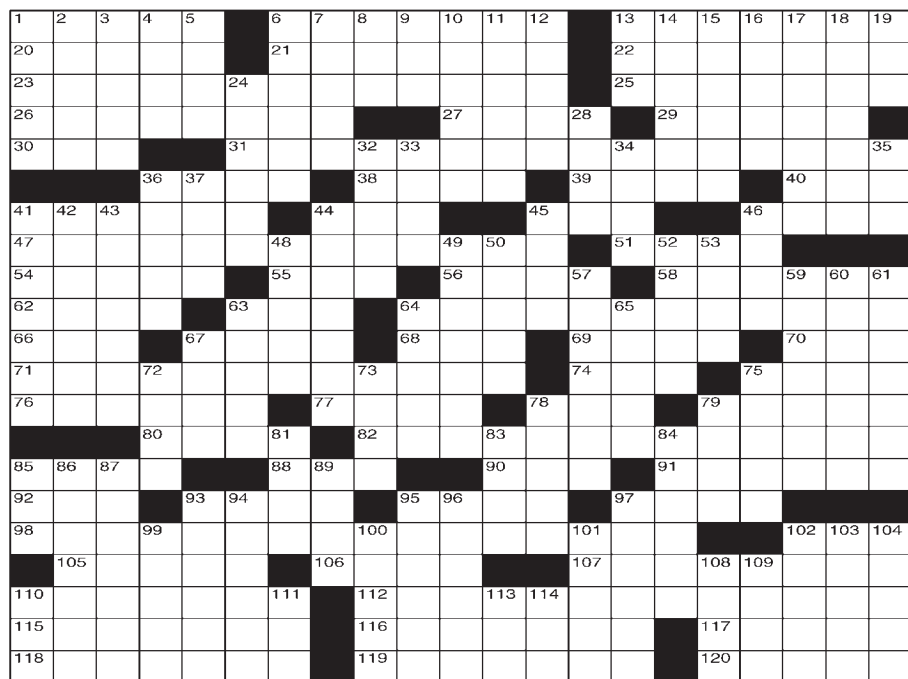

In practice, South played another spade from dummy, but West took the trick with the jack, led a third round of trumps and later scored the setting trick with the king of spades.

To appreciate the beauty of Gore's extraordinary play, let's assume that he had made the more normal discard of a club or a diamond on West's second trump lead. In that case, South would have led a second round of spades from dummy, and East would have

won the trick with the ace. Whatever East played next, South could later ruff a spade in dummy to make the contract.

Gore realized early in the play that the ace of spades was a millstone around his neck, so he parted with it as quickly as possible. He deduced from declarer's first spade play of the nine that West was nearly certain to have either the K-J-10 or K-Q-10, as declarer would have played a higher spade than the nine had he held the K-Q, K-J, Q-J or just the king.
