BoA restricts parking on Salado Plaza, tables ordinance on RV parking

By TIM FLEISCHER
EDITOR-IN-CHIEF

With the completion of the Salado Plaza street project, Salado aldermen approved at their Oct. 21 meeting an ordinance to restrict parking on Salado Plaza Dr. from Main Street to Van Bibber Lane.

"This is not just a construction issue," Village Administrator Don Ferguson told aldermen at their Oct. 21 meeting. "We have had significant weight put on the edge of the pavement. Loading big trucks broke off the edge of the pavement. We now have a stronger roadway that is not going to break, but we don't want to repeat the mistake that allowed parking for unloading on the road."

The ordinance will restrict parking on both sides of the roadway.

The new ordinance gives the Police Department authority to have a vehicle towed for parking on the street or right of way of Salado Plaza Dr. It also sets out a fine not to exceed \$500 as a Class C misdemeanor.

The Village will place No Parking signs at both ends of Salado Plaza Dr. and midway between Van Bibber and Main Street. "We'll hold off on signage until the wastewater construction is done on that road," Ferguson said. "Sleeves were put under the road to reach the properties there."

Ferguson added that he hopes "plaza ownership will take advantage of the extra space and build in some turnouts for loading and unloading."

"I don't know how it's going to be enforced," alderman Howard said before casting the single vote

against the ordinance.

"We would be naive to think that a sign or a stripe or anything else is going to stop someone from pulling half on or half off," Mayor Pro Tem Rodney Bell said. "It comes down to enforcement."

In related parking regulations, aldermen tabled an ordinance regarding RV parking in the Village. The draft ordinance states that it "shall be unlawful for any person for any reason to park or place a recreational vehicle within the Village on any public or private property, public street, alley, parkway, road, or boulevard, or to rent any recreational vehicle for residential occupancy outside of an approved RV Park."

The provisions of this Ordinance shall not, however, apply to:

- The temporary place-

ment of a recreational vehicle onto privately owned property for less than twenty-four (24) hours for the purposes of loading and offloading.

- Locations where recreational vehicles are manufactured and/or commercially sold by the manufacturer or commercial seller.

- A recreational vehicle located in an RV Park.

- Locations where property owners wish to rebuild, repair, or remodel a home that has been damaged by a flood, fire, tornado, or other natural disaster may apply to the Village Administrator for a permit to use a recreational vehicle as a temporary living site during construction: The application shall be for a specified period of time and it shall address how utilities, including sewage disposal, will be supplied to the recreational

Texans will have the opportunity to approve the following amendments with a majority vote:

Proposition 8 (SJR 35): "The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of all or part of the market value of the residence homestead of the surviving spouse of a member of the armed services of the United States who is killed or fatally injured in the line of duty."

Fed regs, immigration limits, pandemic add to low numbers of OTR drivers

The Markets

Our preferred market indicator, the S&P 500 Stock Index (SPX) turned in a stellar week despite a steady beat of worrying news about supply and labor shortages, rising prices, rising interest rates, and general uncertainty. It closed out the week at 4544.90, up 1.64% for the week, 21% year-to-date, and 31% from this date a year ago. It wasn't quite a record close as the Index was four points higher at the close on Thursday, but it was a record for the end of a market week and the Dow Jones Industrial Average did set a record on Friday. Our other stock market indicator, the CRSP Mid-Cap Value Index closed at 2547.28, a record high, leaving it up 24.21% for 2021. The rise in the market averages was driven by third quarter earnings as a diverse set of companies as varied as Tesla and American Express reported earnings substantially higher than expected. So far, it looks like the average one-year earnings growth for the S&P 500 will come in at about 35%, or a bit more than the market average has risen, suggesting the impressive rise in the SPX over the last 12 months is rational and reasonable.

The yield on the benchmark ten-year U.S. Treasury note rose as well, ending the market week at 1.646%, up 3.9% from last week. It is sometimes hard to grasp, but a rise in bond interest rates occurs not because the ten-year bonds changed their coupon interest rate but because the value in the underlying bonds on the open market fell. The average Treasury bond maturing ten years from now is still trading at a premium to its maturity value, suggesting that intermediate interest rates have plenty of room to keep rising. As the releases and speeches from members of the Federal Reserve Board continue to warn that the Fed's bond buying stimulus is very likely to begin to taper off over the next several months, bond values have a high probability of falling as intermediate to longer-term interest rates rise. Not to be left out of the excitement, West Texas Intermediate

Market & Economic Update

By Jeffrey W. McClure

crude oil rose another 2% for the week to close at \$84.07 as demand for energy and transportation fuel ramped up.

