

Village lands \$1.5 mil in fed funds to expand WWTP

Representative John Carter (TX-31) and Mayor Michael Coggin announced \$1.5 million in federal funding for a Wastewater Treatment Plant Expansion Project for the Village of Salado.

"Salado is quickly growing because it is a beautiful community, but with that growth comes challenges," Rep. Carter said.

Mayor Coggin and his team worked with Rep. Carter to secure funding to expand the wastewater treatment plant's capacity to 300,000 gallons per day. The current capacity of the wastewater treatment plant is 200,000 gallons per day.

Rep. Carter secured the funding in the Interior and Environment appropriations bill.

"I've represented Salado for many years, and this community continues to blossom because it truly is a wonderful place to live and work," Representative Carter said. "That growth means the wastewater infrastructure must meet that demand. This funding is a necessary investment to protect public health and prevent future issues. Thank you to Mayor Coggin for being a wonderful partner on this project and a strong advocate for his community."

"The Village of Salado is very appreciative of Congressman John Carter for securing \$1.5 million in funding for the expansion of the Village's Wastewater Treatment Plant," said Salado Mayor Michael Coggin.

"The Salado Wastewater Treatment Plant is a critical piece of infrastructure that is in need of expansion to help meet the wastewater demands of this fast-growing community," Mayor Coggin added. "Congressman Carter has been a wonderful champion for our Village and region and for that, Salado is grateful."

Bronze statue by Ronnie Wells unveiled Gus McRae graces Main St.

BY TIM FLEISCHER
EDITOR-IN-CHIEF

Salado's Main Street has been the Main Street of Texas forever, it seems. It was the Old Military Road and then Highway 81 before I-35 was ever conceived. It was a feeder trail on the Chisholm Trail during the cattle drives that links the image of Texas with that of the Longhorn and the Cowboy.

Now, thanks to John Barclay and Salado artist Ronnie Wells, Salado's Main Street is further connected to the mythos of Texas and the Texas cowboy.

Perhaps the most famous literary cowboy, Gus McRae, sits about 100 feet outside the gallery of Ronnie Wells, who has called Salado home for more than three decades and is himself famous across the state as the State Sculptor (a title awarded by the Texas Legislature annually) and the nation as a Ducks Unlimited Artist. Wells' monumental sculpture of Mallards sits outside the Ducks Unlimited headquarters in Memphis, Tennessee.

Barclay approached Wells about two years ago with the idea of placing a life-size statue of the two main characters from Larry McMurtry's Pulitzer-prize-winning novel *Lonesome Dove* at his property at 313 N. Main St. The Austinite had recently purchased the property and has plans to develop it into a complex with a large covered gathering space, landscaped grounds and mixed use buildings.

Barclay is going to call it Gus Plaza. And he admitted during an unveiling of the life-size statue of Gus McCrae on March 24 that he may have gotten the cart before the horse.

Before building a pavilion or buildings or anything like that, Barclay commissioned Wells to sculpt a life-size bronze of Gus and placed it on Main St. so that visitors and locals could stop and sit down on the bench and have their pictures taken.

The land there at 313 N. Main will be developed soon enough.

Until then, Gus sits there in a welcoming way, inviting you to come and sit beside him.

And right away, people have been drawn to him.

The unveiling was attended by more than 100 people, including State Rep. Brad Buckley, with his Maroon Texas Aggie boots, who

Ronnie and Patricia Wells

gave brief remarks to the crowd.

John and Dolly Barclay, along with their son Andy, his wife Adrienne and their nine-year-old son John and 20-month-old Grant unveiled the bronze statue for the audience.

The unveiling was highlighted by words from Robert Duvall. The 92-year-old actor will forever be connected to his role-of-a-lifetime as Gus McRae.

Duvall recorded the video just a day before the unveiling, who recalled a well-dressed lady who came up to him during a celebration by the Texas Rangers to tell him that "I would not let my daughter's fiancée marry into my family until he had seen *Lonesome Dove*." That's how much it meant to her and that's how much it means to me and also to the people of Salado, Texas."

Duvall's video remarks are posted to saladovillagevoice.com along with other photos from the unveiling.

Duvall called Augustus McRae his favorite character of all time. "May he live forever," he said.

Cast in bronze, he is almost certain to do just that.

SISD bus involved in accident

There were only minor injuries reported in an accident involving a Salado ISD bus and a vehicle early on March 28.

