## BoA reviews municipal building plans

By TIM FLEISCHER  
EDITOR-IN-CHIEF

Village aldermen at their March 21 meeting reviewed plans for the new municipal building and police department to be built at the corner of FM 2484 and Event Dr.

Julie Evans, Design Tech II and Randy Stumberg, AIA, RAS, LEED AP, Senior Architect with MRB Group reviewed changes made by MRB Group in the original design of the building.

The original schematics and design were from another design firm. "It became very clear in the beginning that there were issues with the design, in particular the site location," Evans said.

The original site plan located the building "toward the north with an entrance to the southwest," she said. In order to not take out a three-foot diameter tree,

the building was shifted to the west and south and the entrance was moved. "This did cover up a small parking area that branched off of the main parking," she said, but added that the move still meets code requirements. "You are required to have 44 parking spaces between the city and county annex," she said. "There are 130 spaces there.

Approval of the design came from the Bell County Commissioners Court earlier in the week.

The building is a 6,200 sq. ft. pre-fab metal building.

Some improvements over the current municipal building and police department include expanding the evidence storage by more than three times. "The police department also has a separate entrance," Evans said.

Mayor Michael Coggin said that the Village will

fund the construction costs by selling "the property we are on here. We will get a loan for the remainder. Funding is critical."

He added: "I do want to figure out how to put our police cars in a secured, fenced area with a cover for the vehicles."

The board also approved a resolution authorizing execution of an Advanced Funding Agreement with the Texas Department of Transportation for the following Transportation Alternatives Set-Aside projects.

- Construction a six-foot-wide sidewalk along Mill Creek Dr. from Chisholm Trail to the existing sidewalk at N. Main St. at a total cost of \$1,119,016 with \$1,080,172 funded federally, \$38,844 funded by the state and \$216,034 funded by the Village of Salado.
- Construction of Americans with Disabilities Act

(ADA) Accessible sidewalks adjacent to Williams Rd. From FM 2484 to West Village Road. at a total cost of \$745,955.92 with \$559,028.74 federally funded, \$33,192 funded by the state and \$153,735.18 funded by the Village of Salado. Aldermen approved an emergency declaration for the April 8, 2024 solar eclipse.

In other business, aldermen approved an engagement agreement with Bickerstaff Health Delgado Acosta, LLP for legal services.

Following a half-hour executive session to "Deliberate the employment, evaluation of a public officer or employee: The Village Administrator," aldermen approved a motion by Jasen Graham and second by Paul Cox to "Proceed with the evaluation process as discussed in executive session."

## Jane Wilmer will turn 100 on April 3

By SARA MACKIE SHULL

Jane Wilmer  
23600 Via Espendor, #815  
Cupertino, CA 95014

The former "Queen of Salado," Jane Wilmer, is turning 100 on April 3. Although she relocated to California two years ago, she misses her many Salado friends. Her children are having a birthday party for her on April 3rd and were hoping some of those friends would send her birthday cards for that date.

Cards and photos would be most welcome, but no gifts. She is doing fine and enjoys being near her children but hearing from her local friends about the many Salado activities she used to enjoy would be a wonderful gift to her.

Cards can be sent to her at her new address:

When Jane married Dr. Harry Wilmer in 1944, her life became a whirlwind accompanying him from Minnesota to their many locations around the world and raising five children while constantly focusing her energies on improving the world around her.

Jane and Harry moved from California to central Texas in 1969, when he left Stanford to take a position as staff psychiatrist at Scott and White. Following a brief stint living in Temple, they moved to Salado after Jane fell in love with the nine-hole Mill Creek golf course and Harry fell in love with the creek and charm of 'old'

Salado. She has lived here ever since, loving every aspect of the small community and working to improve it through the many organizations and causes she championed.

Harry predeceased her in 2005, but she carried on with their many local activities. Jane was a consummate volunteer and supporter or many Salado organizations, particularly of arts and culture. She was a charter member of the Salado Chorus, the Public Arts League (PALS), Music in Salado, the Salado Library and the Living Room Theatre of which she is the "Vice President for Life." She also contributed her tireless energy to the Ladies Auxiliary, and her book, bridge, and garden

clubs. The cookbook, Salado Cooks and Their Kitchens was dedicated to Jane.