The Economy

Economic news for the week continued to be dominated by reports of supply chain snarls as products and raw materials backed up outside U.S. ports and at railheads across the country. The reports are now falling into a pattern with the problems consistently being linked primarily to a shortage of truck drivers. Our economy has surged following the COVID lockdowns and continues to boom, growing at a rate we have not seen since the early 1980s. The difference this time is that the rapid growth of the early 1980s came after one of the more severe post-WWII recessions while the current supercharged growth blossomed out of one of the mildest and shortest recessions in U.S. history. The current surge in growth also comes as the average age of a long-haul truck-driver in the U.S. is about 55 while the average age in the early 80s was in the mid-40s. As the pandemic shut down industries across the country in the spring and summer of 2020, many truck drivers were laid off. When it came time to go back to work, many of those chose to retire rather than return to the grueling work that is long-haul trucking. Adding to the problem is the federal regulatory requirement that to drive an 18-wheeler, one must be at least 21 years of age, but the typical driver only has a high school education. That three-year gap between high school graduation and reaching the minimum age to drive the big rigs shifts those who are willing to make the sacrifices to do the hard work that takes them away from home for days at a time into other fields. In the past, when there have been driver shortages, trucking countries have been

able to recruit drivers from other countries, but a combination of general immigration restrictions and the pandemic have largely eliminated that fix. Meanwhile, ports are operating at about 60% to 70% capacity and railroads are turning down shipments because the freight yards at the destination are full of containers awaiting a driver and a truck to pick them up and deliver them.

There is good news out there too. Jobless claims have fallen to their lowest for the week since before the pandemic. Adjusted for seasonal factors, the IHS Markit Flash U.S. Composite Purchasing Managers Output Index was 57.3 in October, rising from 55.0 on a scale where numbers above 50 indicate growth as private sector businesses recorded a sharp and accelerated upturn in output led by the service sector. Unfortunately, the manufacturing sector, while still recording growth, was less than optimal as supply and labor constraints continued to limit activities. A major positive was reported by the Federal Reserve as household spending on debt is the lowest in over 40 years and correspondingly, household balance sheets are the healthiest in a generation. Presuming we can find some truck drivers, the pent-up demand and the cash and credit to fulfil it are there. Alternatively, we may see a slower rate of growth but extended over a longer period.

Once more, the U.S. economy is bumping up against capacity limitations but unlike past times when we have hit the stops, there is ample credit and cash in the American consumer's pockets and the leading indicators are signaling clear weather ahead. This is a bumpy period, but many of the bumps are a result of high growth that looks quite sustainable.

projects at the Bell County Fair and The Cattleman's Ball benefiting Salado Education Foundation. Both of these events raised in

excess of \$100,000, each, to encourage kids to learn and give teachers the tools they need to educate and inspire. Thank you to all of

the volunteers who put these events together, the students who made contributions to the events in time and work, the businesses who donated items and bought others, and our neighbors who participated by attending and donating to the effort! We live in a great community. Bobby Whitson Salado

Jack O' Lantern Blaze on Pace Park Rd. Oct. 31

Salado's Second Annual Community Jack O' Lantern Blaze will take place 5-9 p.m. Oct. 31 on Pace Park Road.

The tradition began last year during the pandemic when the Reynolds Family placed 25 pumpkins along the street in front of their house and invited families in the community to take one home, carve it, and return it for the Blaze and Jack o' lantern contest on Halloween night.

"We wanted to create an outdoor event for families in the Salado community to have something to do outside during the pandemic and provide a way for Saladoans to feel connected during a year of isolation," Jonathan Reynolds said.

Keeping with tradition, the Reynolds Family will again place 25 pumpkins in front of their house at 126 Pace Park Road on the afternoon of Oct. 29. They invite Salado families to come take one pumpkin home, carve their best jack o' lantern, and place it back on Pace Park Road along the white picket fence between 2-5 p.m. Oct. 31 for

the Second Annual Community Jack O' Lantern Blaze.

Locals are also invited to bring your own jack o' lanterns from home to enter into the contest and contribute to the event.

The Reynolds Family will light the jack o' lanterns once they're all in place on Halloween afternoon, and families and trick-or-treaters are invited to walk down the canopied street that evening to view the jack o' lanterns blazing in the October night. There will also be lots of candy!

"We hope it becomes a tradition for families in Salado. Traditions can provide much-needed meaning for families and communities, especially around the holidays and during trying times like the pandemic," Reynolds said.

Votes for "Best Jack O' Lantern" will be taken on the Facebook Group, Salado People, from 7-10pm on Sunday evening, and the winning family will receive two free tickets to the Historic Salado Ghostwalk in November, a free ghostwalk lantern, and five free pumpkins from Salado Farms.

