507 turn out for early voting

# Voters go to polls Sept. 27 on bond referendum

by Tim Fleischer Editor-in-Chief

Salado voters will determine Sept. 27 if \$6.5 million in bonds will fund a building program for a new middle school and renovation at the high school and elementary campuses.

Polls will be open 7 a.m.- 7 p.m. Sept. 27 at Thomas Arnold Elementary School.

A "Yes" vote is in favor of authorizing the Salado ISD Board of Trustees to issue \$6.5 million in bonds for construction of a new middle school and renovations at the two present schools.

With one day left in early voting, turnout has been very heavy in the bond referendum; 507 cast ballots through Sept.

for construction of a new 60,000 sq. ft. middle school for \$5.5 million, as well as \$725,000 in renovations to Thomas Arnold Elementary and \$275,000 in renovations at Salado High School.

The bonds, to be issued in December 1998 if passed by Salado ISD voters, will be funded through a projected increase in the tax rate of 10¢ per \$100 evaluation. (see sidebar story, entitled Bonds & Taxes)

Though a site plan has not been formally adopted, the proposed 60,000 sq. ft. middle school will be built between the elementary and high school.

A large cafeteria will be built at the middle school to be used by all three schools.

The dining area of 6,000 sq. ft. will handle a capacity of 400 students at a time, in addition to a 1,500 sq. ft. stage and approximately 2,300 sq. ft. for food preparation and service.

The present cafeteria at

Thomas Arnold Elementary will be converted into an elementary school library, nurse's office and band hall.

In addition to converting the cafeteria for other uses, renovations at the Elementary school will include relocating office space, converting newly released classroom space, a new roof on the entire school. new air conditioning, upgrading the entry and American with Disabilities Act (ADA) compliance upgrade.

Renovations at the high school include these: enclosing and enlarging the library, converting newly-released classrooms, repair roof, repair air conditioning, air condition gym, upgrade for ADA code requirements and parking/paving. The band hall area may be converted into a commons area for students

See Bond, Page 7A

# **Bonds & Taxes**

by Tim Fleischer Editor-in-Chief

If voters authorize Salado ISD Trustees to issue \$6.5 million in bonds for the proposed building project, the impact on the tax rate is projected to be an increase of 10¢ per \$100

This projected increase may mean an increase in tax bills in 1998, after a sizeable drop in 1997 tax bills for those claiming homestead exemptions.

The average home in Salado is valued at about \$96,000. For argument's sake, round it up to \$100,000.

Last year, an average homeowner taking the \$5,000 homestead exemption paid \$1,225.22 in school taxes at \$1.2897 per \$100 valuation.

This year, that same homeowner will pay \$1,070.75 when he or she gets his tax bill next month. This is a savings of more than \$150 from the bottom line. The lion's share of that cut (about \$125) is from the additional \$10,000 homestead exemption. In addition, because the SISD Board cut the tax rate to \$1.2597, an additional \$26.50 in savings is realized.

See Taxes, Page 7A

# Taste of Salado will be fun evening, raise funds Sept. 29

Salado" will buy a fun-filled evening sampling some of the best dishes of Salado's restaurants and an opportunity to get better acquainted with the activities and purpose of the Salado Community Center. The Community Center's fund raiser on Sept. 29 at Pace Park Pavilion will help finance the construction of a multipurpose structure for events drawing larger numbers of people than can currently be accommodated in the village.

It will be used for large meetings, exhibits and various musical dramatic and educational performances. Designed by noted Texas architect Larry Speck, the center will occupy a wooded portion of a large

A \$15 ticket to "Taste of tract of land donated by C.B. and Mary Hodge. It will be part of a complex for Salado youth athletic activities which is already in use there. At a recent board meeting, Grace Jones, President of the Board of Directors, noted that the growth of Salado highlighted the increase in requests for such a

A scale model of the design will be featured at the event and is on permanent display at Grace Jones' on Royal Street. "We're very proud of this and want people to come by any time to see it," said Jones. In addition, managing architect, John Newman of Salado will be on hand to answer questions that evening.

"We've had wonderful coop-

eration from the businesses for this event. Almost 100 percent," said Darrell Street, coordinator for the evening. "The Community Center has tried to be a good neighbor and the restaurants are showing their appreciation of that." The Salado Community Center has made contributions of over \$25,000 to various groups in town, such as the Salado Volunteer Fire Department, Salado Youth, the Salado Women's Chorale and the Salado Library.

Tickets are available at all participating restaurants as listed in the Salado Village Voice and on posters around town and from Community Center Board members. Music for the evening will be provided by Fred Fuller.

(photo by Marilyn Fleischer) Frank Carlson, of Cathy's Boardwalk Cafe, serves up roast beef during one of the Cafe's favorite Friday night buffets. Cathy's Boardwalk Cafe is one of the many Salado restaurants participating in the "Taste of Salado" Sept. 29 in Pace Park.

# Creek Council meets with lawyer to prepare for hearing

Salado Creek Council members and others who have banded together to try to stop approval of Odell Geer's application for an air permit met with environmental lawyer Stuart Henry Sept. 23 to prepare for an Oct. I hearing.

Those gathered for the meeting with Henry discussed strategy in trying to prevent Odell Geer from getting an air permit from the Texas Natural Resources Commission to operate a rock crushing plant near Prairie Dell.

A meeting is set before the TNRCC 9:30 a.m. Oct. 1 in Room 201S of Building E of the TNRCC's offices at 12100 Park 35 Circle in Austin.

The Commissioners will not take oral argument or public comment on this matter, but

may wish to ask questions of the applicant, hearing requesters and staff. The Commissioners will make their decision based on the hearing requests, written responses to the hearing requests, any written replies to those responses and

any response to questions.

Terre Slima and Sidney Pruett, who both own property with a half mile of the proposed rock crusher have been given approval for their hearing requests, but 10 others have been denied.

# Susan Marie's defines fashion (for writer who doesn't know)

by John Eubanks

I know as much about women's clothing as I know about ... women's clothing.

I guess you could say I know as much as I need to know. Which isn't a lot.

So you can understand my apprehension earlier this month when I was assigned to do a story on Susan Marie's on Main Street.

Fall sports are one thing. Fall fashions are quite another.

Thankfully, I received a crash course in women's fashion from owner Susan Richmond and Sheryl Russell, the store's visual coordinator who also handles the advertising and marketing

The reason behind this course in Fashion 101 had to

# Christmas Stroll Luminaria Order Form

Once again its time to "think Christmas" and participate in the village lighting program. Order enough Luminaria sets (candle and bag) to decorate the front of your business & adjoining areas. Please talk with your neighbors regarding the sharing of the expense if you are situated on the street next to where there is a residence or unoccupied space. The goal is to have a continuous line of lights through North and South Main. Place the luminarias approximately 3 ft. apart.

If you would like help in determining the amount you need, please call 947-1772.

In order to have a continuous line of lights through North and South Main donations for extra luminarias are greatly needed and appreciated!

# of white bags @ .15 each=\_\_\_

It is suggested that you buy extra candles to last through both nights of the Stroll.

Total payment enclosed\_\_\_\_\_

If you would like to participate in the luminaria program the second week-end of December, please order accordingly.

Absolute Dead Line: October 31st

Make checks payable to Salado Business
Association and return to The Royal Salamander

# I'll be home for Christmas

Christmas in October 9 a.m.-4 p.m. Oct. 10-11 at Salado Civic Center sponsored by Chamber of Commerce Auxiliary

The theme for this year's Christmas in October is "I'll be Home for Christmas." It will be open 9 a.m.-4 p.m. Oct. 11-12 with admission at the door of \$5 for adults and \$2 for children ages 2-11.

Over 35 displays will be shown in the Civic Center, while the Bake Shop and Grandma's Pantry will be in the Historical Society log cabins on the grounds of the Civic Center.

Christmas ornaments will be on sale in the Historical Society room in the civic center. Potpourri and baked goods from ladies throughout the village will also be on sale during Christmas in October.