The bus had no students in it when it apparently pulled in front of a vehicle before 6:30 a.m. March 28 at the intersection of FM 2484 and Brewer Rd. The bus driver sustained no injuries. The driver of the other vehicle sustained minor injuries.

Dr. Michael Novotny said that the bus has serious damage to its side, adding that the bus was an older model in the school district fleet.

The bus driver is no longer employed by the district.

First Cedar Valley Baptist Church to dedicate building

The congregation of First Cedar Valley Baptist Church will celebrate the completion of its new church building at 11 a.m. April 1 at the church located at 12395 FM 2843. The church building was leveled by an EF-3 tornado that ripped through western Salado on April 12, 2022.

The dedication celebration will include guest speakers, fellowship and food, prayers and praise and a special concert featuring Grammy-nominated The Erwins.

First Cedar Valley Baptist Church was organized in a brush arbor in the cedar valley area between Salado and Florence. "The Lord has always provided for First Cedar Valley Baptist Church the years, and has brought us through many valleys and many mountain tops," said the church minister and long-time member Donnie Jackson. "We thank Him for each step. We prepare to dedicate this new building to God and His work and give thanks to Him for all He has provided."

The Erwins are no stranger to First Cedar Valley Baptist having performed here throughout many years.

Congress' threat to not raise debt ceiling could create bona fide financial disaster

The Markets

For yet another week the change in the S&P 500 Stock Index (SPX) will come as a surprise to anyone who has been watching or reading the headlines. The Index closed at 3970.99, up 1.39% for the week, and up 2.83% from its recent dip a couple of weeks ago. This week's move leaves the SPX 3.42% higher than it started the year, 10.84% higher than in mid-October, and an always astounding 77% higher than it was three years ago as the pandemic panic took hold. Admittedly, it is still about 17% lower than it was in early January of 2022, but from a long-term investor's view, we have a lot to smile about. The other index we watch, the CRSP US Mid Cap Value Index, joined in the party, rising 0.48% for the week to close at 2216.86. It is now down over 14% from its top in January 2022 and 5.25% this year. The culprit in its recent poor performance appears to be regional banks, where there has been a blanket sell-off.

The benchmark 10-year U.S. Treasury note yield, moved not at all from last week, closing at 3.38%. That is not to say nothing happened during the week as the yield rose to 3.6% midweek before sliding back to end the week exactly where it started. While the Treasury yield curve remains technically inverted, it moved closer to its normal shape with the 30-year bond at 3.64%. On the short side of the curve, the highest yield is now on the 4-month T-bill at 4.78%. West Texas Intermediate crude oil (WTI) crept upward 4% to \$69.20 but remained lower than it has been since August of 2019.

The Economy

The week's pundit focus was divided between whether a global banking crisis was in the making and reading the tea leaves on what the Federal Reserve Board (the Fed) would do with future interest rates, seasoned with speculation on what anything they might do might mean. If that sounds confusing to you, you are in good company, as the "experts" seem to be taking about every possible position, all the while insisting that disaster is imminent. We

Market & Economic Update

By Jeffrey W. McClure

find it interesting that what one talking head demands the Fed do immediately is what another is proclaiming is the sure route to total financial collapse. The pundits want to blame the Fed or the President. Somehow, they seem to miss that the biggest banking failure in this event so far was in Switzerland, with Germany's Deutsche Bank at risk. For any who don't follow such things, the U.S. Federal Reserve, Treasury, and President have nothing to do with the regulation of giant Swiss and German banks.

Amid the flurry of bank runs and rampant speculation on the health of the world financial system, the Fed announced that it was raising short-term inter-bank lending rates by 0.25%, to between 4.75% and 5%. Chairman Powell appeared to leave all paths open, but also seemed to suggest that the next move might be to hold pat or possibly add another 0.25%. As both the action and the potential action were exactly what the bond mavins were expecting, not much happened in the bond market and the stock market rose.

The big news was that Credit Suisse (CS), with a tangible book value of \$45 billion, was seized by Swiss regulators following a run on the bank's deposits. At the end of the week, it appeared that UBS, the other Swiss megabank, would acquire CS's assets for about \$7 billion. Yes, those numbers are correct. Once more the issue was that a Twitter-storm emerged warning depositors to pull their money. Like the U.S. regional banks that failed last week, Credit Suisse had no problem with bad loans or bonds, or any of the other maladies that were endemic in the 2008 banking crisis.