NOTE: the northern section of Pace Park Road will be blocked off from traffic from 5-9 p.m. to keep the street safe and dark for the Blaze, and attendees are encouraged to park on Main Street or at the Pace Park pavilion.

Make your spookiest Jack O' Lantern. (ADOBE STOCK PHOTO)

SHS XC runners qualify for State

The Lady Eagles Cross Country team placed second at the 4A Region III meet and qualified for the State Meet Nov. 6 in Round Rock.

"I am super proud of the girls and the way they competed," Coach Corey Baird said. "The day was unseasonable warm with temperature and heat index in the upper 90s. The girls finished strong with grit and determination."

"This team is very young," Baird added, "made up of one varsity returner (junior Natalie Burluson), first time cross country runner/exchange student (junior Ida Bogsted) and five freshman phenoms who all ran as seasoned vets today. The girls have been running well as a team all season, the top five girls finished within a 54 second spread of each other."

Alexa Williams led the girls with her sixth place finish of 12:50. Penelope Anderson followed in 18th place with a time of 13:14. Burluson was third across for Salado with a 23rd place time of 13:23. Anna Redelsheimer was 24th with a time of 13:35. Cassie Vargas placed 28th with a time of 13:45.

Also running for Salado were Ally Ihler, 30th, 13:48 and Bogsted, 38th, 13:58.

Junior Ryan Novotny and freshman Luke Anderson qualified for the State Cross Country Meet to be held in Round Rock Nov. 6 by placing in the top 20 of the 4A Region III meet held Oct. 25 in Huntsville.

Novotny placed 15th overall with his time of 17:38.90. Anderson placed 17th overall with a time of 17:44.89. The field had 176 runners.

The Lady Eagles had their calendar marked for weeks after letting a two-set lead slip away in Burnet during their first meeting and the rematch on Oct. 19 had a poetic ending as Salado completed a comeback of their own, down 0-2.

The Lady Eagles came out strong and held a commanding 21-17 lead in the first, but the scrappy Lady Dawgs would not go quietly as they came back and won the first 23-25 only making two errors. It was the same song, different verse in the second set as the Lady Eagles let another 21-17 lead slip away to fall 23-25 again, putting them in a deep hole. With a great home atmosphere and team grit, Salado caught fire in the third set crushing their opponent 25-10. The Lady Eagles would ride this momentum and cruise to a 25-18 victory in set four to even the match a

two apiece. It was anyone's game in the fifth set, but the Salado Lady Eagles were determined to return the favor of an 0-2 comeback and would do just that winning the final set 15-10.

It was a total team effort top to bottom. Senior hitters Lainey Taylor and Kenslee Konarik would bring the heat all match. Taylor would collect 17 kills and an incredible 10 aces on the night. Konarik had a huge game as well with 12 kills and 3 blocks. Junior setter Haleigh Wilk played outstanding with a stat line of 7 kills, 8 aces, and 41 assists. Freshmen Macy Morris was big as well with 7 kills and 3 blocks. Jordan Ferguson would hold the defense down with a phenomenal performance out of serve receive.

JV Red

It was a difficult night for the JV Red Lady Eagles as they lost in two sets 17-25 and 17-25.

JV White

The Lady Eagle JV White team came out flat and lost the first set 6-25. They would compete much better in the second, but still fall 20-25.

Eagles fall to China Spring, 48-7

Salado holds 2nd in district

BY TIM FLEISCHER
EDITOR-IN-CHIEF

Salado Eagles ran into a buzzsaw on the road, falling to the China Spring Cougars 48-7 in a District 9-4A contest to fall into second place. The Eagles will look to bounce back when they host the Jarrell Cougars Oct. 29.

The Cougars scored three touchdowns in the second quarter to take control of the game with a 28-0 halftime lead.

Salado got a first down after taking the opening kickoff and it looked briefly as if the Eagles would start off with their clock-controlling running offense, but China Spring early on found an answer to the Slot T: stacking the line and filling the gaps with bodies.

Forcing Salado to punt on fourth and 11, China Spring then showed off their explosive mixed offense with Kyle Barton besting Salado for 37 yards on his first touch.

Barton scored on the sixth play of the drive on a 1 yard dive. Thomas Barr toed the extra point for a 7-0 lead at 5:55 in the first.

Salado was forced to punt again with 2:53 left in the first. Eleven plays later, the Cougars scored on an 11 yard run by Isaiah Williams at 10:40 in the half. Barr converted the kick to push the lead to 14-0.

The Eagles again went three-and-out and China Spring took over at their own 43, Barton ran for 17 yards to score his second TD at 7:58 in the second. Barr was good again for 21-0 lead at 7:58 in the second.