The Institute for the Humanities at Salado, which she co-founded with Harry in 1980, was a primary focus. She was a major force behind that group, serving on the board helping host and bring hundreds of outstanding speakers to Salado from all around the country.

Jane and Harry split their time between Salado and San Antonio for a few years while he was on the faculty of the UT San Antonio Medical School. Soon, Jane took up volunteering there, as well. She was a docent at the Institute of Texas Cultures in San Antonio and very involved with the Symphony and Opera Guilds.

In 1972 she was appointed to the Texas Committee for the Arts, a group which researched, lobbied for and secured more state funding and support for the arts.

But anyone who knows Jane, knows that golf has been her biggest passion. Almost daily for her 52 years here, Jane has been on the golf course at Mill Creek. Or on her bike or at the gym or swimming laps as she maintained her life-long commitment to good health.

Jane was born and raised in St Paul, Minnesota where her eclectic education began at the University of Minnesota High School. She continued her education far from home with her freshman year at the University of Arizona, her sophomore year

Jane Wilmer turns 100!

at the University of Southern California, and then, after marrying Harry, continuing at Goucher College for Women in Baltimore, always studying the arts. Jane claimed she continued her education around the world accompanying Harry on his many trips to lecture and teach. But they were always thrilled to return to their little slice of "Mill Creek Heaven" after each of their world-travels.

## Libertarians nominate Saladoan for US Congress Dist. 31

The Libertarian Party of Texas announces the nomination of Caleb Ferrell as its candidate for the upcoming US Congress election in November. The district convention was held in Temple on March 23.

A devoted husband, father, and dedicated professional, Ferrell brings a wealth of technical and business experience and a commitment to positive change to the race for Texas District

31 which covers Bell and Williamson counties.

Caleb Ferrell resides in Salado, Texas, with his wife Danielle and their four children: Caidynce, Corbin, Cailynn, and Cohen. He is actively involved in his community, as the Ferrell's volunteer their time in Salado youth sports and in their local church, Vista Community Church in Temple. They are also former foster parents, demonstrating their

compassion for children facing adversity.

As a fifth-generation Central Texan, Ferrell claims deep roots in the region. Raised in Belton, he attended the University of Mary Hardin-Baylor, graduating in 2007. He earned his Six Sigma Black Belt at the University of Houston and completed his Master of Business Administration from the University of Texas Permian Basin in 2023.

Ferrell says he has entered into politics with an "unwavering commitment to effecting positive change, adding that he believes in "working tirelessly until solutions are found."

He says he has a keen understanding of the challenges facing Central Texans, and that he is "determined to bring a fresh perspective to Washington, prioritizing transparency, honesty, and the needs of my constituents

above all else."

"I am honored to be nominated and represent Central Texans in US Congress District 31," said Caleb Ferrell. "I am not a career politician, nor do I plan to be. Our community, where I've had the privilege of growing up, is exceptional, and I refuse to stand idly by as Washington's policies strip away opportunities for my neighbors and loved ones."

## “Beware the Ides of March”

To the Editor:

The Soothsayer warned Julius Caesar, “Beware of the Ides of March.” The citizens of Texas could have been warned similarly. For on 15 March 2024, the state of Texas started transferring its failed Foster Care system to private non-profit organizations. The first phase is nine counties in north Texas; north and south of the Dallas region.

Of the 778 Texas Department of Family and Protective Services (DFPS) positions, 450 will transfer to the new non-profit orga-

nization. The salary will be “Competitive”, but may not be as high as what the state was paying.

The non-profits cannot compete with Texas’s job benefits.

By 2029 the entire DFPS will be run by non-profits.

I expect a smaller work force with less pay and benefits will not improve the Texas Foster Care system.

I can see how it is easy, in a Republican run state, to cut services to a helpless vulnerable population and make their lives more precarious.

To quote Governor Greg Abbott, “It could have been worse.”