"The Salado Historical Society so graciously offered the cabins this year, which should offer a quaint and cozy feeling," said LaFon Ditzler, chairman of the Christmas in October event.

There will be carolers and Santa Claus in the Gazebo 11a.m.-1 p.m. Oct. 11.

Everyone is asked to please bake for the annual event. Proceeds from Christmas in October will go to projects throughout the village, including the Salado Volunteer Fire Department and scholarships for Salado High Students.

Baked Goods can be delivered to the Civic Center Oct.

9. Containers for the baked goods may be picked up from the Civic Center next week.

For more information about Christmas in October, please call LaFon Ditzler at 947-5792 or the Salado Chamber of Commerce at 947-5040.

# Lady Eagles varsity volleyball team takes fourth at Granger Tournament

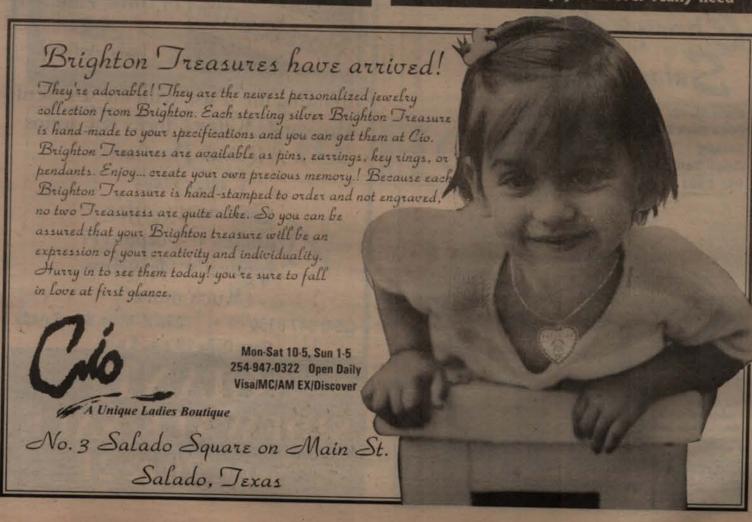

One of the Matthews triplets returns the ball against Bartlett Sept. 16. (photo by John Eubanks)

by John Eubanks

The Salado High varsity volleyball team lost to host Granger, 10-15, 15-10, 15-8, for third place in the Granger Tournament Sept. 20.

The Lady Eagles had opened the tournament with a 15-11, 15-12 win over Granger, although it was a squad consisting of varsity and JV players. The second Granger match was against the team's regulars.

Coach John Black said it was the third time this season that his team has lost to the regular Granger squad. All three losses went three games, however.

"We're two evenly matched teams," Black said. "They've just had success against us in the past, and that carries over."

Salado advanced to the third-place game after losing to Florence, 15-10, 15-11. Black said the team played pretty well, but didn't serve well in the first game.

The Lady Eagles (3-12) hosted Bremond Sept. 23. Results were not available by press time for this issue.

The girls' last home game was a 15-9, 15-10, loss to Bartlett Sept. 16. It was an improvement from the first time the two teams met last month when Bartlett won 15-1, 15-2.

Salado's record drops to 2-10. Bartlett Coach Rory Bartels' team improves to 11-4.

"I was extremely pleased with the performance of the team," Black said. "The first game tonight -- both, in fact -- we had to work hard for our points. We had good rallies and an overall good game."

The Lady Eagles trailed 8-1 in game one before cutting the deficit to 13-7. Sarah Summers made some nice blocks at one point during that stretch, but was shaken up briefly while hitting the floor on her backside.

Bartlett took an early lead in game two, only to have Salado tie the score at 7-7. Lori Matthews made a nice dig on the ball to set up the typing point.

Salado took a 9-8 lead, with Kathy Matthews serving, before Bartlett regained the lead for good, 11-10. Salado would serve only once more before Bartlett scored the last four points.

"That's the type of team that can help us get better," Black said. "A couple of times in there they went on spurts that hurt us. But we got quite a few blocks or at least got our hands

See Volleyball, Page 5B

# Volleyball

on the ball, and the back row picked up their spikers well." JUNIOR VARSITY

The JV lost 15-10, 13-15, 15-8 to Bartlett. Black said the girls had "great serving" in game two, after a poor performance of serving and receiving serve in game one.

Black said Lauren Quirk had a couple of key hits in game two as did Sarah Buchanan.

In game three, Black said, "It seemed like the girls were confused and had a lack of concentration on service and receive service."

The JV lost to Florence 15-13, 6-15, 11-15 in the championship game of the Granger Tournament Sept. 20. Salado led 11-6 in game three, only to watch as the opposition served out the last nine points. The JV opened with a 15-6, 15-9 win over Bremond.

#### FRESHMEN

The freshmen won their first match of the season, beating Bartlett 11-15, 16-14, 15-4.

The girls missed several serves in the first game, Black said, but showed their resolve in game two. Trailing 9-3, they came back to tie the game at

10-10 and scored the last two points after a 14-14 tie.

FROM Page 4B

"They never gave up," Black said. "They could have given up in the second game."

Black singled out Micki Rosanky and Stacy Blodgett for their serving in the last two games.

## 'One Voice' to perform in Salado Sept. 28

"One Voice" a youthful and exuberant ensemble from UMHB will close out the Salado September Sunday Nights series for 1997. All ages will be entertained by this noted musical ensemble. The concert is set for 7 p.m. Sept. 28 in the Goodnight Amphitheater at Tablerock in Salado.

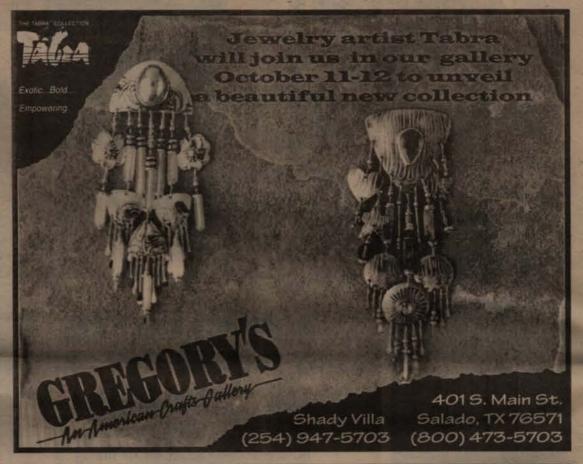

The idea for the traveling ensemble originated in 1976 and the group was originally named "The New Edition". In 1993, the name was changed to "One Voice". The ensemble is a group of eight students who are chosen each year by a committee of faculty and staff

who interview and audition each student who applies. Each member is chosen for musical talent and ability to communicate on and off the stage, is a committed Christian, maintains a specified grade point average and is considered a campus leader.

The group ministers to all ages. A typical program will embrace contemporary Christian, southern gospel, traditional praise and worship selections. Choosing from a repertoire of more than two dozen memorized songs, the group seldom presents the same program twice.

The group is off campus three weekends per month and sometimes several week nights and typically travels ten thousand miles a year. In the past 20 years the "One Voice" ensemble has traveled over 200,000 miles and has performed before almost a half-million people.

Everyone is invited to this free concert sponsored by the First Baptist Church of Salado. Lawn chairs or blankets may be brought for comfortable seating. In case of rain, the performance will be held at the Salado School cafetorium.

Featuring original paintings, limited edition prints and other fine collectables by the favorite artist of Texas, Dalhart Windberg.

At The Colony Salado 229 N. Main St. 254.947.3300

# Bartlett Friendship Fest begins Sept. 27 with parade through town

Bartlett is the place to be Sept. 27 during Friendship Fest, a day filled with family fun, including parade, arts and crafts, food, music, a men's slow-pitch softball tournament, barbecue cook-off and other festivities.

The day begins with a parade at 10:30 a.m. Parade entry is at 8 a.m. with judges selecting the winners of entries at 9:30 a.m.