The Eagles could only manage a yard on the next series and punted away with 2:22 left in the half.

It was enough for the Cougars to score again, this time on a 29 yard run by Barton to cap a 77 yard drive with 4:00 left on the clock. Barr's kick gave the Cougars their 28-0 lead.

China Spring took 84 seconds to score on the opening drive of the second half, with Major Bowden needling his way through the defense for a 42-yard touchdown. Barr again converted for a 35-0 lead.

The Eagles downed the kick at their own 24-yard line. The Eagles then chipped away at the Cougar defense with five running plays of 4 to 6 yards each by Aidan Wilson, Seth Reavis and Adam Benavides. Hutton Haire had a 14 yard run and Benavides added an 18-yarder to set up a short pass from Haire to Benavides. A false start moved the ball back to the Cougar 13 yard line, but Wilson and Haire had 5- and 4-yard carries to bring up fourth and 2 to go at the Cougar 4. Reavis was good for the 2 yards and a first and goal at the 2. Wilson bulled his way in from there and Daniel Chtay converted the kick to make the score 35-7.

The Cougars answered with a four play drive, capped by a 54 yard run by Major Bowden. Bowden bobbled the PAT snap and was stopped for a 41-7 lead with 2:07 left in the third.

China Spring added the final touchdown on a 47-yard pass from Bowden to Jackson Battles with 9:24 left in the game. Barr converted the kick for the 48-7 final score.

SHS starts wrestling

The Salado Eagle wrestling team has officially started its inaugural season. Practices began in the TAE-3 Gym earlier this month with 20 boys and five girls stepping on the mat to begin their training. Practices are 4-5:15 p.m.

Other athletes from Fall sports have indicated they plan to join at the conclusion of their seasons.

The foundation for the high school team was set by local men who coached youth wrestling in the area: Rashad Salter, Brady Woods, Kris Perkins and Brent Rechtfergig.

Salado ISD made the decision to offer all UIL sports to students in the 2021-2022 season. This added wrestling and swimming which will both compete at the 5A level.

Andy Gomez was hired to get the high school program started. Coach Gomez had spent the last three years building the Gatesville grappling program from the ground up.

The Eagle wrestlers will travel to 6A Copperas Cove for a practice scrimmage on Nov. 9. Salado will have its

The bidding:

East South West North
Pass 1 NT Pass 3 NT
Opening lead — two of diamonds.

This is one of those hard-luck deals where you can't help sympathizing with declarer, even though you might not have played his cards exactly the way he did.

West led a diamond, taken by South with the king. Declarer had eight solid tricks and quite a few chances for a ninth. He started by leading a low heart to the jack at trick two. This gave him two chances for an extra

trick: one if West had the queen, and another if the opposing hearts were divided 3-3. But East took the jack with the queen and returned a heart. When South next played the A-K, he learned the hearts were 4-2.

Declarer now tried a low club to the queen, hoping West had the king. But East took the queen with the king and returned the jack of clubs to South's ace.

The situation took a further turn for the worse when declarer next led a diamond to the queen, hoping West had led originally from a three-card suit. But after East showed out, South decided that his last remaining chance was to try a spade finesse.

So he led a spade to the king and finessed the jack on the return. East won with the queen and cashed his remaining clubs to put the contract down two. All of which indicates that bad luck comes in bunches, though it's true that South could have made the contract easily had he known the queen of hearts was doubleton.

One reasonable but somewhat unusual method of play — without the benefit of a peek at the East-West cards — is to allow East's ten of diamonds to hold the first trick! Assuming West made a normal lead from a four-card suit, East would then be forced to return a spade, a heart or a club, all of which would hand declarer his ninth trick.

NATIVE PLANTING

FALL ASTER

Fall aster creates dazzling purple mounds in the fall season. It slowly colonizes by stolon's, so thin regularly to control it. The plant may "open up" if it gets to top heavy so it is a good idea to keep it thick by pruning it back by no more than half in June. After it goes dormant, wait to cut back to the basal rosette in late fall, early winter. Plants can be purchased at commercial nurseries or seeds can be purchased online. Recognized by pollination ecologist as attracting large numbers of native Texas bees and butterfly's. Fall Aster (*Symphoricarum oblongifolium*) Perennial Grows to 1-2 feet. Sun, Part Shade Dry to Moist Soil Cold, Heat & drought Tolerant Rocky, calcareous or sandy soils. Well drained. Propagation can be seeds or plant. Sow seeds 5/8" deep, or plant outside in fall. Photo by Sally and Andy Wasowski Courtesy wildflower.org Information from Tonka-wa Chapter of the Native Plant Society of Texas, which meets 6 p.m. the first Monday each month at Barrow Brewing Co.