There were scandals at CS in years gone by, and that reduced the critical store of trust that its larger depositors need to have, but new management was in place and its book of loans was healthy. Banks are

critical elements in our economic infrastructure, but they are and always have been in a fragile position. A bank's primary source of revenue comes from taking short-term deposits on which they pay a relatively low interest rate, and then loaning out most of that deposited money in longer-term loans at a higher rate. According to Bankrate.com the average savings or bank money-market account holder in the U.S. is being paid about 3%, while the average new car 60-month loan is about 6.5%. The problem is that once the car loan is made, the money loaned cannot be fully retrieved for five years but the depositor can demand their money any time they want. U.S. Banks do retain at least 10% of their deposits as cash, but if the mass of depositors demands more than 10% of their money back in a social media-inspired bank run, some government agency must step in and provide the funds, and the bank is usually either seized by the regulators or another bank is funded by a government agency to purchase the failed bank.

Meanwhile the U.S. economy still appears to be rocking and rolling along. New unemployment claims, already historically low, moved lower. Manufacturing seems to be stabilizing, and even the balance of trade looks better. There are suggestions that office-space commercial property is in for a hard time as work-from-home continues to drive down office rents. That is a potential problem, but one well anticipated, and thereby unlikely to trigger a crisis. The one serious threat is that Congress will fail to raise the debt ceiling, thereby requiring the U.S. Treasury to not pay those owed money for debts mandated by Congress. Failure of the United States to pay its legal obligations would yank the foundation out of the U.S. and world financial systems and create a bona fide disaster.

Voucher scheme will strip funds from public schools

To the Editor:

I live in Salado and I am adamantly opposed to Dan Patrick's and Greg Abbott's policy of "school choice." As Kathy Miller, former president of the Texas Freedom Network said: "Vouchers, by any name, are a scheme that strips critical funds from public schools and gives a discount to individuals who can already afford private school, and all at taxpayer expense and with zero accountability." (<https://www.texasobserver.org/greg-abbott-school-choice-civil-rights-dan-patrick-house-joe-strauss/>)

I support improving public schools, but I do not want my tax dollars supporting parochial schools, be they Catholic or Muslim or Wiccan or Hindu. I do not want my tax dollars enriching private corporations that run charter schools.

Considerable evidence

Your Voice

Letters to the Editor

suggests that vouchers would siphon money from underfunded public schools and subsidize well-to-do parents who can already afford private tuition. Critics frequently cite a program in Milwaukee, where four out of ten private schools created for voucher students from 1991 to 2015 failed. (<https://www.texasmonthly.com/news-politics/campaign-to-sabotage-texas-public-schools/>)

It appears that the percentage of charter schools with failing grades is twice the percentage of public schools in the biggest district in Texas. (<https://garyrubinstein.wordpress.com/2017/01/13/the-student-progress-at-kipp-is-small-and-dim-clap-clap-clap-deep-in-the-heart-of-texas/>).

The data suggest that in Texas tax payers funding school choice would result in lower quality education.

The end result of vouchers would result in our tax dollars being removed from many small schools and going to subsidize wealthy parents who send their children to private schools. I fail to see how this could improve education in Texas.

Sincerely,
Richard Egg

Wayworn Traveler will take the John Deere Stage during the Barrow Brewing Co. seventh anniversary celebration at 11 a.m. April 1.

Barrow Brewing celebrates 7 years on April 1

By TIM FLEISCHER
EDITOR-IN-CHIEF

Barrow Brewing Co. will mark its seventh anniversary on April 1 with a day full of music, food and community.

Graydon and KD Hill laid the groundwork for the first craft brewery in Bell County by circulating a petition to call for a local option election to allow for the legal sale of beer and wine in 2014. On Nov. 4, 2014, the local option election passed 784 in favor and 229 against.

That's where 784, one of the brews available year-round, took its name. 784 is one of the original flagship brews for Barrow Brewing. A Belgian witte (white) beer, 784 has orange rind and coriander with a traditional Belgian yeast note. To that, they add staple brews Evil Catfish IPA, Creek Don't Rise Lager, Big Bubbly Blonde, Topsy Vic-ar Stout (my favorite) and Mystery of the Deep Double IPA. Seasonal brews include Swimming Hole Honey Pilsner (spring), Hat Tip Hefeweizen (summer) and Farm to Market Persimmon Saison (fall).