Following the 10:30 a.m. parade will be a variety of musical entertainment scheduled for the rest of the day. Bring lawn chairs to enjoy the afternoon visiting with old and new friends.

Some of the old friends gathering for the Friendship Fest will be the Bartlett High School graduating classes of the 50s, holding class reunions at the American Legion Hall 1-5 p.m.

The Bartlett Activity Group will have Barbecue and all the trimmings with the Bartlett Historical Society selling desserts beginning at 11 a.m. at the Bartlett town hall.

The Bartlett Volunteer Fire Department will announce the winners in its annual Barbecue Cook-off at 4:30 p.m.

The Friendship Fest will include plenty of sights and sounds for your entertainment, in addition to the Barbecue Cook-off.

Apache and Black Hawk helicopters from Ft. Hood will be on display, as well as a Dragstrip Car Show on Clark St. The Medivac helicopter from Scott & White will be on hand, if there are no emergency calls.

Arts and Crafts booths will also be open, as well as food vendors to tempt you. Local restaurant Lois and Jerry's will be open 11 a.m.-2 p.m. for short orders. Blackland Cafe and Spear's Restaurant will also be open for your eating pleasure.

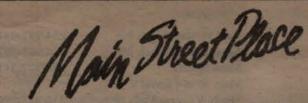

Major Roome's Emporium will be the site of a silent auction for items donated by vendors in local antique and specialty shops. All the shops in downtown Bartlett will be open for your shopping.

You will want to watch where you step during the Cow Patty Bingo that afternoon.

A free Street Dance will begin at 8 p.m. with music by The Mark Richey Band. Lois and Jerry's will be selling drinks, so come out for an evening of good music.

The Bartlett Chamber of Commerce sponsors the Friendship Fest and the Bartlett Volunteer Fire Department sponsors the Barbecue Cook-off.

For information about the Friendship Fest, call 527-3949. For information about the Barbecue Cook-off, call 527-4461.

### Killeen mayor to address Salado Democrats

Killeen Mayor Raul G. Villaronga will be the guest speaker at the Salado Democrats' monthly meeting. He is a Democratic candidate for Texas House of Representatives, District 54, a seat currently held by Rep. Suzanna Gratia Hupp, R-Kempner.

All Democrats and independents are invited to attend the meeting, set to begin at 6:30 p.m. Oct. 6 at the Hodge party house. There will be refreshments as usual. For directions, call Mary Hodge, 947-5290, or Billye Fuller, 947-8318.

Villaronga will be accompanied by his wife of 39 years, Julia.

He is presently serving the maximum allowed third term as mayor. His legacy has been unprecedented growth and increased citizen participation, according to a press release from the Salado Democrats.

Keeping in mind that the primary election is just over five months away, the Salado Democrats encourage all voters to make an effort to become acquainted with all those candidates who make themselves available.

### Landrum entertains SHS Spanish classes

Minta Landrum was a guest speaker in Yvonne Harmon's Spanish I and II classes at Salado High.

Landrum shared her cultural experiences in Mexico and Eagle Pass, Texas, during her 30-year teaching career. Landrum demonstrated how to make paper flowers used in many cultural activities and

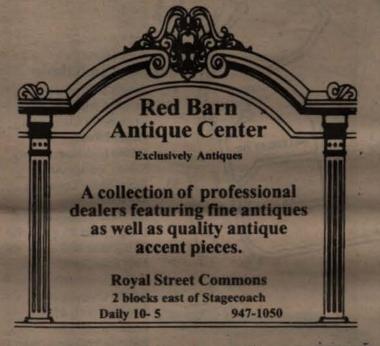

how to make "Ojos de Dios" used in the Hispanic community to decorate during the Christmas season. She also shared the custom of making "bunuelos," a crispy sweet bread made for celebrating New Year's.

For observing Easter, Landrum demonstarted how to make "cascarones" and explained their use during the Easter holiday in the Hispanic community.

The students also enjoyed learning about "El grito Dolores," the call for Mexico's independence from Spain, Hispanic culture celebrating "el dia de los muertos" and the "Posadas" during Christmas. The custom of lighting the "Farol" lantern during Christmas was also shared.

But the most asked question was "Why orange?" in reference to Landrum's propensity to wear orange.

And true to form, Landrum
-- Ms. Orange of Salado -- was
also able to share the reason
behind this custom.

# Bartlett Friendship Fest begins Sept. 27 with parade through town

Bartlett is the place to be Sept. 27 during Friendship Fest, a day filled with family fun, including parade, arts and crafts, food, music, a men's slow-pitch softball tournament, barbecue cook-off and other festivities.

The day begins with a parade at 10:30 a.m. Parade entry is at 8 a.m. with judges selecting the winners of entries at 9:30 a.m.

Following the 10:30 a.m. parade will be a variety of musical entertainment scheduled for the rest of the day. Bring lawn chairs to enjoy the afternoon visiting with old and new friends.

Some of the old friends gathering for the Friendship Fest will be the Bartlett High School graduating classes of the 50s, holding class reunions at the American Legion Hall 1-5 p.m.

The Bartlett Activity Group will have Barbecue and all the trimmings with the Bartlett Historical Society selling desserts beginning at 11 a.m. at the Bartlett town hall.

The Bartlett Volunteer Fire Department will announce the winners in its annual Barbecue Cook-off at 4:30 p.m.

The Friendship Fest will include plenty of sights and sounds for your entertainment, in addition to the Barbecue Cook-off.

Apache and Black Hawk helicopters from Ft. Hood will be on display, as well as a Dragstrip Car Show on Clark St. The Medivac helicopter from Scott & White will be on hand, if there are no emergency calls.

Arts and Crafts booths will also be open, as well as food vendors to tempt you. Local restaurant Lois and Jerry's will be open 11 a.m.-2 p.m. for short orders. Blackland Cafe and Spear's Restaurant will also be open for your eating pleasure.

Major Roome's Emporium will be the site of a silent auction for items donated by vendors in local antique and specialty shops. All the shops in downtown Bartlett will be open for your shopping.

You will want to watch where you step during the Cow Patty Bingo that afternoon.

A free Street Dance will begin at 8 p.m. with music by The Mark Richey Band. Lois and Jerry's will be selling drinks, so come out for an evening of good music.

The Bartlett Chamber of Commerce sponsors the Friendship Fest and the Bartlett Volunteer Fire Department sponsors the Barbecue Cook-off.

For information about the Friendship Fest, call 527-3949. For information about the Barbecue Cook-off, call 527-4461.

#### RX FOR THE FOOD AND DRUG ADMINISTRATION

ndrea Fisher is a bright young woman, 38 years old, a successful attorney and the mother of three young children. Last month she was diagnosed with Amyotrophic Lateral Sclerosis (ALS), commonly known as "Lou Gehrig's Disease

ALS is a progressive disease of the central nervous system that strikes nearly 5,000 Americans each year. There is no cure. Its victims typically survive between three and five years, during which time their muscles gradually cease to function. They loose the ability to swallow, and then

The only drug now available to treat ALS extends the life expectancy of its victims two or three months. A newer drug, Myotrophin, increases their life expectancy by 26 percent. Two studies of this drug have been completed, with promising results. There are no concerns about its safety. Despite these results, the U.S. Food and Drug Administration (FDA) has refused permission to put this drug on the market, and is requiring yet another study.

Desperate ALS patients, such as Andrea Fisher, have no access to Myotrophin unless they are lucky enough to be able to participate in the third clinical study. This sad situation is proof positive the FDA needs critical reform in the way it operates,

For almost 20 years, congressional committees and a plethora of advisory commissions have studied the FDA and offered prescriptions for its improvement. These efforts focused on the time it takes a new drug or treatment to move through the testing process and arrive on the market. A common theme of these studies is reflected by the following, taken from the 1989 Edwards Commission report: "The (FDA) should be guided by the principle that expeditious approval of useful and safe new products enhances the health of the American people. Approving such products can be as important as preventing the marketing of harmful or ineffective products."