## Jerusalem OBITUARIES 33 AD

**Calvary**-Jesus Christ, 33, of Nazareth, died Friday on Mount Calvary, also known as Golgotha, the place of the skull. Betrayed by the Apostle Judas, Jesus was crucified by the Romans, by order of the ruler Pontius Pilate. The causes of death were crucifixion, extreme exhaustion, severe torture, and loss of blood.

Jesus Christ, a descendant of Abraham, was a member of the House of David. He was the son of the late Joseph, a carpenter of Nazareth and Mary, His devoted Mother. Jesus was born in a stable in the city of Bethlehem, Judea. He is survived by His mother, Mary, His faithful Apostles, numerous disciples, and many other followers.

Jesus was self educated and spent most of his adult life working as a Teacher. Jesus also occasionally worked as a Medical Doctor and it is reported that He healed many patients. Up until the time of His death, Jesus was teaching and sharing the Good News, healing the sick, touching the lonely, feeding the hungry and helping the poor.

Jesus was most noted for telling parables about His Father's Kingdom and performing miracles, such as feeding over 5,000 people with only five loaves of bread and two fish and healing a man who was born blind. On the day before His death, He held a Last Supper celebrating the Passover Feast, at which He foretold His death.

The body was quickly buried in a stone grave, which was donated by Joseph of Arimathea, a loyal friend of the family. By order of Pontius Pilate, a boulder was rolled in front of the tomb. Roman soldiers were put on guard.

In lieu of flowers, the family has requested that everyone try to live as Jesus did. Donations may be sent to anyone in need.

## Church to Hold Stations of the Cross Walk

New Life Methodist Church of Salado on Good Friday, March 29, will hold a "Stations of the Cross" walk in Salado, beginning at 6:30 pm at the Salado Museum, located at 423 South Main Street in Salado.

Pastor Tom Lathen said, "While the Stations of the Cross is often associated with the Catholic faith, many Protestant churches hold to the traditional service as well. In the 4th Century Christian believers began the pilgrimage to Jerusalem to retrace the steps of Jesus. Later, St. Francis of Assisi is credited with authoring the service that many Christians pray today."

According to Pastor Lathen, "Though the Stations of the Cross can be used at any time, it is most often associated with the Fridays of Lent, particularly Good Friday. The Bible tells us Jesus was crucified on a Friday and three days later rose again. (Mark 15:33-42)"

Lay Leader John Perry said, "We invite everyone to join us for this special Good Friday observance. Ten of the stations will be located inside our temporary home at the Salado Museum. Then, the final four stations will be observed in a short walk outside the area around the Museum along Main and Royal streets."

Pastor Lathen explained, "This is a somber service that recalls the suffering of

Christ and the painful death he endured. We believe the joy of Eastern morning is revealed to us when we also understand the enormity of the sacrifice that Jesus made."

According to the church, "Those who are uncomfortable walking the final four stations will also be read inside the church. Those who are unable to walk but might still want to participate in the procession are invited to join us by wheelchair or other conveyance, although we do not have a

church wheelchair so individuals will need to bring their own. All area residents are invited to participate in this very special experience."

The New Life Methodist Church of Salado is a part of the Global Methodist denomination and meets every Sunday morning at the Salado Museum. An adult Bible Study is held each Sunday at 9: a.m. a Teens Bible Study at 9:15 a.m., followed by a church wide Worship Service at 10 a.m..

## Total solar eclipse is coming to Salado April 8

BY JEFF McCURE

In Salado on Monday, April 8, 2024, at about 12:19 p.m. (CDT), the sun will begin to disappear. At 1:36 p.m. night will fall over the village, the stars will come out, and a profound sense of awe will be felt by all those

who are fortunate enough to experience this rare event. For three minutes and forty-six seconds the moon will almost exactly block the sun from the perspective of any observer in a 120-mile-wide path along a centerline that enters Texas at Piedras Negras at

1:27 p.m., and leaves Texas as it crosses the Red River northwest of Clarksville at 1:49 p.m. As the sun's final edge disappears and again as it begins to emerge from behind the moon there is a chance to see the "diamond ring" effect as the last or first sunlight is channeled between mountains on the moon.