It's not just the beer that brings you to Barrow. It is something that can't be concocted in giant tanks. It's community.

You will see that sense of community when you see Wayworn Traveler take the John Deere stage at 11 a.m.. Wayworn Traveler performed during the opening weekend of Barrow Brewing Co. in 2016. They return for regular performances as do several other performers, including Wes Perryman, who will close out the celebration when he takes the stage at 7 p.m.

In between will be West 22nd Band from Austin at 1:30 p.m. and The Numbers at 4 p.m..

Food is also a big part of Barrow. For the seven-year celebration, they will have Happy Pizza Co., Longbow Roasters and BobbyQue trucks on the grounds.

Blancaflor's stinginess keeps Lady Eagles in soccer playoffs

By TIM FLEISCHER
EDITOR-IN-CHIEF

Salado Lady Eagles goal keeper Fran Blancaflor launched the Salado Eagles to the Regional 4A soccer Quarterfinals by her stingy defense of the goal in a shoot out against the Decatur Lady Eagles with Salado winning 3-1 on March 28.

The soccer match between Salado Lady Eagles and Decatur Lady Eagles came down to penalty kicks after the two teams fought to a 1-1 tie in regulation.

Sydney Lange drew first blood for Salado with seven minutes left in the first half for a 1-0 lead over Decatur.

Early in the second half, Decatur's Reagan Isler

scored to tie the game at 1-1 with 33 minutes left in regulation.

Neither team could score again in either regulation or in overtime, so the match went to penalty kicks, which is where Blancaflor shone.

Decatur lined up first for the penalty kick and Isabella Ragan missed her shot against Blancaflor.

Salado's Shelby Hollywood answered by putting her penalty kick in the back of the net.

Decatur's Ramsey Isler converted her penalty kick to knot the teams with one each.

Cassie Vargas converted her penalty kick to give Salado an advantage.

Blancaflor then faced

Decatur's Patience English. She made a save against her, but it was overruled because Blancaflor had advanced toward the kicker. So Blancaflor turned around and made another save, her second in the series of penalty kicks.

Decatur's goal keeper, Alex Aguilar, made a save against Jillian Taylor.

Logan Craig's shot for Decatur missed.

Lange made her penalty kick for Salado, to put Salado ahead 3-1.

Salado will face 16-5-2 Benbrook, 10-0 in District 7-4A in the Region Quarterfinal Round at 7 p.m. March 31 at Robinson Field. The Lady Eagles are 25-4, 10-2 in district. Cash tickets will be available at the gate.

Eagles ousted in Area round

By TIM FLEISCHER
EDITOR-IN-CHIEF

Salado Eagles lost 1-0 in overtime to the Carter-Riverside Eagles in the Area Round of the 4A soccer playoffs March 28.

The Eagles could not convert their opportunities. They spent the majority of the match on their opponent's side of the field, but failed to convert on 15 shots on goal. Salado had 37 shots on the night.

The Eagles also had 10 free kicks.

Carter-Riverside had nine shots on goal and 18

for the match.

Tied at 0-0 after regulation, the teams went into overtime periods of 10 minutes.

Carter-Riverside scored in the first overtime period on a goal by Christian Flores with 6:23 left in the period.

In the second overtime period, both teams had apparent goals called back.

Rodrigo Venegas had a goal called back from Carter-Riverside with just over four minutes left in overtime.

Thaddeus Heckman put a corner kick in the net, but

the play was called back with just under three minutes left in the second overtime period.

Both teams had two yellow cards issued against them in a very physical match.

Salado ends its season as District Champions and Bi-District Champions with a record of 18-2-3, 10-0 in District 5-4A.

Carter-Riverside will face Western Hills, the runner up in District 7-4A. Carter-Riverside is the third place team in that district with a record of 9-12-4, 7-5 in district play.

Eagles mercy rule Pieper 11-1

Salado Eagles improved to 9-4-2 with an 11-1 win over Pieper last week.

Salado varsity Eagles mercy ruled Pieper, 11-1, in a non-district baseball game March 25.

The Eagles put up six runs in the first inning thanks to five walks and hits by Caden Strickland and Brody Naegele.

Pieper scored a run in the bottom of the third.

Salado added five more runs in the top of the fifth and held Pieper from scoring to secure the 10-run win.