The FDA reform bill now before the Senate would streamline the approval process without sacrificing safety. One of its strongest provisions expands "fast track" approval to cover any new drug that treats serious or life-threatening diseases — drugs such as Myotrophin.

The expedited approval lane is now available only for HIV and cancer treatments, despite the fact that the FDA's experience has shown that expedited testing does not compromise safety or effectiveness. If we get

reform, no longer will some diseases be "more equal than others."

In addition, the legislation will allow any patient, acting through a licensed physician, to request a drug or device still in the testing phase if no other effective or approved therapy is available. Access to new, state-of-theart drugs will be expanded to those suffering from a long list of tragic

conditions such as Lou Gehrig's disease and multiple sclerosis.

The new law also will allow food labels to include health claims if an authoritative federal scientific body has published proof. A case in point; countless cases of spina bifida could have been averted had the FDA moved more quickly to permit health claims to be made for the B-vitamin folic acid. adequate supplies of which prevent such neural tube disorder

Bottom line here is that the FDA is doing an adequate job of ensuring that the drugs doctors prescribe for Americans will help, not harm them. But the agency could and should work much better. Each day we delay reform denies Americans quicker access to better, sometimes crucial, therapies. 8.12.97

# Plenty of roadblocks in path to better highways in Texas

A recent news report on TV indicated that highways in the United States have an average life span of ten years while the roadways in Europe have double and even triple that

Even more chilling, we have learned that by using current technology, American builders could create roadbeds that would last 100 years.

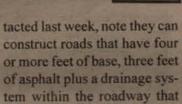

Texas Highway engineers claim that today's primary roads are designed to have a life of 30 years, weather permitting and provided they receive a protective seal-coating once every 7 to 10 years and also provided they carry only truck loads with approved legal weights.

What has taken place in our State is that the Legislature, in its normal "dipsy-doodle" manner, has allowed the heavy haulers to secure special permits allowing them to overload trucks legally.

It is estimated that a legally overloaded truck, can tear up \$10,000 worth of highway each year simply by securing a legislatively approved "overload" permit fee of \$100.

Highway engineers, con-

Off the Record by Ken Clap

will last fifty or more years. Several reasons why this is not being done. First is the cost involved plus the time it takes to construct these longer lasting roads. Estimates range from two to three times current construction.

And secondly, it is doubtful the public would stand for additional taxes on gasoline to build better roads, although we meekly allow oil companies to raise their prices at will.

Additionally, there is a limited amount of funding available at both the state and federal levels for road construction, therefore when States set out the "specs" for highway contracts they have to keep costs in line with available dollars. This has a direct bearing on the life of our primary road-

Many citizens feel that be-

solely responsible for the Kennedy assassination ... September 27, 1990, the Senate voted to confirm Judge

David Souter's nomination to the

tween the trucking lobby and the highway construction companies there is a concerted effort and interest in not building long lasting roads.

Trucking interests who are not willing to pay their fair share of the cost of highways; highway builders who will not guarantee their work; a limited amount of construction dollars and unhappy taxpayers who want longer lasting roads but don't want to pay the high price tag: somewhere in this mix lies the heart of the mat-

One step in the general direction of curbing the danger of increasingly heavy truck traffic, might be to create special roads designed solely for high speed and over-loaded trucks. And paid for mostly by the trucking industry itself!

#### FREE SPEECH?

We have finally tracked down someone so fleet afoot that he can outdistance Phil Gramm when it comes to reaching a TV camera before it starts rolling.

Used to be said that the most dangerous place on earth was standing at any point between old Turtle-neck Phil and an open microphone.

This good GOPer had a knack for finding the media and pronouncing his presence and ideas to a defenseless public - ready or not.

Today's new winner for honors in the race for publicity is none other than Jessie Jackson who can move from Washington D. C. to anyplace around the world in a matter of hours.

One day he is leading a march across a bridge in San Francisco and another he is on the University of Texas campus denouncing a law prof who made the unfortunate mistake of speaking out on affirmative

### This Week In History

On September 22, 1776, Nathan Hale was executed by the British for being a spy ... September 23, 1780, Benedict Arnold was found to be a traitor but he escaped and was made a brigadier general in the British army ... Dear Editor,

The following information is presented in response to a paper titled "A TALE OF TWO BONDS," which has been circulated by hand. The flier compares bonds and associated construction of Wimberly HIGH SCHOOL to proposed bonds and construction of a Salado MIDDLE SCHOOL. It refers to the Austin American-Statesman newspaper as its source of information about the Wimberly school. It contains misleading information about the proposed Middle School.

Here are some examples:

It describes the Salado science lab as one science room. However, the proposed lab is a combination laboratory, lecture, and storage room with perimeter and sinks, with 1,000 square feet of floor

It describes the media center as a reading room. Actually, the proposed media center has a reading area with 2,000 square feet of floor space with open stacks for 8,000 volumes. It includes electrical outlets for television and additional space for audio and video storage.

It refers to classrooms as having an estimated capacity of 300 students. Actually, there are 21 classrooms proposed, having a capacity in excess of 400 students.

There are other misrepresentations and/or incomplete information contained in the one page handout which compares a HIGH SCHOOL to a MIDDLE SCHOOL. There is no comparison of layouts or structural materials.

Our Salado School Board received proposals from 14 architectural firms and selected Claycomb Associates from all of the proposals. Should we have confidence in a flier which has misrepresentations and incomplete information, or should we have confidence in our local elected officials?

Let's not let this confuse us: we don't want to miss the chance to do what is right for the kids.

Sincerely, Jerry Adams

#### MORE PRISONS?

Have you wondered why the leaders of our State are currently worrying about not having enough prisons and want to sink another billion or so into new "correctional facilities"? (Love that politically correct name for a hoosegow!)

Question: If we don't have enough space for our misbehaving citizens here in Texas, why are we renting out jail beds to miscreants from other states?

Something wrong here for sure. We either have enough space for our own prisoners or we don't. If we don't have space for Texas offenders, then we need to build new facilities.

If on the other hand, we have enough room to rent cells to out-of-state convicts, why not just hold them for our homegrown law breakers?

We simply must get this mess straightened out before we go to taxing folks for more high priced incarceration centers to house our growing population of criminals.

#### JUST FUNNING

The Salado branch of the infamous "Do-No-Gooders" society of coffee drinkers that meet with alarming regularity at the Stagecoach Coffee Shop, have come up with a startlingly brilliant idea.

These ponderers of fun and fancy have decided it is just not enough to brand a villager, who likes to complain, as a cantankerous curmudgeon.

Not enough dash or verve, we suspect, for these observers of life in the hinterland. What the DNGers have come up with as a title of honor, has been stolen and more than slightly altered from an old German military rank.

Try this on for size - "Ober Grumppen Fuhrer" - which translated (very loosely) comes out "Exalted Leader of The Grumps"!

Think of the possibilities - "Grumppen Fuhrer of The Week". Complete with picture-story in Village Voice!

Given to the villager who has exerted the highest level of current complaining over one or more subjects or activities going on in town.

DNGers might even have

a medal struck and handed out each week to the "Grumppen" leader. It could be passed around from person to person.

Perhaps, one who receives it three weeks in a row could keep it forever. Think how nice it would look at home over the fireplace! A real conversation piece!

Hopefully more on this weighty, albeit grumpy, subject as time lurches forward.

son I moved to Salado. Our family had a choice of where to live. We could have stayed in Houston and lived in any one of several subdivisions or villages there. However, we Farmers Auto Loans were looking for a change in the quality of life and not just a change in our standard of liv-It's about

Another reason we moved to Salado, and one that is inseparable from quality of life were the schools in Salado. My wife and I visited several area schools last year while school was in session. We thought that was important because you could watch the teachers teach, watch the students, observe their manners and dress and talk with school administers.