If this is your first total solar eclipse, experienced eclipse chasers recommend that you not attempt to capture it with a picture or a video. Rather, look around you as well as at the eclipse. It is a moving experience easily missed if you are focused on your phone or camera.

The April 8 eclipse will be the last in the U.S. for this century, so you don't want to miss it, but DO

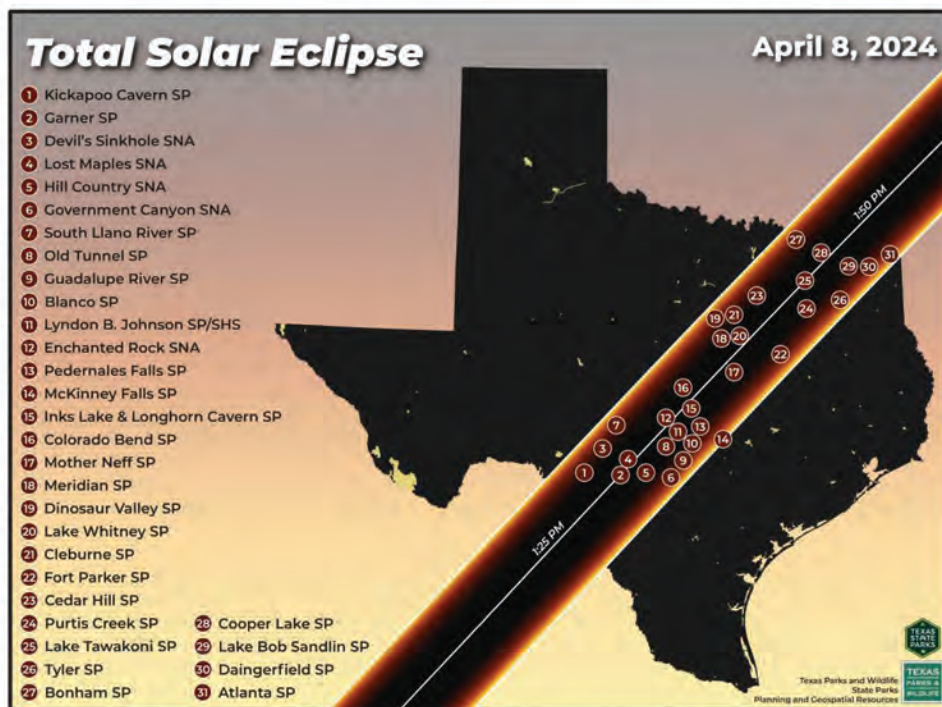

(Adobe Stock)

NOT look at the sun during the partial eclipse phase unless you are using certified solar glasses or certified solar filters on a camera or telescope. Old film, regular camera filters, or other non-certified filters will not block out the invisible ultraviolet light that can be the most damaging. If you don't have certified glasses, poke a small hole through a piece of cardboard or aluminum foil and project the sun through it onto a flat surface. Enjoy the experience, but don't permanently damage your eyes while doing so.

Pace Park in Salado will offer unobstructed views of the solar eclipse as well as parking. There are many other places throughout the village that have parking and unobstructed view. Do not just pull over on the side of the road, especially I-35.

The Village will station sanitation facilities on Main St. and Royal St. during the event.

On April 8, a total eclipse will shade 31 Texas state parks along the path of totality. With the exception of Old Tunnel and Lyndon B. Johnson State Parks, where visitors will gain entry on a first-come, first-served basis, Texas Parks and Wildlife Department (TPWD) encourages visitors planning to view the event from state parks to reserve a day pass in advance. Many of the parks in the line of totality are already fully reserved and Texas State Parks staff anticipate all will reach capacity. Make reservations at <https://tpwd.texas.gov/state-parks/reservations/>

## SHS debates in state tournament

The Salado High School Speech and Debate Team participated at the UIL CX State Tournament on March 15-16. Fifty teams competed in the 4A division.

“Texas CX debate is extremely competitive. There are as many CX debaters in Texas as the rest of the country combined,” stated contest director Dr. Rich Edwards noted.