With one out in the fifth, Owen Curtis and Will Messner got walks and a single by Kase Maedgen loaded the bases. Naegele was hit by the pitcher to push across Curtis. Drew Bird walked to push across Messner. Maedgen scored on a wild pitch and Strickland doubled to left to plate Naegele and Bird, before the next two outs were recorded.

Strickland and Logan

Flores led the Eagles, with both batters going 1-for-2 with 2 RBI.

Also getting hits for the Eagles were Naegele, Bird and Maedgen all went 1-for-3 with an RBI and a run.

Strickland pitched five innings, allowing one hit and an earned run. He struck out 10 and walked three.

Lady Eagles beat Alvarado 4-1

Salado Lady Eagles found themselves in a rare position in their bi-district match against the Alvarado Indians, trailing at the half. But the girls turned it around in the second half to score four points for the 4-1 win to advance to the Area round of the 4A soccer play-offs.

Shelby Hollywood had her deflection on a corner kick into the Alvarado goal called back on an offside call 11 minutes into the match.

The Alvarado goalkeeper made a diving save to defend against Hollywood's penalty kick in the 19th minute of the match.

Salado goalkeeper Fran Blancaflor made a save on a penalty kick by Alvarado to keep the game scoreless in the 29th minute of the match.

Alvarado took advantage of a direct free kick to get their only goal of the night in the 31st minute of the match.

Salado tied the game at 25:28 in the second half on a header by Haley Piatak with the assist coming from Lexi Rice.

Less than a minute later, Rice put the ball in the net on an assist by Shelby

Hollywood to put Salado up with 24:41 left to play to go up 2-1.

The score remained close until the final nine minutes

of the game.

Jillian Taylor scored on a rebound off of the crossbar by Hollywood on a corner kick with 7:20 left to play to

go up 3-1.

A half minute later, Rice gave an assist to Piatak for the goal with 7:50 left to play.

Eagles shut out Venus 6-0

Salado Eagles shut out the Venus Bulldogs 6-0 in the bi-district round of the UIL 4A soccer playoffs March 24 at Waco ISD stadium.

The Eagles scored three goals in the first half and three in the second with sophomore Luke Anderson leading the team with three goals on five shots.

With the Eagles leading 2-0, Hughston Taggart made one of his three saves for Salado at the 32nd minute of the match.

Salado responded quickly with freshman Owen Stone scoring in the 33rd minute of the match to go up 3-0.

The Bulldog goalkeeper made a great save to keep Salado from quickly going up by four on a pass by Stone to Cruddas at 6:20 left in the first.

The Eagles went up 4-0 about four minutes into the second half when Anderson kicked the ball into the goal after it had ricocheted off the crossbar on a corner kick.

In the 50th minute of the match, Thaddeus Heckman raced down the field and schooled the Bulldog defender with footwork that looked like a mash-up of Michael Jackson's moonwalk and Ali's shuffle before putting the ball in the back left of the net to put the Eagles up 5-0.

A minute later, a shot by Caine Cruddas went over the net. Two minutes later, the Venus goalkeeper made a terrific save on a corner kick attempt to keep the score at 5-0

Midway through the second, Venus had a penalty kick at about 35 yards out, hoping for the Bulldogs' first score of the game. But Jake Rechtfertig, one of the Salado defenders lined up just 10 yards away from the spot of the ball, caught the kick with his head to send it careening in the other direction.

Coach Jared Cruddas began to put starting players out at the 20 minute mark of the second period, but the Eagles had one more score left in their bank.

After a handball call against Venus, Rechtfertig lined up for a direct free kick with 13:47 left in the match and shot it into the top left of the goal for the final score of 6-0.

Despite there being no other scores in the remaining 13 minutes, both goalkeepers had to make saves for their teams, including a leaping one by Briton Messick with 4:32 left to play to tip the ball over the crossbar.

Messick and Taggart combined for the shut out win with each making three saves on four shots by Venus.

Anderson led Salado with three goals on five shots. Rechtfertig had one goal on one shot. Stone had a goal on two shots and Heckman had a goal on four shots.

The Eagles took 24 shots in the match. Also taking

shots for the Eagles were Caine Cruddas, and Morgan Adams, three each, and Gabe Merriman, Brooks Dabney, Jett Luedecke, Andrew Gilmore, Cody Roquemore and Damonte Foster, one each.