Of all the schools we visited, we definitely sensed a good quality, a higher quality, in the students and the administrators in Salado. We felt that only a quality community, the kind of community we wanted for our family, could cultivate the discipline and respect that we observed in the Salado schools.

And that is pretty much what we used to base our decision, that and some state statistical information. We only know for sure what we can see, hear and feel. What I see at the Salado schools are embarrassingly crowded buildings, a

pitiful example of a high school library and administrators that can not schedule adequately due to a lack of facilities.

What I hear is a school bond that will help ensure that quality is maintained in the schools. If the schools succeed, then the community will succeed. We can not afford to wait until the school experiences discipline problems. Keep the emphasis on academics, and behavior will take care of itself

What I feel is an enthusiasm in the Salado community to continue its tradition of producing quality individuals. We already have one of the finest communities in the state, and teachers will give up something in salary to work in a nurturing, progressive and safe environment.

Use your senses, look around this little village, listen to the ancestors of Salado who built the first college in the Republic of Texas, feel the pride of tradition. What a great group of young people we are blessed with today, what a great opportunity we have to ensure that our little world only gets better. Vote in favor of the school bond proposal on Sept. 27, ask your neighbor to vote in favor of the school bond proposal, offer to drive the home bound to the poll. Whatever you do, vote and vote in favor of the school bond proposal.

Tim Rivers

\*Tax Rate

Annual Bill

Salado ISD Trustees voted unanimously Sept. 16 to lower the tax rate from \$1.28 to \$1.2597 per \$100 evaluation.

Rita Brown made the motion to adopt the \$1.2597 and Mike Gunter gave the second to the motion.

The breakdown of the \$1.2597 tax rate is \$1.0813 for operating and maintenance and \$.1784 for debt service.

The vote on the tax rate followed a public hearing Sept. 9 on taxes as the board considered keeping the tax rate at \$1.2897 per \$100.

The public hearing was necessary because the rate considered was more than three percent above the effective tax rate of \$1.1897 per \$100 evaluation.

The effective tax rate is the rate necessary to generate the same amount of revenues at the previous tax rate.

A school district can adopt a tax rate up to three percent above the effective tax rate without holding a public hear-

During the budget process, the board instructed Superintendent Steven Ervin to prepare a budget based on local revenues generated by a tax rate of \$1.2297 per \$100.

When the board adopted the 1997-98 budget, it set a tax rate hearing based on adopting a tax rate of \$1.2897 per \$100 evaluation.

The board planned to use the additional local funds generated by the proposed rate to restock the fund balance.

By state law, school districts must maintain two months of operating revenues in the fund balance.

Salado ISD dipped below that amount due to unexpected, out-of-budget expenditures over the past three years, including real estate acquisitions and capital expenditures.

The board adopted a rate which accomplishes two things: cutting the tax rate and replenishing the fund balance.

"We did it! The lowest taxes in the county. The lowest school district taxes in the county. We are the only school district to lower the tax rate

from last year's rate," said Superintendent Steven Ervin.

## THE ILLUSTRATED BIBLE Is Your Faith in Vain?

"...if Christ has not been raised, then our preaching is in vain and your faith is in vain."

- Corinthians 15:14

When Paul challenged the Corinthians in that manner, he was but setting forth the basic premise of Christianity; that Jesus died for our sins, was buried, and on the third day, was resurrected from the dead to join His Father in heaven. Those who cannot accept that aspect of Jesus' sacrifice and what followed at the end of His earthly mission might just as well pledge themselves to some other credo. Though the words of Jesus and His actions during the short time in which He spread the gospel are important, the real impact of Christ's life and work came through His selfless final act and in the fulfillment of God's promise to His Son and to those who believed in Him. Without that faith, all is hollow and we do worship in vain as Paul said.

# To the Village of Salado, from the Family of Pete Howe

Thank you for the many kindnesses shown our family during the loss of our husband, father, grandfather and greatgrandfather.

Pete loved Salado and its people and now we know why.

Our love,

Ruth, Kaye, Gayle, Mike, David, Christopher, Susan, Jonathan, Gina, Kris, Isaiah, Maggie and Brittany Natasha Dawn Askevold and Corey Michael Trampe exchanged their wedding vows on the evening of Sept. 14 before parents and friends.

The bride is the daughter of Mary Bollinger of Salado and Allen Askevold of St. Cloud, Minn., and the granddaughter of Chester Casey of Salado and Mrs. Erna Askevold of Butterfield, Minn.

The groom is the son of Mary and Steve Trampe of Troy and the grandson of Mel and Lil Trampe of Albuquerque, N.M.

The bride wore a tea length heirloom candlelight lace gown with tiny lace flowers at the scooped neck and bottom of skirt. Both were accented with tiny seed pearls.

The Hawaiian theme wedding was prevalent throughout the ceremony as the bride and groom stood barefoot on a large rock adjacent to Salado Creek. The bride carried a bouquet of oriental lilies, red roses and daisies. The attendants wore leis of carnations and eucalyptus. The groom wore a large lei of mixed flowers created for the wedding by the bride's mother.

Heather Cowan of Belton was the maid of honor and Vanessa Sikes the ring attendant. Both wore navy dresses.

The best man, Colby Harpool of Moody, attended the groom, and the groom's brother, Scott Trampe, was the ring attendant.

The couple exchanged vows in moon and torch light with the Rev. Ken Religh officiating.

The reception was held immediately following the ceremony at Pace Park Pavilion.

Tables were arranged in the shape of a cross replete with bread, fruit, and flowers. The couple took their first sacrament as husband and wife and the guests were served mock wine, frozen fruit salads and bread.

After a honeymoon to Galveston, they will make their home in Temple. The bride is employed at Compass Bank of Temple and the groom by Barry's Coffee Shop

COUT L' restriction animil annull thought in

While schematics have not be drawn by architects Claycomb & Associates, the district has a detailed plan for the exact spaces and square footage that will be constructed. This summary of spaces is available to anyone at the school administration office.

The proposed middle school will include 2,080 square feet for administration, 2,425 for a media center, 14,000 sq. ft. for student activities, 15,625 for academics and 11,950 for physical education.

The proposed middle school will have a 9,000 sq. ft. gym with a capacity for 400 people.

The academic area will include eight English classrooms, four social studies classrooms, a computer lab, science lab with storage, resource room, special classroom and gifted and talented classroom.

1) we be the man to show houselve of this words Court it

The board called for the Sept. 27 bond referendum in order to compete for state funds for building programs. To qualify for the funds, school districts must pass bond issues before Sept. 30.

Salado ISD is among the first 10 districts to apply to Texas Education Agency for the state funding program. If Salado I.S.D. qualifies, it could receive \$71,000 per year in state funds for payment on the bonds.

The board has spent more than a year putting together this bond package. Last year, a straw poll was sent to all registered voters in the district.

Of the 40 percent who responded to the straw poll, over

two-thirds supported a bond election/building program of some sort. Over 75 percent of the favorable responses supported building on-site as opposed to an off-site program.

A Bond Election Advisory Committee worked with the Trustees to arrive at a compromise plan, which included the following recommendations:

- Build a middle school on site between the two schools without disturbing current athletic facilities.
- Combine cafeteria, library, band hall to maximize space.
- Create a unified look for the three campuses.
- Bring existing campuses up to code.
- Renovate/remodel existing schools to meet air conditioning, roofing needs. Utilize existing space for library, storage, classroom needs.

FROM Page 1A

## Taxes

If the bond referendum passes, the projected tax rate increase of 10¢ per \$100 valuation will mean a tax bill for the average homeowner of \$1,155.75. While this is \$85 higher than the 1997 tax bill, it is about \$70 lower than what he paid last year.

And for those who filed for the over 65 exemption, the sav-

ings will be even greater. An over-65 taxpayer whose taxes were frozen at the \$1.2897 will be able to have those taxes frozen at the \$1.2597 rate. If the bond issue passes, their tax rate cannot be increased, but remain frozen at \$1.2597.