Salado High School was represented by two teams: Wesley Engleking/Krystle Vazquez and Peyton Whita-

ker/Adelaide Shenkir. Engleking and Vazquez qualified for the second day of competition, but lost in octofinals on a 2-1 decision. They both received finalist state medals.

The Salado High School Speech and Debate Team will compete next at the Heart of Texas National Speech and Debate Qualifying Tournament on March 23 at Hendrickson High School. The team is coached by Tim Cook.

## Eagles are Bi-District Champs, face Decatur

Salado Eagles are Bi-District Champs with their 9-0 win over the Venus Bulldogs on March 25. Thad Heckman got the hat trick with three goals.

Also scoring were Morgan Adams (2), DeVonte Foster, Luke Anderson, and Cody Roquemore. Assists came from Thad Heckman, Luke Anderson,

Cody Roquemore (2), and Jackson Husung (2). Salado will face Decatur Eagles 5 p.m. March 29 at Midlothian Heritage.

The Decatur Eagles are 14-6 and 8-2 in District 8-4A, where they were the third place team.

The Salado Eagles are Champions in District 5-4A where they went 11-0-1, tying Stephenville. Their only loss was Jan. 5 against Weiss, losing 2-1.

The Eagles have outscored their District 5-4A opponents 75-7 and 123-18 overall. The Eagles have recorded 11 shut outs.

## Ladies win Bi-District

The Lady Eagles are Bi-District Champs with their 6-0 shut out win against the Alvarado Indians on March 26.

Goals were by Izzy Blancaflor, Lucy Johnson, Sydney Lange, Lexi Rice, Shelby Hollywood, and Avery Hibner. Assists were by Sydney Lange (x2), Cade Harris, Shelby Hollywood, Skylar Gardner and Lexi Rice.

The Lady Eagles are 26-1 and 11-1. They face Decatur at 7 p.m. March 29 at Midlothian Heritage. Decatur is 17-3-1 and 10-0 in District 8-4A.

Prior to the playoff game, the Lady Eagles played a warm up match against the Burnet Lady Bulldogs, winning 2-0.

"They started out the evening by honoring their heroes," Coach Michael Goos said. "Each player wore a red, white, and blue custom jersey with a word describing our heroes on the back. We had military members, police officers, emergency room doctors, and firemen there to walk out with the team. It was an awesome way to honor our heroes!!"

The first goal of the match came from a corner kick that Cassie Vargas took, and crossed into Izzy Blancaflor, who headed it into the goal.

"The next goal came from an absolute hustle play by Blancaflor," Goos said. "She sprinted down

the field for a ball that was thought to be out, saved it, and sent it to Shelby Hollywood. Hollywood took the shot from 20 yards out and scored!"

Taylor Dabney and Cambry Edmondson had another shutout in goal.

"Junior Sydney Lange had amazing crosses and leadership and sophomore Cadence Harris showed dedication and skilled defensive plays," Goos said. "The Lady Eagles displayed great composure and teamwork under pressure."

## Roach earns third place in NBTA SW Regional Twirling

Sawyer Roach reached a pinnacle point in her twirling career this spring break when she competed at the 2024 NBTA Southwest Regional Championship at the Woodlands where she competed with 11 other 16+ beginner twirlers for a pageant title.

Sawyer earned 3rd place at the Texas twirling championship. To win this placement, Sawyer competed in three events: modeling/interview worth 20%, solo twirl worth 40%, and X-Strut worth 40%.

Each event is scored and then placement points are assigned by the judges who then calculate the overall placement points to determine results.

The twirler with the lowest placement points results in first place, the next lowest receives second place, etc. If the first place and second place winners cannot compete at the National twirling competition at Notre Dame in July, Roach will be able to represent the Southwest region of Texas at the National Championship.

Salado twirler Sawyer Roach. (COURTESY PHOTO)

She will have another chance to qualify for Nationals at the NBTA State competition in June.

At the 2023 State Championship, Roach won the Texas Basic Skills Pageant as a Novice twirler.

She is a high school senior and has been the Salado High School Feature twirler for three years.

Roach trains at Central Texas Twirling Company in Salado.