Property owners who do not file for or qualify for the home-

stead exemption will be paying higher taxes if the bond referendum passes.

A \$100,000 piece of property with no exemptions will have a tax bill of \$1,259.70 for 1997, a drop of \$30 from 1996. That property tax bill in 1998 could be \$1,359.70, an increase of \$100.

### Auditions set for Christmas Carol

Auditions for the 1997 presentation of Tablerock Amphitheater's <u>A Christmas</u> <u>Carol</u> will be 1-6 p.m. Oct. 4-5 and 6-9 p.m. Oct. 6 at Tablerock Amphitheater on Royal St.

Harry Sweet's adaptation of Dickens', A Christmas Carol, for Salado's Christmas season at Tablerock Amphitheater will be presented at 7 p.m. Dec. 5-6 and Dec. 12-13.

The play, under the direction of Harry Sweet, requires up to 60 actors of all ages including crew members. The standard Christmas Carol characters, plus extras and crew, will be notified of their roles by Oct. 9.

Rehearsal times for A Christmas Carol are as follows: (hours to be set to accommodate cast & crew)

Oct. - Saturday & Sunday rehearsals beginning Oct. 11.

November - Saturday, Sunday, Monday & Wednesday rehearsals, excluding Nov. 26.

Nov. 29: Tech

Nov. 30: Dress Dec. 1-4: Run play each rehearsal.

For more information, contact Harry Sweet at 778-8019 or Jackie Mills at 947-9205.

# Eagles travel to Thorndale Sept. 26

by John Eubanks

The Salado Eagles will travel to Thorndale Sept. 26 for a non-district football game. Kickoff is set for 8 p.m.

The Class 2A Eagles (2-1) are coming off a 13-7 loss to Class 3A Liberty Hill. Class 2A Thorndale (0-3) is coming off a 38-14 loss to Class A Bartlett 38-14, after a loss to Crawford and an overtime loss to Italy.

"They've played a tough schedule and this will be their homecoming, so they'll be tough," Salado Coach Joe

Mullins said. "We'll just have to play a good ballgame and cut out mistakes."

Mullins said Thorndale is primarily an option team, offensively, and runs a five-man front on defense.

Last year, Salado beat Thorndale 31-14 for its only win in five non-district games. The offensive line got a lot of credit for the win, paving the way for 1997 graduate Cody Hall to rush for 265 yards.

Mullins, in his first year as head coach, said he doesn't mind playing five non-district

"You get all the bugs out,"

Despite last week's loss to Liberty Hill, Mullins said he was pleased with the way the kids played and the effort they gave.

Liberty Hill had been averaging around 300 yards passing, but were held to 140 against the Eagles.

"We knew we were going to have to keep them off the field," Mullins said. "It worked out the way we wanted except the outcome."

Guard Mitch Lindley was the offensive player of the week. "He opened up some big holes for the running backs." Mullins said.

Defensive player was linebacker David Kirk, who was credited with 14 tackles.

### Members needed

### HOLIDAY POINSETTIAS

Place your order today for delivery December 2nd & 3rd

Salado Players in Progress are selling live holiday poinsettias in red, pink, or white. Each plant will have 3-5 blooms, be 16-18 in height, and have a gold pot cover. Poinsettias make a great gift for friends, co-workers, and family as well as a great addition to your home or business holiday decor. Proceeds will be used to purchase uniforms for new members and to fund community service projects.

Call Natha Grigsby, 947-8471; Judy Marsh, 947-8179; Machele Wright, 947-0928 or see any Salado PiP to place your order.

### Family Festival returns to Pace Park

Tickets for the 3rd Annual Duck Race down Salado Creek are now available from Family Festival committee members and Salado Chamber of Commerce Board members.

The Salado Family Festival and Duck Race will be held in Pace Park 11 a.m.-4 p.m. Oct. 4, sponsored by the Salado Chamber of Commerce.

In the two years that the Chamber of Commerce has sponsored the event, it has donated over \$18,000 to the Salado Youth Association.

Tickets are \$25 for one, \$100 for five or a flock of one dozen for \$200. A maximum of 1,000 ducks will be sold and floated down Salado Creek.

The Duck Race is the chief fund-raising of the Family Festival as all the kids' games and refreshments will be free.

In addition to the \$3,000valued first place prize, there will be nine other prizes for the 10 fastest ducks to cross the finish line.

Second place will be a Salado shopping spree valued at approximately \$1,500, comprised of gift certificates from the many shops in the village.

Third place will be a framed print signed by Salado artist Ronnie Wells. The original was winner of a Ducks Unlimited award.

Fourth place is a two-night stay at the famous YO Ranch, given by Charlie Schreiner IV.

The top ten ducks across the line will be given prizes, including packages valued at \$100-\$500 with stays in Salado B&Bs, meals in Salado restaurants and other items.

A complete list of the top ten prizes will appear in next week's Salado Village Voice.

The Family Festival would not be complete without the dunking booth, which will feature familiar faces from Salado

The tug-of-war will pit teams against each other for bragging rights of having the most "pull" in Salado.

Kids will enjoy the Moon Walk, as well as a sandbox treasure hunt provided by Lone Star Grading and Paving.

Kids games (open to adults as well) will include egg toss, sack race, balloon race, orange relay and three legged race.

Salado Pottery will again sponsor the Kids' Art area, along the banks of Salado Creek. The Salado Village Artists will come to paint faces for

There will be a soccer speed kick, a baseball pitching area and basketball goals for free

The Salado Lions Club will again serve hot dogs and popcorn to folks gathered for the day. There is no charge for the refreshments but a collection jar will benefit the SYA.

serve snow cones and soda, which will be provided by Brookshire Brothers.

John McLaughlin tries to run around end against the Liberty Hill Panthers Sept. 19. The Eagles lost 13-7 as a last-second effort failed. (photo by Marilyn Fleischer)

# Eagles lose to Panthers 13-7

by Tim Fleischer Editor-in-Chief

Hopes for a come-from-behind win for Salado Eagles were dashed when Taylor Hutton was stopped at the Liberty Hill 5 yard line with no time left on the clock Sept. 19.

The 3A Liberty Hill Panthers won a nail-biter 13-7. stopping Salado's 89-yard drive with time running out.

Salado jumped out to an early lead on Hutton's 1-yard dive with 1:32 left in the first quarter. Hutton's dive capped an 80-yard 13-play drive, which ate up six-and-a-half minutes. Josh Lee's PAT kick gave Salado its only lead 7-0. Hutton ran over two defenders and evaded a third en route to a 48-yard carry, which brought the ball to the Panther 15 yard

The Panthers took advantage of an Eagle fumble recovering the ball at the Salado 31yard line to set up a scoring drive of six plays. After an 18-

### Your lawn can't breathe!

We can help by aerating.

Aeration makes it easier to have a great lawn

You can improve the look of your lawn or turf, reduce watering requirements, and reduce the need for lawn chemicals with regular aeration. Aeration reduces soil compaction, the basis regular aeration. Aeration reduces soil compaction, the basic cause of many lawn and turf problems. Treatment is simple and affordable. We can help by aerating your lawn or turf once in the spring or early summer, and again in the fall. You'll see better fertilizer efficiency, reduced water needs, lusher greener grass, and reduced need for chemical pesticides. Call today to arrange aeration for your lawn or turf. Free estimates.

### Under-varsity win some, lose some against recent rivals

The Salado High junior var- ception from Aaron Gonzales, sity football team lost to Lib- and Craig Camp scored on a erty Hill's JV 30-22 Sept. 18 seven-yard run. at home.

a 16-0 lead and led 24-6 at half- touchdowns, two by John Kirk time. Salado scored a touch- and one apiece by Smale and down in each of the last two Chavez. quarters.

runs of 16 and 65 yards. Oldham added a two-point conversion and also rushed for over 100 yards. Matt Fleck scored Salado's other TD and added a two-point conversion.

Other offensive standouts were Dale Lisenbe and Scott Marley for their blocking.

Defensive standouts were Brian McKee, Kevin Keller and Matt Gunter.

#### EIGHTH GRADE

Salado defeated Liberty Hill 32-0, after leading 24-0 at half-

Gordon Smale scored on a 35-yard run, Edward Chavez scored on a 20-yard run, Alex Torres scored on a 25-yard re-

Salado scored two-point Liberty Hill jumped out to conversions after all four

Offensive standouts were Rory Oldham scored on Dillon Reichert, Ricky May and Randy Tubbs.

Defensive standouts were Chavez, Kirk, Dan Watson and Andrew Hanson.

SEVENTH GRADE Salado lost to Liberty Hill

"We made great progress from week one to week two," coach Ken Barrow said. "Effort was very good. We just need to go back and work harder."

Offensive standouts were quarterback Steven Fewell and lineman Kyle Salisbury.

Defensive standout was linebacker Isaac Berumen, who had a half dozen tackles.

### JV shuts out Moody

The Salado High junior varsity football team shut out Moody 22-0 Sept. 11 on the opposition's home field.

Salado (1-0-1) scored a touchdown in each of the first three quarters.

Michael Schoepf scored the first touchdown on a quarterback sneak, and Chris Ray added the two-point conver-

Rory Oldham scored the second touchdown on a 16yard run around right end. Schoepf kicked the extra point.

Matt Fleck scored the final TD on a three-yard run. Schoepf added the point-after to cap the scoring.

Offensive standouts were Fleck, Oldham and Dale Lisenbe. Defensive standouts were Scott Marley, Kevin Keller and Matt Gunter.

#### EIGHTH GRADE

The Salado eighth-grade football team defeated Moody's eighth-graders 21-8 Sept. 11 at their place.

Aaron Gonzales started the scoring in the first quarter on a seven-yard bootleg run. The conversion failed.

The Eagles upped their lead to 14-0 in the second quarter when Edward Chavez scored on an eight-yard sweep around left end and Gordon Smale added the two-point conver-

Smale capped the scoring in the fourth quarter on a 12-yard run. The conversion failed.

Offensive standouts were Chavez, Gonzales and Randy

FROM Page 13A

yard pass from Jake Basey to Lance Jones giving the Panthers first-and-goal at Salado's 4 yard line, the Eagle defense shut down the running lanes for three consecutive plays.

However, Shane Duffy took a pitch and dashed to the outside, crossing the goal line with 8:14 left in the half. Lance Jordan booted the PAT to tie the score at 7-7.

The Panthers scored on the opening possession of the second half, topping a 70-yard drive at 10:51 left in the third quarter.

Facing third-and-10 at his own 41-yard line, Panther quarterback Basey found Duffy wide open for a long pass and run. The touchdown was called back to the Salado 19 yard line because another

Liberty Hill player assisted the runner across the goal line. No matter as Basey found Frank Faldyn on the next play for the 19-yard TD pass. The PAT hit the upright and was called no good, giving Liberty Hill its 13-7 lead.

Salado threatened to cut the lead when it took over the ball on a Panther punt to its own 9 yard line. With runs by Hutton and John McLaughlin, Salado pushed the ball near the center of the field.

Paul Mashburn found wide receiver Courtney Dodge in the flat. Dodge broke through three tackles before being forced out of bounds at the Liberty Hill 17 yard line with just over a minute left on the game clock.

Hutton dashed to the 8 yard line and dove to the six yard line for a first-and-goal with 54 ticks left.

Drew Oldham pushed the ball to the 3 yard line and Hutton nudged it a yard closer before an illegal motion call set the Eagles back to the Liberty Hill 7 yard line with 36 seconds and no time outs remain-

Liberty Hill defenders stacked the line of scrimmage and stopped the Eagles on the next two plays as time ran out.

Hutton led all rushers with 146 yards on 24 carries and one touchdown. Duffy led the Panthers runners with 65 yards on

Basey threw 9 completions for 125 yards on 21 attempts.

### PUBLIC NOTICE

Central Telephone Company of Texas doing business as Sprint ("Sprint") has filed a Petition with the Public Utility Commission of Texas ("Commission") to establish a fee for the purpose of recovering lost revenues and increased costs associated with Expanded Local Calling Service (ELCS) petitions for several Sprint exchanges pursuant to the Commission's Substantive Rule 23.49(c)(12) passed as a consequence of S.B. 632, 73rd Legislature-Regular Session.

If approved, the monthly increase in charges to Sprint's local exchange customers will be \$.34 per month, per customer line. This means that the current ELC surcharge rate will increase from \$1.15 per month, per customer line to \$1.49 per month, per customer line. Prior to final approval by the Commission, all Sprint local exchange customers subscribing to basic local service customers who are not already paying a \$3.50 (Residential) or \$7.00 (Business) ELCS charge will be billed the additional monthly amount beginning on an interim basis no sooner than the October 1, 1997, billing cycle. Sprint has requested this rate be implemented on an interim basis, subject to refund, until such time as the Commission has entered a final order on this matter.

The net annual effect on the revenues of Sprint will be \$0.00 as the requested fee replaces lost revenues and reimburses Sprint for the increased direct cost of service associated with all of Sprint's ELCS implemented into service between April 2, 1996, and May 31, 1997. The total lost revenues and increased costs associated with ELCS for Sprint's ELCS implemented into service between April 2, 1996, and May 31, 1997, is \$665,209.80.

The deadline for intervention in this matter is November 10, 1997. Persons who wish to intervene in or comment upon these proceedings should notify the Commission by November 10, 1997. All requests to intervene should be mailed to the Public Utility Commission of Texas, 1701 N. Congress Ave., P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission Office of Customer Protection at (888) 782-8477 (Toll Free) or (512) 936-7136 for text telephone, or by writing the Public Utility Commission of Texas, 1701 N. Congress Ave., P.O. Box 13326, Austin, Texas 78711-3326.

### NOTIFICACIÓN PÚBLICA

La Central Telephone Company of Texas haciendo negocios bajo el nombre Sprint ("Sprint") ha presentado una Petición a la Comisión de Servicios Públicos de Texas ("Comisión") para establecer una tarifa con el propósito de recuperar ingresos perdidos y aumentar los costos asociados con las peticiones del Servicio Expandido de Llamadas Locales (ELCS) para varios intercambios de Sprint en conformidad a la Regla Substantiva de la Comisión 23.49 (c) (12) que pasó como consecuencia de S.B. 632 de la 73era Sesión Regular de la Legislatura.

Si es aprobado, los cargos mensuales para los clientes del intercambio local de Sprint aumentarán a \$0.34 por mes, por cada línea de cliente. Esto significa que la tarifa ELC actual aumentará de \$1.15 por mes, por cada línea de cliente a \$1.49 por mes, por cada línea de cliente. Antes de la aprobación final por la Comisión, todos los clientes del intercambio local de Sprint suscritos al servicio básico local que aún no están pagando un cargo de \$3.50 (Residencial) o \$7.00 (Comercial) por ELCS, les será facturado la cantidad mensual adicional empezando en una base intermedia, no antes del ciclo de facturación del primero de octubre 1997. Sprint ha solicitado que esta tarifa se implemente en base intermedia, sujeta a reembolso, hasta el momento en que la Comisión haya emitido una orden final en

El efecto neto anual en los ingresos de Sprint será de \$0.00 ya que la tarifa solicitada reemplaza pérdidas de ingresos y reembolsa a Sprint por el aumento de costo directo de servicios asociados con todos los ELCS implementados en servicio entre el 2 de abril de 1996 y el 31 de mayo de 1997. El total de las pérdidas de ingresos y aumento de costos asociados con ELCS para los ELCS de Sprint implementados en servicio entre el 2 de abril de 1996 y el 31 de mayo de 1997 es de \$665,209.80.

La fecha de vencimiento para la intervención en este asunto es el 10 de noviembre del 1997. Personas que deseen intervenir o comentar acerca de estos procedimientos deben de notificar a la Comisión a no más tardar del 10 de noviembre del 1997. Toda solicitud para intervenir debe ser enviada a la Public Utility Commission of Texas, 1701 N. Congress Ave., P.O. Box 13326, Austin, Texas 78711-3326. Se puede obtener información adicional llamando a la Oficina de Protección del Cliente de la Comisión de Servicios Públicos al (888) 782-8477 (sin cargos) o (512) 936-7136 para teléfonos de texto o escribiendo a la Public Utility Commission of Texas, 1701 N. Congress Ave., P.O. Box 13326, Austin, Texas 78711-3326.

# Oats marries Meuli Aug. 30

Grace Baptist Church of Salado was the setting for the August 30 wedding of Karen Lynn Oats of Salado and Todd Meuli of Enterprise, Alabama.

The bride is the daughter of Mr. & Mrs. John David Oats of Salado. The groom is the son of Mr. & Mrs. Gus Meuli, II of Enterprise, Alabama.

The bride's maternal grandparents are Mr. & Mrs. Dietzel Criswell of Troy, Tennessee. Paternal grandparents are Mr. & Mrs. Roy Bradley of Union City, Tennessee. The groom's maternal grandfather is Mr. J. O. Robinson of Richland Hills, Texas. Parternal grandparents are Mr. & Mrs. Gus Meuli of Searcy, Arkansas.

Amanda Gage of Jarrell, Texas served as the maid of honor. Also attending the bride was the bride's cousin, Keshi Rivers of Troy, Tennessee and the groom's sister, Jennifer Meuli of Enterprise, Alabama. The bride's cousin, Becky Criswell of Georgetown, Texas, served as the flower girl.

Clint Gordy of Enterprise, Alabama served as the best man.

Amy and Emily Terry of Center, Texas, friends of the bride, presided at the register in the front of the church.

Guests were seated by ushers Jeremy Traynar of Mason, Texas, and John Leslie of Jarrell, Texas.

The church was decorated beautifully with various arrangements of flowers, culminating with a heart archway, bedecked with flowers and flanked by candlebras, at the front of the church.

The ceremony began as the song, "Virtueous Woman" was played. It was at this time that the parents of the bride and groom walked down the aisle

to the front of the santuary in order to light the respective candles representing the lives of their daughter and their son.

The bride was escorted down the aisle by her father, John David Oats. As they waited at the entrance to the santuary, the song, "Butterfly Kisses" was played. The bride entered to 'Trumpet Voluntary."

Reverend Alan Watkins of Memphis, Tennessee officiated the double ring ceremony. Prayer was given by Reverend Max Johnson of Jarrell, Texas

Following the exchange of vows and rings the unity candle was lit by the bride and groom as the song, "We'll Have Our Love" was played. Afterward the Rev. Watkins presented the couple to the wedding guests.

Following the ceremony, a reception was held at the Salado Civic Center. The wedding party greeted the guests who were treated to a barbeque dinner.

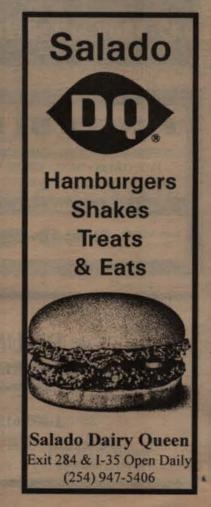

Serving at the bride's table were Stella Terry of Center, Texas, Pam Anderson of Belton, Texas and Sharon Jenkins of Jarrell, Texas. The beautiful tiered wedding cake was decorated with pearls and roseftes.

Serving at the groom's table were Amanda Danek and Kathleen Leslie of Jarrell, Texas.

A good time was had by one and all as family and friends gathered together for fellowship and to express their best wishes to the new couple.

The couple will make their home in Enterprise, Alabama.

# CHECK IT OUT

A thoughtful way to honor a friend or loved one, living or deceased, or to celebrate a friends birthday, anniversary or special event is by a gift to the Salado Public Library Memorial Gift Fund. Here are some facts about the fund:

The Library has book plates to go in books given as memorial gifts. The name of the person honored and the name of the donor can both go on the plate.

An acknowledgement card is sent to the family of the person honored telling them of the gift.

If desired, the donor may select the book to be purchased.

A memorial gift may be in any amount and each gift will add to the usefulness of your library.

Think how pleased a child or grandchild would discover a special book in the Library given in his or her honor!

# You can't compare

From the Bond Advisory Committee
An Open Letter to the Community

It is unfortunate that misleading information regarding the upcoming Salado ISD bond election is being circulated in the community. The Salado board members, administration, and the citizens Bond Advisory Committee have been open and honest in their efforts to provide information to the taxpayers of Salado. We have attempted to educate the community about the needs of our school district, the proposed solution (\$6.5 million dollar bond), and the cost.

Therefore, the members of the citizens Bond Advisory Committee feel that we must respond to the incorrect information in the flier entitled "A Tale of Two Bonds." Comparing our bond issue to that of a high school project built in Wimberly, Texas is a classic example of comparing "apples to oranges."

It is unfair to compare school construction projects in two different communities with different needs and different time frames. Wimberly school officials say the \$51.43 per square foot cited in the flier DOES NOT include the total cost of the school. Additional money spent for preparation and final site work, a new waste treatment facility, furniture, equipment and fees came out of their local district funds.

The Wimberly bond was passed in 1994. Ours will be bid in 1998. Construction costs have significantly increased over the four years. It is misleading to compare a budget of a finished building that was bid several years ago with Salado's ESTIMATED budget for 1998 construction. The Board must build a budget for the bond based on prevailing costs in the surrounding areas. Those costs are currently averaging \$85-\$95 a square foot and in some areas as much as \$100 a square foot. SISD's exact cost per square foot will not be known until the architect's drawings are complete and the job is actually bid.

If the project is underestimated the results can be catastrophic for a district. If that happens, the project may not be completed on time, it must be drastically scaled back, omitting things that are desperately needed, and the district must come up with the extra money out of local funds—thereby jeopardizing the operating budget.

The citizens committee does not feel the board has overestimated the costs or the needs. Unfortunately, the information circulated in a "Tale of Two Bonds" does not accurately present a complete picture of all that is planned for the new Middle School, and the Committee feels that it is important that you have the following information:

### Here are the facts regarding the new school:

- The Salado gym WILL BE a full sized gym with stadium seating. The 11,950 square foot gym facility will include boys and girls P.E. and athletics dressing rooms, showers and storage.
  - There will be 3-4 science rooms and 1-2 science labs.
- The cafetorium will be equipped to feed 400 people at one time and seat 600 people, theater style.
- There will be a large (2,400 square foot) library/media center with a reading room, computer and work areas.
- There will be a full-sized counselors' office and a separate conference room for parent conferences and other private meetings.
- The 20+ classrooms can hold, if filled to their capacity, 500 students.
- The cafetorium/commons area will be used by all three campuses and will be a focal point for community activities.
- The 15,625 square foot academic area is proposed to include the following: classrooms, computer room, science lab, resource, gifted/talented and special ed classrooms.
- The 2,000 square foot administrative area will contain a principal's office, workrooms, storage, counselors offices, nurse's office, faculty lounge, workrooms and restrooms.

In conclusion, the Bond Advisory Committee members would like to stress that we are overwhelmingly convinced that the Salado Board of Trustees did its due diligence in calling this bond. The Trustees asked for input from the citizens to help define the needs of SISDs they conducted an exhaustive search to find the best architectural firm and construction manager; they put together a bond package that will cost-effectively meet the District's needs; and they called for the bond issue to be voted before Sept. 30, 1997, in order for SISD to be eligible for state funds (\$71,755 each year toward retiring the debt).

Therefore, we feel the bond issue deserves our support and we strongly urge you to vote "yes" in support of our schools. If you still have questions or concerns, we encourage you to contact the members of our committee or the board for the facts.

Thank you for your consideration.
